

An Object Lesson For Your Boy

Every father wants his boy and girl to learn the lesson of habitual saving.

Do you know, fathers, that one of the best ways to teach your children to save regularly is to have a savings account yourselves?

Let that boy of bring your savings deposit to the bank as "regular as clockwork" and he will get the habit himself—he can't help it.

Incidentally, a little nest egg will be good for father, too.

To Mothers and Sisters.

I don't understand why shouldn't we women vote for benefit of our town by voting for saloons. Why should we support our neighbor town and railroad? Why should individuals get all the profit by selling liquors right here in town? I am mother myself, but this won't keep me from my duty for voting for high license saloons. Mothers, don't be afraid. Mind business and vote for saloons. Religion has absolutely nothing to do with this. Have we not enough dry town by having two hundred and fifty empty houses and more planning to leave if the city wins dry? Mothers, don't you think our town needs money? Have we not enough high taxes to pay? I appeal to you, mothers and sisters, for future welfare of our city and home industry. Vote for open town. Don't fear cursing.
