LOCAL NOTES.

County court meets in regular session next Monday.

Bills are out for a social dance next Tuesday night at Gray's hall.

The brick masons expect to get the walls of the depot finished this week.

Newport has bills out announcing a celebration at that place on the 4th of July.

The O. P. will run an excursion train from Albany to Yaquina and return next Sunday.

A goodly delegation of Yaquina and Newport people were up to take part in the exercises on Decoration Day.

Dr. Carter and family, of Elk City, spent Memorial Day and night in Toledo, returning on yesterday morning's train.

Dr. Whitney, who owns a farm near this place has been in the city for the past few days looking after his interests here.

Bro. Matthews, of the Newport Times, accompanied by Miss Loomis also of Newport, made us a short call on Decoration Day.

We are under obligations to Senator Crosso for a copy of the Fish and Game laws and of the road laws passed by last legislature.

Mrs. T. P. Fish, who has been at Corvallis for medical service for some time returned home last Saturday. She is still in very poor health.

J. Jacobson, of Rialto, California, came up on the last steamer and is stopping in Toledo temporarily. He has some property in Lincoln county which he is looking after.

The Corvallis Times can gratefully advise as to National finances and taxation, but when it comes to county affairs it becomes too occult for the Times man's overworked brain.

For fine repairing of your watches and clocks give J. L. McCulloch, of Yaquina City, a call. Anything left at J. H. McNeil's drug store will be attended to without extra charges.

Harry Fant, Frank Wadsworth and Fred Chambers expect to go to California on the next steamer. The two former go to work in the harvest fields and the latter goes for his health.

It is expected that the postmaster at this place will be changed tomorrow, W. E. Rich having received his commission today. Mr. Rich expects to move the office into the Williams building, next door to the barber shop.

Surveyor Gideon ran a level for Hill street from the court house to where it intersects the street at the railroad. The grade will be about one foot in thirty. We understand that a portion of the street at least will soon be improved.

The long deferred case of the Walluski libel will come on for hearing in the United States district court at Portland, before Judge Bellinger next week. Several persons from this place have been subpoenaed and will be in attendance.

The Agency school at Siletz has received a fine new portable engine and wood saw. They will use the engine for sawing wood, threshing, etc., and when not otherwise engaged it will be attached to a pump and will pump water for the school buildings and grounds.

County Surveyor Gideon came over Monday and completed the survey of the county road. According to his survey the road runs to water at a spot about in front of the barber shop. Instead of stopping the discussions as to the location of the road the survey has seemed to create more. About the only man who seems to be pleased at the result is Dan Grady.

Miss Jessie Alexander is assisting Assessor Parker in preparing assessment rolls.

Mrs. J. F. Stewart and little daughter spent Decoration day at Woodburn with her parents.

Next time the O. P. takes excursionists from Toledo they ought to at least give them a hand car to come back with.

Wm. Alexander received a severe scald by the tipping of hot coffee on himself while at breakfast last Wednesday morning.

From newspaper reports we should judge that the merchants excursion party was royally entertained while at San Francisco.

A merry fishing party came up from Yaquina last Sunday morning in Kennedy's launch. The party consisted of Messrs. Kennedy, Guignac, Bohanan, Ghormley and Rich.

J. McCaffrey, a rancher living about three miles from town, reports that one of his cows gave birth recently to twin calves, and that they are both alive and doing well.

Jas. Hamar, of this place, had a rather close call while working in the longshore gang at Yaquina last Saturday, owing to a crane load of rails swinging around and striking him. It bruised and skinned up his legs badly and came very near landing him into the Bay.

T. P. Fish, of this city, has been appointed local agent for the old reliable Sun Insurance Company, and is now prepared to write your policies in a company that has been fully time tried and fire tested. A policy in the Sun is a policy that insures in every sense of the word. Mr. Fish will be glad to give you rates and other information.

The mention in this paper of the large egg laid by Mr. Bethers' hen a few days ago seems to have stimulated other hens to greater efforts. Harry Fant brought a monster egg to town last Monday which measured eight inches in one circumference and 6 1/2 inches on the other, and weighed four ounces. An ordinary egg looks very small by the sides of these huge ones.

T. Jay Buford while coming over from Siletz last Saturday had a little experience which he does not care to repeat. He was riding a vicious horse and while coming up a hill the saddle cinch became entirely loosened and the horse took the opportunity to unload Mr. Buford, throwing him down a steep bank about thirty feet. Mr. Buford was stunned for a time, but beyond some severe bruises and strain upon his body he was not otherwise seriously hurt.

