no restrictions on the animal. He says:

"A device I am using answers the pur-

A letter received at Kaslo, B. C., dis closes the fact that a young fellow who ran a restaurant in that town, and who died lately from fever and dysentery, was the son of an Irish Earl. Frank Shay, a Southern Pacific Com pany attorney and for many years Senator Stanford's private secretary, is con-sidered to know better than any one else the value of the great estate left by Stanford. The assessed value of real estate owned by the late Senator is \$3, owned by the late Senator is \$3, 230,000, and the market value probably \$12,000,000.
