TOPICS

Pleasure and picnic parties can find he greater enjoyment on this continent than that afforded by visits to one or more of the scores of pretty nooks, groves, canyons or mountains contiguous to Portland on the banks of the Columbia and Willamette rivers. No city in the world is more amply provided with pienaure resorts. There are hot springs within a few hours' boat ride of the heart of Portland, and the mountain scenery along the great Columbia is not surpassed for grandeur anywhere on earth. There are dark canyons from which the ice is never melted, there are waterfalls from 50 to more than 800 feet in height, there are glens that simply enchant the mind and sloping plateaus delightful pictures in themselves. Men and women who have traveled all over the world pronounce Portland's scenic glories the grandest they have ever seen. All these beauty spots are reached by the Charles R. Spencer, the newest, fastest, best squipped, most richly furnished steamboat plying on the river. The Spencer leaves foot of Washington street Mondays, Wednesdays and Fridays, at 7 a. m. for Bonneville, Cascade Locks. Hood River, Lyle, Collins Hot Springs, St. Martin Hof Springs, Hood River, and all other steamboat landings. The Spencer affords a most enjoyable outing for all who seek rest or pleasure out of town.

No river ride in America surpasses that up the Columbia and it is a trip that should be taken at the earliest opportunity. Tomorrow's forecast is warm—possibly hot—why not take this delightfully cool trip instead of sweltering in a hot city? The handsome Railey Gatzert leaves Alder street wharf at 8:30 a. m. for the trip to Cascade Locks and return. Lay care and worry aside and return. Lay care and worry aside and take the ride. On the Gatzert age all the conveniences of home and a lot more not found on other excursion steamers. Excellent meals are served in the dining room, while a restaurant will provide for those whose appetites demand but a swallow. If music will add to your enjoyment, come. A large orchestra will be aboard. Don't forget the time of leaving, 8:30 a. m., from Alder street wharf, returning to Portland at 6:30 p. m. Round trip, \$1.

The new two-story building for the accommodation of the fireboat company is completed and in a few days the 12 men who now compose the boat's crew will take up their quarters there. The lower floor is much the same as in any other engine house. On the second floor are the sitting rooms, sleeping apartments, bathroom and office. The rooms are finished in natural wood and hard oiled. A fire hydrant has been placed on the dock on the east for washing the apparatus and building.

The small army of worksen engaged in the construction of the First street bridge over Marquam guich are making great progress with their work. They have only been engaged with the structural work about six weeks, but so rapid has been the progress made that the bridge is now nearly ready for the roadbed. It will be only a few weeks before the immense structure will be open for traffic. The bridge will be one of the most substantial in the city. It will cost about \$55,000.

Judge Webster of the county court has decreed that James Humphreys, executor of the Carrie F. Roach estate, shall divide \$16,925 among the three heirs, George H., Eva M. and Grace A. Roach.

A. L. McPadden, a bookkeeper, has brought suit in the state circuit court against J. B. Tillotson, claiming \$10,-000 damages for malicious prosecution and imprisonment. He states that in last January at the instigation of Tillot-son he was arrested in Lincoln county and brought to Portland where he was imprisoned and released on \$1,000 bail and when tried on the charge of forgery ledged by Tillotson he was acquitted.

The committee of arrangements, com-posed of J. H. Wilson, G. C. Calkins and posed of J. H. Wilson, G. C. Calkins and John W. Ogilbee, who represent the four G. A. R. posts of Portland and Oregon City, are preparing for Grand Army day at Chautauqua, July 14. A basket dinner has been arranged and during the day the veterans will be addressed by Dr. George W. White, on "Black Napoleon, and Captain Richmond P. Hobson, on "America's Mighty Mission."

In all probability the balance against the Lone Fir Monument association will be paid off with the \$50 donated to the G. A. R. on the Fourth of July, and which was won by the Sumner post.
M. L. Pratt, president of the association, declares that the \$50 will easily pay off all the deficiencies. As soon as the monument association is free from debt, the G. A. R. will hold a general

CHURCK TO COST \$20,000.

(Special Dispatch to The Journal.)

Pendleton, July 2.—The trustees of the Methodist church of Pendleton met yesterday afternoon in their annual meeting for the transaction of business. The most important item which came up was the consideration of purchasing property for a parsonage site.

It is their intention to erect a large church within a year or two. The building will be of pressed brick and one of the finest in eastern Gregon. The estimated cost is \$20,000.

Clackamas River Resort.

Do the Same Yourself-Get the Finest Piano Your Price Will Purchase.

Thousands of People Are Taking Advantage of the Eilers Plano House Low Price, Easy Payment System.

Wise people spend their money where they can get the most for their outlay. Whether you have \$200, or even less, with which to purchase a piano, or. If. your investment will mount up to \$1.000 or more than that, you can get a higher grade, finer toned, better and more satisfactory piano for your money at Eliers Piano House than you can snywhere else.

So get in the swing, go with the thousands who have already done this, and you will have no reason for regret. We can point to the finest educational institutions all over this territory that are using our pianos—the University of Oregon, at Eugene; the Academy of Idaho, at Pocatello, Idaho; Brunot Hall. Spokane. Wash; Columbia University University Park; Dierks Musical Institute, Fortland, Or.; Hill Military Academy and Portland Academy. Pacific College, Newberg, Or.; Pullman Agricultural College, Pullman, Wash; St. Mary's Academy, Fortland, Or.; St. Mary's Academy, Fortland, Or.; St. Mary's Academy, Lewiston, Idaho, and scoras of other schools, and the pianos they are using are the very finest in the world—the Chickering, Weber, Kimhall, Hobart M. Cable and the Hinze, Whitney, etc., etc.

In the homes of the most prominent and cultured people of this country you will find these same pianos, as well as in the studios of the most accomplished musicians.

The pianos we carry meet with universal approval. They could not do otherwise, because the pianos are the very finest made, and they are sold at the lowest prices offered anywhere. Remember, we also have the Hazelion, that has stood a test of over fifty years, and is now popular in the best families of the entire lang; the Lester, that comes from the Gutker state, and is as swest-toned and reliable as any piano sold for the price, which is a low one, considering its artistic merit.

These instruments need no guarantee, but they get it, a full guarantee from the factory that made them, which is countersigned by us, and we further agree to refund all money paid, if any instrument, we sell falls in any way to prove e

MORE THAN 18 PER CHRT OF DEATHS IN CITY DURING JUNE WERE UNNATURAL ONES-PEW CHILDREN NUMBERED AMONG TRE DEAD

Some interesting information is contained in the monthly report of the board of health of this city which has just been issued. There were 123 deaths recorded for the month of June, of which 80 were males and 69 were females. Of this number 14 met violent deaths; four died from drowning, three from fracture of the skull, three from carbolic acid poisoning, two from piscarbolic acid poisoning, two from pis-tol shot wounds, one from injuries of the skull, and one from fracture of the

"ONE FIRE DOES IT ALL"

A Fox Furnace

PERFECTION ITSELF, yet we sell it at a much lower price than is asked for the inferior makes that are handled by the exclusive dealers. This is but a part of our big stock of merchandise, it has not got to bear ALL the expense of the business, hence we are enabled to sell at lower prices than the "exclusive" fellow and yet have a respectable profit left. House builders and house owners are invited to call and inspect these furnaces, and learn how cheaply they may be installed and the economy of their use. It will actually surprise one to know that a whole house may be heated with a furnace as cheaply as two or three rooms with stove for each. And they are so much more cleanly, and so little trouble is attached to their use. A furnace requires no more fuel than an ordinary heating
