

MANY EXHIBITS ON WAY TO THE FAIR

Life-Saving Apparatus to Be Used on Lake, Shipped From St. Louis.

FIRE ALARM SYSTEM TO BE PUT IN OPERATION

Enlarged Building for Liberal Arts Display Will Be Ready In Three Months.

News came today from St. Louis that the government board has shipped the first carload of the lifesaving apparatus to Portland. This shipment includes the McClellan surfcoat, which will be used in the exhibition on the lake during the exposition. The car should reach here within 15 days.

A shipment of 115 cash registers has been made to the corporation. They will be used at the ticket offices of all concessions in which the corporation has a percentage interest.

A large quantity of material for the compassions and miscellaneous exhibits departments is on the road. It is expected that freight of this description will arrive every two or three days.

The executive committee of the Lewis and Clark corporation will immediately put in telephone fire alarms and within three weeks, or as soon as a company can be organized, a regular fire department will be installed, consisting of an engine, chemical and hose truck. Pumps will be put in and a code of signals will be given workmen, watchmen and firemen.

It is expected that the "Palace of Manufacturers, Liberal Arts and Varied Industries" will stand on a site east of the Agricultural building within 60 days. The new temple is to cost within \$50,000, and will contain 90,000 square feet of space. The plans will be drawn immediately. The committee acted in this matter upon a formal application for the building which came from the committee on exhibits and transportation.

SERVED AS A NOTARY

(Continued from Page One.)

threes it is stated on high authority that the government has ample evidence not only to indict but to convict them.

Only two witnesses, George E. O'Brien from the general land office at Washington, and T. R. Wilson, were before the grand jury this morning. Both are supposed to have given testimony bearing upon the charges against Loomis and Ormsby.

As the investigations of the grand jury proceed it becomes more and more evident that the full extent of the land frauds has hitherto been unsuspected. Only two witnesses, George E. O'Brien from the general land office at Washington, and T. R. Wilson, were before the grand jury this morning. Both are supposed to have given testimony bearing upon the charges against Loomis and Ormsby.

Among the new men being drawn into the grand jury mesh is Dr. W. H. Davis, present mayor of Albany.

It is probable that the grand jury will adjourn this afternoon until next Tuesday.

MORMONS REVERE THE PROPHET JOSEPH SMITH

(Journal Special Service.)
Belt Lake City, Utah, Dec. 23.—In Utah, Wyoming and Idaho and wherever else the Mormon faith has gained a foothold today was especially set aside for observance of Joseph Smith's birthday anniversary. Among the faithful this date and June 1, which is the birthday anniversary of Brigham Young, are the two most important days of the year. In many instances the observance of Joseph Smith's birthday entirely takes the place of the customary Christmas celebration two days hence.

Exercises will be held tonight in all Mormon meeting houses. Interspersed with music and recitations there will be discourses on Joseph Smith and his life work. The story will be re-told of his birth in 1805 in a lowly farm house in Windsor county, Vermont, his discovery of the sacred plates, the story of his subsequent career, in which he founded the Mormon religion, and his tragic death in Illinois.

DEAD TEACHERS TO MEET

(Journal Special Service.)
Boise, Idaho, Dec. 23.—Arrangements on an extensive scale have been completed for the reception and entertainment of the many visitors who will be here next week for the annual convention of the Idaho Teachers' Association. The convention will begin its sessions Monday and continue for three days. Superintendent A. C. Sears of Idaho Falls will preside.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature on each box.

DANCER CHARGED WITH LARCENY

Colored Performer on Vaudeville Circuit at Salem Arrested and Locked Up.

(Special Dispatch to The Journal.)
Salem, Or., Dec. 23.—Benjamin Jarrett, colored terpsichorean artist doing the Edison vaudeville circuit, was arrested in this city last evening and locked up in the city jail, with the charge of larceny of books against him. The negro, who was playing the week at F. T. Merrill's local theatre, stole, it is alleged, two pairs of trousers and an overcoat from the office of Dr. W. C. Smith, and a bicycle from Henry Bowles of this city, the stolen property being found in his room.

Jarrett came here from the Bijou theatre in Portland and had made a hit here as a dance artist.

Injured in Runaway.

Mrs. G. A. Bach of this city sustained a fracture of her collar bone in a runaway accident last evening. While driving along the streets of Salem her horse became frightened and started to run, and in turning a corner upset the buggy, throwing the occupant heavily to the ground. Mrs. Bach also suffered severe bruises about the head and shoulders.

New Incorporations.

Articles of incorporation were filed in the office of the secretary of state late yesterday afternoon by the Star Land company, the incorporators being J. L. Freeland, Carey F. Martin and L. F. Martin, all of this city. The capital stock is \$500 and the object of the concern is to buy, own, sell and lease real estate and water powers, and to purchase lands at sheriff's sale, to handle evidences of indebtedness and to acquire mining properties. Also to conduct a real estate and insurance business, to operate hop and other farms, and merchandise, hardware and furniture stores. The headquarters of the new corporation will be in Salem.

The governor, secretary of state and state treasurer, as trustees of the estate of the late A. R. Burbank, who left all his property for the purposes of aiding in the support of an orphan home here or at Portland, have sold two more lots of the land and turned them into money. They are two lots of 45 acres each and lie in Yamhill county. The two lots were appraised at \$5,000, but the board realized \$2,500 for them. One other lot was sold some time ago on which \$705 was realized.

