HOOD RIVER FRUIT HARVEST IS GREAT

APPEARS FROM FAMOUS VALLEY WILL BE KEPT AND OVER WORLD-WIDE EXPORTS COMING, BEING ATTRACTED BY GOVERNMENT'S FERTILITY.

"I never saw so many apples in my life," says H. H. Hall, marketing agent of the Hood River & Navigation company, who has just returned from Hood River, where he spent a week with a photographer making pictures for the next series of Oregon Railroad & Navigation publications. The fruit harvest is in progress in the famous valley of the Hood river, and the orchards are now at their best. In a few weeks more all the apples will be picked and carefully packed in boxes, in which they, like Rogue river valley apples, are shipped all over the world. Many of them go to New York, London, Germany and the Orient. The next steamship leaving Portland will carry about 5,000 boxes of Oregon apples for China and Japan. "Fully 125 carloads of apples will be shipped out of Hood River station this year," says Mr. Hall. "This is an increase over last year. The output in this valley will increase every year from this time. More young orchards are constantly coming into bearing and more are being planted. There has been considerable over \$100,000 of new capital invested in Hood River fruit orchards and land this year. Among the newcomers at Hood River is Oscar Vanderbilt, a railroad man well known in the city. For many years he was in charge of the Northern Pacific railway's passenger and freight business in the Iowa district. He has quit the railway business and come to Hood River to buy land. He has bought the fruit farm known as Beulah-land, about seven miles up the valley from the town of Hood River. He paid \$10,000 for the property, consisting of 11 acres of orchard land, with 100 to 60 acres of bearing orchard, and he is improving the place and enlarging the orchards on it. His apples are the Spitzenberg, Newton Pippins and Baldwin.

MARKET BUILDING IS TO BE RUSHED

NEW STRUCTURE TO BE STARTED IMMEDIATELY UNDER ORDINANCE AUTHORITY PASSED—WILL BE THROUGHLY UP TO DATE IN EVERY RESPECT.

Portland will soon have a new market building. It will be located on the site of the old market building between Second and Third and Clay and Market streets. Work on the proposed structure will be commenced within a few days. J. H. Alexander, a California capitalist, is the chief stockholder and president of the Union Market association, the corporation which will erect the building. The franchise for securing the control of the property, which was awarded to the Union Market company by the city council, has been assigned to Mr. Alexander's company. As a recent meeting of the stockholders of the association the president was ordered to prepare plans and specifications for the proposed buildings and to let the contracts as soon as possible. The main building will be 65x300 feet in dimensions. It will contain offices for food inspectors and for the managers of the market. It will be substantially constructed with the proper heating, lighting and drainage, and with concrete

or asphaltum floors. It will cost about \$1,000,000. Besides the main building there will be two long sheds 50 feet by 100 feet in dimensions for use of marketers of produce, and they will be so constructed as to furnish protection from the weather. The market block is now being cleared of debris, and work on the new building will be commenced immediately and rushed to completion. According to the city ordinance granting the franchise, the building shall be under the management of a board of directors of three members. One of these members shall be appointed by the council, a second by the corporation, and the third member shall be chosen by the two already appointed.

LINCOLN FAIR TO BE HELD AT DAVENPORT

(Special Dispatch to The Journal.) Davenport, Wash., Sept. 23.—The sixth annual Lincoln county fair will be held in Davenport, October 18 to 25, inclusive. The officers of the fair association are: Peter Leliman, president and manager; A. W. Turner, vice-president; G. K. Birge, treasurer; Fred Banks, secretary; L. O. D. Todd, assistant secretary. The directors are: Henry Chilton, J. W. Sawyer, A. B. Turner, Frank Hardin and L. Kirchan. Plans are being made for the biggest fair ever held in the county and prizes aggregating several hundred dollars will be given away. On the opening day of the fair the handsome silver cup now held by Harrington will be raced for. There will be regular field day events, and on the following days there will be a program of races for substantial cash prizes.

