

**Good Goods
Sacrificed**

AT D. SHANAHAN'S

**Cost Not
Considered**

When we make the above assertions, GOOD GOODS ARE SACRIFICED and COST NOT CONSIDERED, the public will very naturally inquire the reason why. We do so for TWO REASONS. First We have no BASEMENT (needless to tell Astorians) in which to store away our surplus stock, and, secondly, our Eastern buyers have purchased for SPOT CASH the regular Spring Supply, and in some cases have already shipped. WE MUST HAVE ROOM and that soon for "OUR NEW ARRIVALS." Only a short time left for this GREAT CLEAN UP SALE of ours.

VACATION OF STREETS

DISCUSSED BY THE COUNCIL LAST EVENING.

Sentiment Was Against Permanent Abandonment—Printing Matter Settled.

The majority of those then meeting were in favor of the proposal of suspending streets for the purpose of improving them. It was a matter that occupied much of the time of the council last night. The discussion was complicated by the fact that the Amusement Association had voted to put up signs on the main street at Ninth and Franklin, which would interfere with the proposed vacation of the streets. The Amusement Association had voted to put up signs on the main street at Ninth and Franklin, which would interfere with the proposed vacation of the streets.

Chairman Teullinger said he was opposed to permanent vacating of streets. He was willing that one or two streets should be vacated in every possible manner, but he thought a street should be vacated only for a certain time. This view was shared by Councilman Ganger, Chairman of the street committee, and the committee had investigated the matter and had concluded that the street would not be required by the city for many years to come, that the company will increase its plant and add to its monthly payroll. He thought the street should be permanently vacated.

Alderman Hansen expressed the conviction that streets should not be permanently vacated because of high bluffs that might exist on them. He pointed out that many streets were built down at small cost. The day may come, he said, when the people will want the streets, and he thought the council should see to it that the thoroughfares were protected.

City Attorney Smith briefly reviewed the request for streets, stating that the city charter made no provision for lease, although it was specified that the streets might be sold. He thought

the city was delinquent in this particular respect and that it should be compelled to make reasonable compensation. Mr. Smith had seen Manager McHugh of the Astoria Box Company before concluding that the cost of improving the portion of Thirty-eighth street owned by his company, would be too great an amount which he was willing to pay for the street. On motion of Mr. Teullinger, both matters were referred to the ways and means committee and city attorney, who will interview the petitioners and report at the next meeting just what arrangement can be secured for temporary or permanent vacation of the streets.

D. M. Stuart and K. Ostrom were selected members of the board of assessors last night. There were three candidates. Mr. Teullinger presenting in name of Mr. Stuart and Mr. Nordahl nominating James W. Welch and Mr. Ostrom. Mr. Hansen present the names of E. C. Hughes, but voted in favor of that of D. M. Stuart. The vote resulted as follows: Stuart, 5; Stuart, 3; Welch, 3.

The position of property owners asking that the roads of Franklin Avenue between Twelfth and Thirtieth Streets be established as a permanent vacation of the streets was discussed. Mr. Parker said as far as possible he was willing to consent to such a measure. He was willing that one or two streets should be vacated in every possible manner, but he thought a street should be vacated only for a certain time. This view was shared by Councilman Ganger, Chairman of the street committee, and the committee had investigated the matter and had concluded that the street would not be required by the city for many years to come, that the company will increase its plant and add to its monthly payroll. had poor health for nine years before giving birth to my child," writes Mrs. Adeline Watkins of Arlee, Kanawha Co., W. Va. "Had female weakness, was very irregular and would suffer until about noon. I took Favorite Prescription, a good deal, and I succeeded to write to Dr. Pierce when I had a letter telling me I began to have hope. I continued taking Dr. Pierce's Favorite Prescription and my health improved greatly. I was soon able to do the work for my family and help my husband. I am now in full strength. I think there never were medicines in the world. I took eight bottles of Favorite Prescription, and a bottle of Golden Malted Discovery and two tins of pellets."

THE PROBLEM.

DOROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. It floats.

SPECULATION HIS DOWNFALL
Bank Cashier Arrested for Embezzlement of \$70,000.

HELENA, Mont., Jan. 20.—Herbert H. Matteson, cashier of the First National Bank of Great Falls, was arrested in Helena today for embezzlement. Matteson's downfall is said to be due to speculation. He had been cashier of the First National Bank of Great Falls a number of years.

Matteson refused to make any statement, and when he tries to talk he breaks down and cries like a child. Matteson is charged with having em-

bezzeled on January 15, \$25,000. The First National has a capital of \$200,000 and a surplus of \$555,000. Arrangements have been made whereby the loss will be made up and the standing of the bank sustained.

GREAT FALLS, Mont., Jan. 20.—It is given out late tonight by officials of the First National bank that Matteson's defalcation is in the neighborhood of \$70,000. Matteson has confessed the shortage.
