PATENTS

TRADE MARKS, DESIGNS, COPYRIGHTS &c.

Anyone sending a sketch and description may quickly ascertain, free, whether an invention is probably patentable. Communications strictly confidential. Oldest agency for securing patents in America. We have a Washington office. Patents taken through Munn & Co. receive special notice in the

SCIENTIFIC AMERICAN, beautifully illustrated, largest circulation of any scientific journal, weekly, terms \$3.00 a year; six months, specimen copies and HAND BOOK OF PATENTS sent free. Address

MUNN & CO., 361 Broadway, New York.

NEURALGIA cured by Dr. Miles' PAIN PILLS. "One cent a dose." At all druggists.

STATE NOTES.

Old Glory was raised over all public buildings in San Juan Tuesday.

Don't attempt to convert a person by reason: example may reach him.

Russia has hastily concentrated 40,000 troops at Port Arthur ready for any emergency.

To remove the 5,000 bales of hops now stored in Marion county will require 65 freight cars.

The Dallas woolen mill, for a long time silent, will soon be put in operation by a firm of Tacoma men.

Foot cycles are now taking the place of roller skates. Lakeview has a rink equipped with them running all the time.

A million young chinook salmon were put into the Willamette river yesterday. A like number would do no harm to the Yaquina.

The railroad building from Falls City to Salem is reported as going to work again. It is a home investment and should succeed.

Polk county owes \$70,000 and to this amount will add \$40,000 more for a new court house. What is the matter with Lincoln county?

S. L. Hayden has notified Secretary Kincaid that he will enjoin the payment of the branch asylum warrants belonging to W. T. Wright.

Last Saturday the Atlantic liner Mohagan with 50 passengers and 150 crew went ashore on the Lizard near Falmouth and great loss of life is reported.

Monday a regular winter storm raged in Kansas City, Denver, St. Louis Chicago and intermediate points. Monday was a beautiful day in Oregon.

Lane county's potato crop is almost a failure. Last year 160 car loads were shipped from Eugene but it is thought there will be none to ship this year.

The Oregon City Methodists have just organized a fine orchestra, conducted by a Portland professor, to make music for their Sunday school and evening meetings.

The government is making preparations to ship 1,000 tons of Christmas presents to the boys in Manila. The boat will leave San Francisco early in November.

Joaqui Miller has built at his home a stone pier 10x10x8 feet in size and made arrangements that at death his body shall be placed upon the top and burned to ashes. Will the law allow it?

It is said that a Malheur county girl, who was recently married, is such an excruciatingly neat house-keeper that she sprinkled an eight-day clock with insect powder to get rid of the ticks.

The chief products of the Philippine islands are the pineapple, hemp, sugar, tobacco, indigo, coconuts, cassia, areca, nuts, rice, pepper, various woods and a little gold. The amusement is cock-fighting.

Friday the grand jury of Marion county indicted ex-Mayor P. H. D'Arcy, ex-County Clerk L. V. Ehlen, W. J. D'Arcy, Samuel T. Richardson, John A. Carson, Wm. J. Rafter and H. T. Hayes for alter-

ing the election records last June. Bench warrants were issued and the parties brought into court. Each gave bonds to appear.

McKinley's investigating committee questioned Dr. Seaman too pointedly Saturday and he became provoked and said, "The questions put to me are of a character calculated to place me in the false position of accusing the medical department of the army of maladministration. Such is not the case. I regard the conduct of this department by Dr. Sternberg as above reproach, and whatever fault there was, was in another department." The commissary seems to be blamed for what little wrong he saw.

R. G. Dunn & Co's report for last week says: "With actual payments through the clearing houses 1.2 per cent. higher than the same week of 1892, it cannot be said that business is in any sense falling off, and yet many are complaining because the amount realized as profit is smaller than was formerly realized in good times. In almost every branch of business trade is now transacted on a narrower margin of profit than in any other time of fair prosperity. There is a great change, and, perhaps, a permanent one, in the percentage of profits from trade and manufacture, as well as in profits obtained by transporters. Progressive civilization calls for a lower range of profits and of prices, as the volume of business transacted increases, in order to make an improvement of the working millions.

In speaking of the exposition the Oregonian has this to say of La Grande sugar: "In the northwest wing of the exposition building, among the other generous growths of Oregon, is a display that means much for the future of the Northwest. It is an exhibit of beet sugar manufactured at La Grande, from beets grown there in the great Grande Ronde valley. There is an armful of the white sugary beets themselves, fresh-pulled, and eight jars showing the beet pulp, and all the various forms it assumes while going through the process of being manufactured into sugar. The finished article is a jar of snow-white granulated sugar, and M. Zan, of the exposition committee, takes great pride in showing it and impressing upon the minds of visitors that the North Pacific coast can raise anything necessary for the wants of the human family."

Three Doctors in Consultation.

From Benjamin Franklin.
 "When you are sick, what you like best is chosen from a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."
 When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by O. O. Krogstad, druggist.

Four or five tracts of land can be had at reasonable prices by calling on or writing to me. PETER TELLEFSON, Yaquina, Oregon.