BRIDGE QUESTION STILL UP IN AIR

PROPERTY OWNERS IN VICINITY OF SULLIVAN'S GULCH STILL DENYING PROPOSITION—OREGON REAL ESTATE COMPANY LARGELY INTERESTED. "We favor bridges over Sullivan's gulch. The Oregon Real Estate company has about 1,300 lots in the district affected, and suffers more than any other individual or private company in present conditions. But we want bridges on a rational plan, which does not inflict injustice upon any interests. We do not want to pay one-third or half of the total cost of an improvement that the city at large, and especially people near us, profit as much by as we do. And we do not want to be taxed and assessed out of existence. We have rights, and we seek to have those rights protected as all other property rights are protected." This statement was made by C. K. Harbaugh, manager of the Oregon Real Estate company, which owns considerable property situated in the Union and Grand avenue bridges over Sullivan's gulch. If the district set apart for assessment to construct the bridges is rather small, Mr. Harbaugh's company would be able to muster more than half the area necessary to prevent a petition going before the council. If \$20,000 is to be used in construction work, and not a cent more, in the area indicated as probable for the next district, are assessed, the Oregon Real Estate company would have to bear approximately a third of the amount assessed to reality. Because of these facts, the company's attitude on the subject has been the subject of much discussion. When seen today he frankly said that he wanted bridges. His positive conviction is, and has been, that such extraordinary work should be a tax upon the city at large, but if the Oregon Real Estate company is given some assurance that its property is not to be assessed a time after time for other bridges across Sullivan's gulch, and if the two proposed structures are not unreasonably taxing the management of the city, he would meet an equitable assessment for improvement. As Mr. Harbaugh holds that this district assessment for such improvement is properly a general tax, his payment for the Union and Grand avenue bridges would be in the nature of a donation to expedite work. Illustrating the significance to his property of Sullivan's gulch improvements, Mr. Harbaugh said there would be practical confiscation if the people of that section later took a notion to bridge the chasm at every street crossing between East First and East Twentieth streets. He demands some assurance that such an eventuality will not follow the Union and Grand avenue structures. Petitions for signatures of residents affected are being prepared, the effort of committees being to get a document that will meet with general approval. No paper has yet been circulated, but members of the committee believe they will get down to this work in a few days.

ANTI-GAMBLING CRUSADE

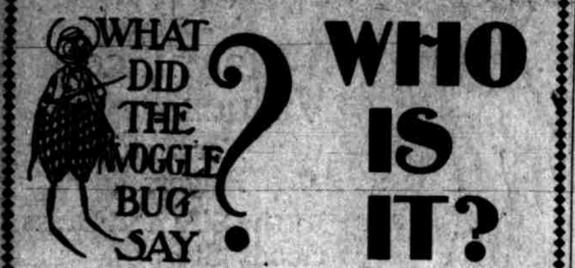

(Continued from Page One.) Of the councilmen voted for it from honest conviction, but nevertheless the move is believed to have been prompted by the advocates of an open town. Ordinance to Be Enforced. Notice was served upon the owners of the card machines today that the machines would not be permitted to run after 6 o'clock this afternoon. Thereafter the ordinance will be rigidly enforced. Mayor Williams said this morning that the ordinance prohibiting all slot machines, including those played for cigars and cigars, from operating in this city would be enforced. "I have notified the chief of police," said he, "that he must order the machines out. He will obey my orders and remove all slot machines which will run in this city." "I know it will work a hardship on some of the cigar merchants but as the council has demanded that the ordinance be enforced, I am sure their wishes will be satisfied. Slot machines will be allowed in this city." Police Will Act. Chief of Police Hunt stated that he had ordered his men to notify the saloons and cigar stores that they must take out their machines. "Mayor Williams told me to stop the machines from running," said he, "and I mean to do it. No more slot machines will run in this city." Councilman A. K. Bentley, who introduced the resolution at the meeting of the council Wednesday demanding the mayor to enforce the ordinance, stated yesterday that the members of the council are determined to stop all slot machines. "There is grafting going on in this city," he said, "and we are determined to put a stop to it." He stated that he determined to stand together on this proposition and something will happen if the ordinance is not enforced. Chinese Are Cautioned. Raids made by Sheriff Word last night showed the Chinese have taken every precaution to avoid detection while engaged in violating the gambling laws. At each of three places raided, heavy iron-bound doors, provided with strong bolts, had been placed in two of them had to be battered down with sledge hammers and crowbars, requiring 20 minutes' hard work in each case. A few nights ago a raid was made on poker games. The Mass on the first place visited, was found without a game. It was learned afterward that lookouts had been placed in the park opposite the courthouse, who warned the players as soon as the deputies left the courthouse. The telephone was then used to warn all other places where poker games were running, and the deputies returned empty-handed. "These tactics will avail little," said Sheriff Word. "If the poker games continue, we will succeed in arresting the players sooner or later. Every time a player is arrested in a house the proprietors will also be arrested. No one will be released except cash bail is deposited." One Successful Raid. Eleven Chinese and one Japanese were arrested last night, the number including the four proprietors of the three places raided. The raiding party consisted of the sheriff and Deputy Sheriffs Moreland, Gruesz, Cordano, Parrott and Hollingsworth. At 4 1/2 Second street the doorkeeper was caught off his guard by the sheriff and two deputies. Chung Wah, the proprietor, six other Chinese, and Maats, a Japanese, were arrested. A fainter outfit was secured as evidence. Deputies Gruesz and Cordano made a time raid a fainter establishment at 22 1/2 Second street. A sledge hammer had to be used to break in the door. Husey Sing, the proprietor, and one player, were arrested. The other player was captured by a skylight and over the roof. At 32 1/2 Second street, corner of Oak directly opposite the police station, a door had to be broken down with a sledge hammer and crowbar. The storekeeper, Juby Joe, was detected giving a sign to the doorkeeper of the gambling room and was promptly arrested. The door was slammed in the deputies' faces just before the raid. A hammer was brought into play. A twenty-one table, which had just been installed, was secured. Tong Jim, another proprietor, was also seized. All the prisoners but two were released last night, \$500 bail being required for each proprietor and \$300 for each player. Circuit Judge Sears setting the amount by taking subpoenas. The others secured bail today. Preferred Street Game Goods. Allen and Lewis' Best Brand.

