THE DALLES OREGON

PICKINGS THE WORLD OVER.

CENTRAL AMERICA has ninety active volcanoes.

A STEAMSHIP line, to run from St. Louis to ports in Mexico and South America, is projected.

JAPANESE doctors never present bills to their patients. They await the patient's inclination to pay, and then thankfully accept whatever sum is offered.

In Bengal, India, there are three harvests reaped every year: peas and oil seeds in April, the early rice crop in September and the great rice crop in December.

Beyond the new parliamentary legislation, turning them over to the charities commissioners, the London guilds enjoyed—and generally wasted—incomes, ranging from the mercers' annual \$415,000, the drapers' \$350,000 and the goldsmiths' \$320,000 down.

The island of St. Helena, where Napoleon was held a prisoner, has an area of 47 square miles. Its population is more than 4,000, but 200 emigrants leave it annually. The whale fisheries there are under American management and amount to about \$90,000 a year.

THE BARNYARD.

As THE comfort of the animal is destroyed, so is its profitableness reduced. This time to get rid of old or otherwise unprofitable animals is before the pastures fall seriously.

HAVE a good shade for the hog lot if it has to be built of boards and during haying. It never pays to let swine curok in the hot sun.

The work team is kept in the best condition more by regularity and manner of feeding than by the greatest amount of food.

If there is any rule more important in stock raising than to have the animal gain something every day from the time it is born until it is put upon the market, we have not heard of it.

A Good Thing to Keep at Hand.

From the Troy (Kan.) Chief. Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhoea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases. We are not writing this for a pay testimonial but to let our readers know what is good to keep handy in the house. For sale by Blakeley & Houghton, druggists.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was the Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best results. For sale by Blakeley & Houghton.

A Sunday at the Seaside.

During the summer season the Dalles, Portland & Astoria Navigation Co. will make rate of \$3. Dalles to Astoria and return, and \$4. Dalles to Ilwaco and return.

The above rates will be in effect on Sundays only. Steamer Regulator will leave The Dalles at 7 a. m. Dalles City will arrive at Portland in time to connect with the Lurline for Astoria and Ilwaco. The Lurline will leave Ilwaco Sunday evening and will connect with the Dalles City Monday morning for The Dalles.

The above tickets will be limited to three days from date of sale.

THE DALLES

Wasco County, Oregon.

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

ITS TERRITORY.

It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market.

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS.

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH.

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
