

An Object Lesson For Your Boy

Every father wants his boy and girl to learn the lesson of habitual saving.

Do you know, fathers, that one of the best ways to teach your children to save regularly is to have a savings account yourselves?

Let that boy of bring your savings deposit to the bank as "regular as clockwork" and he will get the habit himself—he, can't help it.

Incidentally, a little nest egg will be good for father, too.

GRANITE CITY SAVINGS BANK

TO DREDGE FOR GOLD

Bar Below Gold Hill to Be Scene of Operations by Huge Craft Costing \$50,000.

Medford, Nov. 26.—Arrangements have been practically completed for a new and bigger departure in mining operations on Rogue river near Gold Hill, the site selected being the big bar just below the Lyman ranch, and the method of recovery to be a huge dredge, designed and built expressly for the purpose by the Sutherland capitalists who are interested in the venture. These men are J. K. Moore, H. H. McLean and C. F. Reynolds, all of whom have had wide practical experience in dredging operations, and who will invest from \$50,000 to \$60,000 in the construction of the dredge and preparations for the work.

Mr. Reynolds, representing the trio, was in Gold Hill for several days the first of the week making a final survey of the project and conferring with Henry Ray, who has been largely instrumental in directing interest toward one of the most neglected and undoubtedly profitable systems of mining in southern Oregon. He is now in Oroville, Cal., at which point some 50 or 60 dredges of varying types are engaged in operations upon the rich sand bars of that river, and where he intends to make a final determination of the type of dredge which will be constructed for work on the Rogue.

Rev. C. H. Davis.

Rev. C. H. Davis, who is to conduct the revival to be held at the Nazarene church, is a gentleman in every sense of the word—that is, a Christian gentleman. He is a man of experience, having served one church in the east, as pastor, for thirteen years, besides other charges, has done a great deal of evangelistic work and has been greatly owned and blessed of God.

We are not ashamed to invite the public to hear him. His messages are powerful and convincing. He knows his theme and preaches with the Holy Ghost sent down from heaven, hence it takes hold of the hearts of men. Don't fail to hear him.

He will reach us for the Monday evening service, December 2. We will have evangelistic services on Sunday, however, and our united prayer service is to commence this Wednesday night, to continue the remainder of the week. Everybody welcome. ***

Great Destinies

are being founded every day upon small savings from slender incomes.

A little savings account today, increasing steadily to a goodly one, eventually a working capital, then investment directed with the good judgment which the saving habit inculcates—thus destinies are wrought.

Start your savings account here NOW while the matter is fresh in your mind.

"MORNING, SILAS"

Salutation Adopted by Hella Temple for Use at the Imperial Council Next May.

Dallas, Texas.—"Mornin', Silas" is the slogan of Shriners of North America for 1913. This salutation for the thousands who will assemble in Dallas next May for the Imperial Council meeting has been formally adopted by the executive committee of Hella Temple. Members of the committees in charge of arrangements for the entertainment of the Masonic visitors are progressive, far-seeing and intelligent men, men of high order of executive ability, who were picked on account of their recognized prominence, their knowledge of Texas as well as the great order they represent.

—Fourteen years ago Dallas, then a city of less than 40,000 inhabitants, entertained the Imperial Council meeting. That meeting made memorable by a lavish entertainment, advertised Texas from ocean to ocean and from Canada to Mexico. Texas Shriners are now known from ocean to ocean and Texas has a reputation for doing things on a large scale. Expecting an even larger attendance than that recorded at Los Angeles this year, local Shriners promise to make this coming meeting next May a red letter event in the history of their order.

H. H. Robertson, chairman of the committee on entertainment of patrols and bands, declares some of the best drilled men in America will pass in review before the Imperial potentate in the grand parade which will feature the Imperial Council meeting. He is expecting to entertain at least 90 patrols, the very cream of the world's Shrinedom, and 25 to 30 Shrine bands. Band music, he says, will be one of the big features this year. Hella Temple has organized a band and this body of musicians will be kept constantly practicing from now until next May. A splendid round of entertainments is being arranged for the patrols and bands.

Dallas is expecting not less than 100 de luxe Shrine specials next May. Information from the various railroad lines indicate that at least this number of special trains will arrive the three days just prior to the Imperial Council meeting. The matter of parking these specials is a big problem and this duty falls upon the transportation committee of which G. S. Maxwell is chairman. Details of the arrangements will be sent to the Shriners of the country months ahead so that immediately upon arrival the special trains can be parked in accordance with the plans prepared before hand.

