## A COMPREHENSIVE CLEARING ALL OVER THE STORE!

YOU are asked to note carefully every word that follows. The comparisons of values may seem extravagant—they are really conservative. All that we ask, and this we ask in simple fairness, is that you put these offerings to the inexpensive test of comparison. We are certain that it is the most sweeping movement ever inaugurated in this establishment. You will be equally certain that you never before attended a sale so rich in the advantages presented. It will pay to anticipate all your requirements for at least a twelvemonth and especially to attend these early morning sales. Our fixed aim and purpose is to constantly advance our standard, making qualities higher and prices lower, therefore you cannot judge by our own past achievements or by prices quoted by inferior competition.
