No transfer between Portland and The Dalles if the trip is made on the Charles R. Spencer. This fleet steamer—fastest on the river—makes through trips, leaving Portland on Mondays, Wednesdays and Fridays at 7 a.m. from foot of Washington street. From the decks of the Spencer may be viewed the magnificent scenery that has made the Columbia famous throughout the world—the towering anow-capped mountains, cataracts as high as 800 feet, the cole brated Cascade locks, 15 years in building, most wonderful canyons, delightful valleys and charming groves. The behuties of the lanscape are indeed beyond compare. Persons who have traveled the wide world over declare that they have no business in the land. They were arrested on the steamer Regulator, June 30th.