PORTLAND WINS TWO CONVENTION PLUMS

After one of the fiercest fights ever witnessed on the floor of an eastern convention, Portland captured the next annual meeting of the Associated Fraternities of America and doubtless the American Fraternal congress will later decide to come to this city also, as the two bodies always meet in the same place at nearly the same time. The news was received by the Lewis and Clark fair corporation this morning and local officers of the Order of Washington and the Order of Lions have received congratulatory messages from their chief officials who made the fight for Portland. When J. L. Mitchell, chief officer of the Order of Washington, and Peter N. MacPherson, holding the corresponding office in the Order of Lions, left last week for convention this morning, they were dubious, for it was known that several eastern cities were coming with large delegations and big money pledges to capture the next meeting of the two big conventions. In the dispatch Mr. Mitchell and Mr. MacPherson stated that the next meet-

KEITH MAY BE HELD FOR CARELESSNESS

(Special Dispatch to The Journal.) Spokane, Wash., Sept. 23.—Junk dealer Keith may be held for criminal prosecution for leaving a box of "Bat Bitch" in the room he formerly occupied. This will come as the result of the death of eight-year-old Reuben Lesser, who told his parents before he died that he had found four wafers in the room below their housekeeping rooms. Upon investigation the box marked "Bat Bitch" was found near where he said he had found the wafers. The case against the man will be clear if the autopsy bears out this story. The three other children who tasted of the poisoned wafers are now out of danger. INDEPENDENCE SCHOOL. (Special Dispatch to The Journal.) Independence, Or., Sept. 23.—The Independence public school opens on Monday next, and the attendance promises to be much larger than last year. Mr. Murdoch has been selected for the assistant principal and Miss Foster has secured the second grade, the two positions being made vacant by the resignation of Professor Rutherford and Miss Burke.

TO DIVIDE EASTERN OREGON PRESBYTERY

(Special Dispatch to The Journal.) La Grande, Or., Sept. 23.—At the session of the Eastern Oregon presbytery held in Enterprise, Willamette county, a resolution was made to divide the Eastern Oregon presbytery, which now consists of every county east of the Cascades, except Lake and Klamath, which will be thoughtfully considered by the synod which meets in Portland about October 10. The division will be made along the crest of the Blue mountains from the state line southwest until Grant county is reached. A portion of Grant county will be in this and a portion in the other presbytery, and it will be the only county not entirely in one or the other. The Grand Ronde presbytery will consist of Harney, Malheur, Baker, Union, Wallowa and a portion of Grant counties. Pendleton presbytery will comprise Umatilla county, a portion of Grant, Wasco, Wheeler, Crook, and in that, all of the rest of the territory east of the Cascades not included in the Grand Ronde presbytery and Lake and Klamath counties.