There are no orphan homes in this state and the board will retain the funds until there is enough to found one on the part of the state, or until some other persons see fit to found some such an institution.

There are a number of town lots in Portland and other places yet belonging to the estate.

STEEL TRUST TO HAVE FORMIDABLE COMPETITOR

(Journal Special Service.)

Indianapolis, Dec. 23.—Hugh Jacobson, representing the French corporation that sustains the same relation to Europe that the steel trust does to this country, is here looking for available sites for the establishment of factories. He said that he had three possible sites in mind, one on Lake Michigan, one at Toledo and one near Toronto, Canada, but that he believed Indiana represents the best field, for the reason of coal, oil, transportation facilities and the proximity to Chicago.

"We propose to invest \$5,000,000 in America to begin with," said Jacobson today.

The first factory will employ 4,000 men and will include furnaces, smelters, rail mill, tool and steel mills.

FIVE MEN SENTENCED TO THE PENITENTIARY

(Special Dispatch to The Journal.)

Wallace, Idaho, Dec. 23.—Five prisoners were sentenced to penitentiary terms yesterday. James Fry and William Fielding were given 20 and 15 years, respectively, for holdup and saloon robbery. Frank Mitchell pleaded guilty to forgery and got 8 years. T. J. Burns was convicted of burglary and was sentenced to 4 years, and J. Beauchamp Burns, his accomplice, got two years.

FIRE AT LA GRANDE

(Special Dispatch to The Journal.)

La Grande, Or., Dec. 23.—A building belonging to W. R. Hamilton, on Adams avenue, valued at \$1,000, was totally destroyed by fire at 5 o'clock this morning. It was being used for a saloon that was run by Charles Rockwell, and the stock valued at \$2,000 was also totally destroyed. Only a small insurance was carried on the building and stock. It is not known how the fire started.

DEAD AT COLFAX

(Special Dispatch to The Journal.)

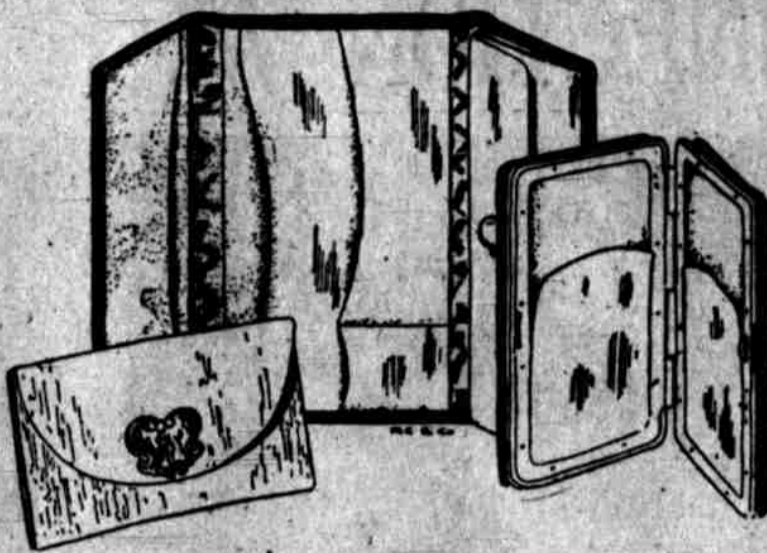

Colfax, Wash., Dec. 23.—William G. Davis, aged 72, died at the home of S. E. Ellis yesterday. He crossed the plains from Ohio in 1846, settling in Yamhill county, Oregon. He is survived by a widow, two sons, six grandchildren and a brother.

WOODARD, CLARKE & CO. Importers

A GOOD STORE TO SHOP IN—Plenty of room, a full force of skilled, polite salespeople and absolutely the finest and largest display of holiday lines ever shown in Portland.

PHOTO ANNUALS FOR 1905, 15¢—Beautifully Illustrated.
1905 PHOTO CALENDARS—Ready for the unaccounted print, 100 different designs.

Photographic Words

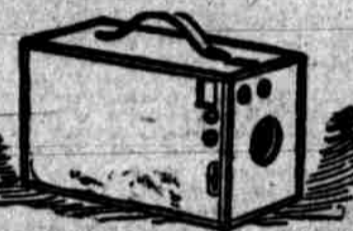

Photography makes for bright boys and girls. It's a liberating education. The boy with a camera is never a cigarette fiend; his interest is along higher lines. The child who loves to picture beauties of nature and life is not going to go bad very far—that's been our observation during 40 years of camera-selling, and we see all sides of it.

GOOD CAMERAS are cheap; we've made them popular.

Baby Anasco No. 1, \$1

GOLD MEDAL FOR MAYOR WILLIAMS

Mayor George H. Williams has received notice that he was awarded a gold medal of the second class together with a diploma of the medal of gold by the

international Philippine commission of the St. Louis exposition. The communication was from Gustav Niederlein, secretary of the superior board, and Leon M. Guerrero, assistant secretary, who were here with the commission last fall. They heard Mayor Williams' speech which was delivered before the members of the commission and it pleased them so much that they

decided to award a medal to Portland's executive. It is the plan of the commission to vote certain chiefs, commanding officers, soldiers, musicians and others a special medal of honor in gold, silver or bronze. The medal is a combination of the design of the official badge of the international jury of awards of the Louisi-

ana purchase exposition and the Philippine international jury of awards. The Union Woolen mill sold one day

last week \$27,000 worth of white blankets to a Boston firm. Oregon woolen mills are gaining a fine reputation.