It is expected that several of these de luxe specials will be used in the side trips over the state following the sessions of the Imperial Council. This promises to be a crowning feature of a splendid program now under preparation. These trips will be made in order that visitors from other states may be given an opportunity of viewing for themselves the magnificent area of Texas, its great cities, its points of historic interest, its wonderful strides along industrial lines and its undeveloped resources. Chairman Maxwell said relative to these trips:

"Every citizen of North America is interested in Texas and the southwest, for they know Texas has a history as brilliant with achievement as any commonwealth of the republic or any nation under the sun." It has its Goliad, the Alamo and San Jacinto, which will live in history while the art of printing survives. It achieved its own independence and became a republic, and there are surviving today citizens of this state who fought at San Jacinto. Under six flags its history has been written and it is destined to become the first state in the sisterhood in population, wealth and scope of territory."

The Art of Mme. Labadie.

Under the auspices of First Company, C. A. C., at the Natatorium on Friday, November 29, Mme. Labadie will present her interpretation of The Doll's House. It is said that in the brilliancy of her work as an interpreter of plays she is without an equal. She commands admiration for her varied and attractive gifts, a fine stage presence, a flexible and powerful voice and singularly mobile features. Mme. Labadie is not a reader, not a reciter, not an actor, but an interpreter of life and character, of passions and emotions. She absorbs the play, and makes the audience absorb it after her. Reserved seats now on sale at Rose Bros.'

CONVICTS SAVE PEN

Auditorium at Salem Penitentiary Catches Fire—Convicts Work Like Trojans.

Salem, Ore., Nov. 25.—A fire which originated from poor electric wiring above the stage in the auditorium at the state penitentiary this morning caused a loss estimated at \$3,000. The roof of the auditorium and the stage, which has complete fixtures, were destroyed. The remainder of the of the room, which is 40 by 80 feet in dimensions and has a seating capacity of 800, is unharmed.

The fire had a wicked appearance before being extinguished by the convicts with the prison apparatus. A gruesome sight was presented when the smoke began to drift away in the death chamber where five murderers are to be hanged on Friday, December 13. The two nooses could be plainly seen through the lurid haze hanging spectre-like from the ceiling. It is believed that if a stronger breeze had been coming from the south, the scaffold which has sent 15 to death in its history would have been destroyed.

The fire started at 10 o'clock and was soon practically beyond control. Immediately upon the alarm being given the convicts, practically all of them were set at work, and they worked as if the building was their own, which indeed it is, as the auditorium is for their especial entertainment.

There was trouble with the hydrants which gave the fire a great start, and the Salem fire department was at once called upon, responding with its full force, making a quick run.

As soon as the conditions were known some 50 special police were sworn in, armed and rushed to the scene, but their presence was not needed as the convicts all worked like Trojans to extinguish the blaze.

As Mark Twain Introduced Himself.

"Ladies and Gentlemen: By the request of the chairman of the committee I beg leave to introduce to you the reader of the evening, a gentleman whose great learning, whose historical accuracy, whose devotion to science and whose veneration for the truth are only equaled by his high moral character and his majestic presence. I allude—in these vague and general terms—to myself. I am a little opposed to the custom of ceremoniously introducing a reader to an audience, because it seems unnecessary where the man has been properly advertised. But, as it is the custom, I prefer to make it myself—in my own case—and then I can rely on getting in all the facts. I never had but one introduction that seemed to me just the thing, and the gentleman was not acquainted with me, and there was no nonsense. He said: 'Ladies and Gentlemen, I shall waste no time in this introduction. I know of only two facts about this man: First, he never has been in state prison, and, second, I can't imagine why!'"

Neat note paper, letter heads and envelopes printed for the ladies and gentlemen, with their names or initials thereon in any color desired, for Christmas presents. Come in and see samples and leave orders early. tf

Unclaimed Letters.

List of letters remaining uncalled for in the Ashland postoffice for the week ending November 23, 1912:

Ladies—Ruby Connor, Miss Margaret Wright.

Gentlemen—C. H. Bantel, Battles & Co., Joseph Burns (2), Courley & Brown, F. L. Dudley, James Edwards, H. O. Graves, H. C. Hughes, Jas. Hardison, C. W. King (2), M. E. Picano, Jasper Pitsenberger (3), Dean Pitsenberger (4), Chas. A. Rose, Chas. E. Smith (2), C. A. Selby, G. B. Turner, W. A. Storm, Tom Terrell, E. Walford, Volna Webster, J. V. Yates.

These letters will be sent to the dead-letter office December 7, 1912, if not called for before. In calling for the above please say "advertised," giving date of list. A charge of one cent will be made on delivery.
