

HAND OF WELCOME GIVEN PHYSICIANS

MAYOR WILLIAMS VISITS CONVENTION OF DOCTORS AND GIVES THEM CITY'S FREEDOM—THEY TALK OF SPIRITS AND OTHER AWFUL THINGS.

Doctors all agreed this morning that the thirty-first annual meeting of the Oregon Medical Association was the most interesting that has ever been held.

So it was that they accompanied very little today further than listening to an address of welcome by Mayor Williams and several papers that were read by members of the association.

FINISHES VOYAGE ON SEA OF TROUBLE

AFTER YEARS OF SORROW AND DISAPPOINTMENT GEORGE SMITH COMPLETES VOYAGE—GETS OUT OF PRISON ONLY TO END HIS DAYS—LOVE AFFAIR IN THE TRAGEDY.

In a fit of despondency, brought on by recent troubles, in which Mrs. Marie Hammerlinck figured unwillingly, George Smith, aged 49 years, committed suicide in his room at 346 1/2 Front street between 5 and 10 o'clock this morning.

Smith made the acquaintance of Mrs. Hammerlinck, who conducts a saloon at Front and Columbia streets. He wanted her to marry him and told her so.

Smith was the last chapter in a life of trouble. He was married and is the father of two sons, one of whom is now living in Vancouver, Wash., and working for a transfer company.

Upon his release Smith served at the central police station to claim a revolver—the one with which he took his life today. To Captain Oritsmacher at that time Smith remarked that he felt fine; that he was thoroughly sober and thought he would get work.

Deputy Coroner Baldwin took charge of the body and had it removed to Finley's undertaking shop. Funeral arrangements have not yet been made.

NEW MANAGER FOR LUCKY BOY MINE

W. B. HANCOCK RECEIVES APPOINTMENT TO IMPORTANT POSITION—HAS GREAT REPUTATION AMONG MINING PEOPLE—MUCH IS EXPECTED OF HIM.

W. Bertram Hancock, mps operator and engineer, is general manager of the Lucky Boy mine, Blue river district. The selection of Mr. Hancock for this important place has been indicated in close mining circles for a short time, but not until the present week was it generally known that he had begun work.

NEWS OF THE MINES

NEW AERIAL TRAM TO BE INSTALLED

VESEVIVUS MINE, IN BOHEMIA DISTRICT, WILL HAVE IMPORTANT IMPROVEMENT AT EARLY DATE—IT WILL BE TWO THOUSAND FEET IN LENGTH.

The aerial tram ordered recently by F. J. Hard, manager of the Vesuvius company, Bohemia district, is to be erected at once. The order was placed with the Hammond Manufacturing company, the management of which says that work is to be rushed.

There has been temporary suspension of milling at the Lucky Boy mine owing to shortage of water for mill purposes. The management has been developing a water supply for the plant, but found that the very dry weather of the past two months reduced it too much to keep 40 stamps supplied.

At the Standard property, Grant county, full crews are reported in the two main drifts. H. H. Nicholson, general manager of Kellen Warner Stewart properties, said the main Standard drift was being pressed ahead steadily, and at the same time the Willie Boy drift was being driven.

LOCK OWNERS ASK BIG TAX ON WHEAT

AT THE MONTHLY MEETING OF THE CHAMBER OF COMMERCE TRUSTEES THIS MORNING CONSIDERABLE ATTENTION WAS GIVEN TO THE PURCHASE OF THE OREGON CITY CANAL AND LOCKS BY THE GOVERNMENT.

The chamber of commerce had taken this question up in 1899 and discovered that the Portland General Electric company, which owned the locks, demanded \$1,200,000 for the property, while the government engineers were of the opinion that the canal and locks were not worth more than \$400,000.