The special train up to this place last Sunday to connect with the excursion over the bar only took two passengers, and these returned about seven o'clock that evening, via the foot route, the company refusing to run a train up to this place for their benefit. The walkers were assured before they left the docks for home that evening by about twenty different men that their tickets were good, but somehow they couldn't find the right man to bring them back. They therefore fooled the railroad and walked home.

F. D. Carson, of Minneapolis, in company with Rev. Chas. Booth, of Newport, were callers at this office this morning. Mr. Carson is the attorney who contemplates locating here, a mention of which has been made in this paper before. He was also at one time in his life a member of the honorable printing craft, which probably accounts to a great extent for his courteous and affable appearance. We welcome him to this, the best portion of the glorious old Webfoot state, and hope that he will make his permanent home with us.

We wish to call the attention of the people of Toledo to the deplorable condition of the graveyard north of town. The place is covered with noxious weeds or rank grass, dead brush and logs strewn over it and stock seem to make it a nightly rendezvous. Grave stones are knocked down, head boards destroyed and a general air of destructiveness reigns. The cemetery grounds should be fenced. An inexpensive fence would answer every purpose and the grounds would then be exempt from the raids of stock that now roams there at will. Let us show enough respect for our dead to at least prevent their last resting place from becoming a stock corral.

Thos. Robertson, of Chitwood was a pleasant caller at our office today.

Walt Lyons has sold the Star Times. We have not learned the purchaser was.

The steamer is expected in Saturday and will sail again on the following Tuesday.

G. W. Parrish, father of J. W. Parrish, of this place, arrived here last Friday and will spend the summer with his son.

Compare the LEADER with the other papers of Lincoln county. Can they in any way compare with the LEADER in local news?

R. F. Collamore goes over to the Siletz Agency tomorrow to put in some cement or grout foundations for some new buildings to be erected there.

The motion for the removal of C. H. Gest as attorney for Receiver Hadley, which was argued here in the May term of court has been denied by Judge Fullerton.

We were unable to obtain the names of two or three old soldiers of this place who took part in the Memorial exercises on Tuesday. The omission was not intentional.

The Red Crown mills, at Albany have been placed in the hands of a receiver. The assess of the company are about \$50,000 and the liabilities will run up to at least \$70,000. J. R. Stockman is the receiver.

M. T. Whitney, the Chitwood merchant and postmaster, accompanied by his father-in-law, Mr. Parker, recently from Kansas, had business in Toledo today. We acknowledge a very pleasant call from them.

Toledo has a reputation for hospitality to visitors on all occasions and we are happy to say that this repute was not allowed to suffer last Tuesday. Toledo will always treat her visitors hospitably if it takes the last crust in the locker.

The Post has a new man at the helm this week in the person of John Odeneal, an old time resident of Benton county. He arrived from Corvallis last Monday evening. In all fraternal charity we can say that Mr. Odeneal has all of the earmarks of a printer.

The Lincoln county tax roll becomes delinquent next Monday and will be turned over by the sheriff to the county court. They will probably issue an execution for the collection of the delinquent roll by distress and place it in Sheriff Landis' hands next week.

An unusually large crop of potatoes has been planted in Lincoln county this spring. Owing to our location on a cheap water route to market potatoes raised here can be put on the market and a profit realized at a price at which they cannot afford to raise them in the valley.

T. E. Parker, of this city, has a dog worth owning. Last Saturday Mrs. Parker lost her purse containing about two dollars in change. She did not know where she lost it, but she was somewhat agreeably surprised on opening the door next morning to find the purse lying on the porch guarded by the dog. The dog had found it during the night and brought it home. The contents were intact.

REAL ESTATE TRANSFERS.

The following are the transfers of real estate in Lincoln county, as filed for record in the office of the county clerk, for week ending today:

Frankie Harmon to Henry Wulf; lot 9, block 18, in Graham's 5th addition to Toledo.

J. D. Axtell to R. F. Bruce; 160 acres in township 14 range 12; consideration \$300.

ed the the road again taking the field notes of A. Port to go by, and brought the road out at the water's edge between Copeland's store and the meat market.

The Corvallis carriage works are seriously contemplating removing from Corvallis to Portland. They claim that they will be greatly benefited by the change in the way of freight savings and the opportunities of increased sales, and are awaiting a proposition from the Portland Board of Trade. If they move from Corvallis it will be a sad blow to that place as they employ nearly two hundred men and Corvallis would lose all or nearly all of them.

Notice.

The session laws for 1893 are now in the office of the county clerk and will be delivered to the justices of the peace of Lincoln county upon application by them.
