So far as lumber shipments, coast and foreign, are concerned, the month draw-ing to a close is almost a record-breaker. The amount totals 19,236,636 feet, as compared with 9,881,544 feet shipped by the water route last month. While the amount of lumber sent down the coast is not greater than usual, there has been an enormous increase in the off-shore business.

there has been an enormous increase in the off-shore business. In July there was only 1,991,036 feet transported to foreign ports, but this month, there were cargoes clearing aggregating 12,848,260 feet. One notice-able feature about it is that almost half

able feature about it is that almost half the lumber, sent across the sea during the present month, went to Manila, the exact figures being 4.276.080 feet, having a value of \$44,895. The government dis-patched one cargo, while two were sent by private firms. There is another very striking feature about the exports for the month. The seven lumber cargoes which were dis batched to foreign ports have a total value of \$131,109. There was only one grain cargo, but its value is placed at \$59,769. But one oriental liner cleared, which carries a cargo of \$2,070 barrels of flour and 6,679 feet of lumber, having a value of \$20,8325.50. The total exports for the month foot
