OLDEST TENNIS
PLAYER IS DEAD

Renshaw, Many Times English
Champion, Dies Suddenly
at Swansea.

GREATEST PLAYER
WORLD HAS KNOWN

Many of His Strokes Are Used
Today Wherever Tennis
Is Played.

William Charles Renshaw, who died suddenly at Swansea, England, a short time ago, of heart disease, was one of the greatest lawn tennis players the world has ever seen. Between 1881 and 1897, when he held the championship of England, his supremacy was unbroken. In 1889, after a rest, he again won the championship. The brothers Renshaw introduced volleying at the service line and smashing, and completely revolutionized the game through their style and tactics. William Renshaw's illustration of "How to Smash" is known to all tennis players. "Do it," he would say, "just as if you were going to hit some one over the head with a stick."

PACIFIC WILL MEET
SALEM ON FRIDAY

Willamette Will Do Best to
Trounce Her Old Rivals
—Team Average.

(Special Dispatch to The Journal.)
Willamette University, Salem, Nov. 17.—The date of the football game between Pacific university of Forest Grove and Willamette, which was to have been played here next Saturday, the 18th, has been changed to tomorrow, the 17th, at the special request of the Salem business men.

Saturday is such a busy day in business circles that it is almost impossible for merchants and their employes to attend a game played then. Tomorrow's game is to be a business men's game, and if the experiment proves successful, more games will be scheduled on Friday. The Salem team is in excellent condition for the game with Pacific and is quite confident of a victory. Nothing more than signal practice has been attempted for the past week, as Coach Bishop feels that he has his men in good trim. Last year Pacific and Willamette played a scoreless game and this season by teaching Willamette how to play the game, he would often start in and volley a good-length stroke almost from the back of the court, just as the striker was about to follow it up to the net, leaving the would-be volleyer helpless. No player who has not had personal experience of this stroke can imagine what a surprise it was to him to make up his mind to adopt this rapid change of position has always been a mystery to me, and only those who have tried to perform this maneuver probably can appreciate the quickness required for its execution.

NATIONAL GUARD MEN
ORGANIZE BASKETBALL

(Special Dispatch to The Journal.)
Albany, Or., Nov. 17.—A basketball team was last evening organized at the armory in this city by members of Company G, O. N. G., and tonight the members will begin practicing for the winter campaign. The company has among its members a large number of the best players of the game who formerly attended the Albany college, and these young men have excellent records in playing the game. They will train for a little while, then they will be ready to meet any basketball team in the state, and are especially anxious to meet the teams from the several militia companies in Oregon during the coming winter. One game has already been scheduled. It is with the Lebanon Social club, in which are a number of the members of the cavalry troop stationed there, the game to be played in about two weeks. This will be the first game of the season for the Albany team, and the game will be followed by a team from Albany. Among the players in the company and who will play with the new team are Coates, Marks, Schults, Barnes, Lee, Stalnaker and Nelson. Lieut. Willard Marks was chosen as manager of the team.

RACING EVENTS AT BENDERS.

(Journal Special Service.)
Washington, D. C., Nov. 17.—What promises to be the greatest fall meeting in the history of the Washington Jockey club opened at Benders this afternoon. It will continue 15 days. Never before has there been such an abundance of high-class horses on hand. The two stake events of the opening day are the Bladensburg handicap and the Columbia handicap, seven furlongs.

WALCOTT IS REHABERED.

Boston, Nov. 17.—"No bill," in the case of Joe Walcott, the colored pugilist charged with manslaughter in shooting Nelson Hall, Jr., about three weeks ago, was returned by the grand jury. The jury found that the shooting, in which Walcott's hand was injured, was accidental.

FOREST GROVE MEN
CONFIDENT OF GAME

Coach McGee's Eleven Feel
That Willamette Has No
Chance This Year.

(Special Dispatch to The Journal.)
Forest Grove, Or., Nov. 17.—Pacific's football team leaves here tomorrow morning by way of Portland to play the Methodist eleven at Salem on Friday afternoon. Last year the teams played a scoreless game and there was much feeling on both sides on account of the coaches being the officials. Mr. Boyd of H. M. A. and another disinterested person will officiate this year. Captain Philbrook says: "Mr. Boyd is one of the best officials on the coast."

THANKSGIVING WILL
BE GALA OCCASION

Enthusiasm Runs Strong in the
Annual Match Between Mult-
nomah and Oregon.

The Journal's suggestion that the High school-Portland academy game be played on Saturday instead of Friday, as a consequence of Idaho's default, proved a happy one, and will give the followers of both elevens a better opportunity to witness the contest. The game should be an interesting and hard-fought affair, as both teams are now in the pink of condition, and as the rivalry is keener this year than ever before, the men will fight to the very last for victory.

SEALS BEAT BROWNS
BY SOLITARY TALLY

(Special Dispatch to The Journal.)
Portland, Nov. 17.—The largest crowd ever assembled at a football contest in the Willamette valley will witness the game. The information is according to Manager Stimpson, that delegations will come from most of the college towns on the west side, as well as from Eugene, Albany and other east side points are expected to largely swell the number. The Portland people have the benefit of a round trip 15 rate, and delegation of 10 or more at all points on the Southern Pacific can get a round trip rate of one and a third fare.

OLYMPIA HOTEL IS
DESTROYED BY FIRE

Building and Furniture Was in
Possession of Boston Com-
pany with Small Insurance.

(Special Dispatch to The Journal.)
Olympia, Wash., Nov. 17.—The Olympia hotel was completely destroyed by fire last night. No lives were lost. The building was a four-story wooden structure with basement. The blaze started in the rear of the basement and the first alarm was turned in and aided by volunteers, the department soon checked the spread of the flames. A syndicate of Olympia citizens erected the hotel in 1889 at a cost of \$180,000. The building and furniture, the latter valued at \$30,000, were in the possession for the past several years of a Boston mortgage company, which carried an insurance of \$16,000 on the contents. The stock of liquors and other supplies carried by the management to the amount of \$2,000 was not insured. About 40 boarders were in the building and many lost their personal effects.

DIAMOND GLISTENINGS.

(Special Dispatch to The Journal.)
La Grande, Or., Nov. 17.—A white man was shot at five miles last night by a band of negroes who were getting bumper quilts frequently of late and in due to quite down and chase his hoodoo soon. He was batted out of the box by the Leo Loos yesterday.

AMATEUR WRESTLING TOURNEY.

The amateur wrestling tournament will be inaugurated this evening at the Multnomah club, where Instructor Aclon's class will compete for honors. The following contestants will participate:

A boxing tournament will be held at the club on November 27, and the entries will be announced later.

VALUE OF CHARCOAL.

Nearly everybody knows that charcoal is a purifier and that it is a natural and efficient purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better it is. It is a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system. Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectively clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic. It absorbs the injurious gases which collect in the mouth and throat from the use of tobacco. All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered willow charcoal, and other harmless antiseptics in tablet form or rather in the form of lozenges, and are very palatable. The daily use of these lozenges will soon clear the system, and the complexion of the general health, better complexion, sweeter breath and purer blood, and the beauty of the face will be the result from their continued use. But on the contrary, great benefit. A Buffalo physician has written: "I have composed of the finest powdered willow charcoal, and other harmless antiseptics in tablet form or rather in the form of lozenges, and are very palatable.
