CARE FOR ANNEXATION

Asst. Secretary Day Drafts a Hawaiian Treaty.

ACTION ON IT TO BE POSTPONED

President Will Not Send It to the Senate While the Tariff Bill

WASHINGTON, June 14.—A draft of a treaty for the annexation of Hawaii to the United States is being prepared by Judge Day, the assistant secretary of state, and Mr. Hatch, the Hawaiian minister to Washington. It will be presented to President McKinley for approval soon after he returns to the city. It does not follow, however, that the treaty will be immediately sent to the senate. On the contrary, the president will adhere to his determination not to complicate the tariff situation by the introduction of any foreign questions.

The proposed new treaty will not contain any provision for a pension to the late queen, or a gift of money to the princess, but it will probably be provided that the princess shall receive a pension out of the territorial revenues.

It is interesting to know that the proposition to pension ex-Queen Liliuokalani did not come from the Hawaiian commissioners, but was suggested by the then secretary of state, Foster. The same is true in regard to the gift of money to Princess Kaiulani.

A leading member of the senate committee on foreign relations said that two plans are under consideration by the administration. One is to annex the islands and admit them into the Union as the territory of Hawaii. The other is to make them a county of California. No decision has yet been reached.

THIS IS DIFFERENT.

Annexation Treaty Will Soon Go to the Senate.

WASHINGTON, June 14.—A treaty for the annexation of Hawaii to the United States will be sent to the senate soon after the return of the president unless his present plans are altered. The treaty had been written and all details agreed upon before the president and Secretary Sherman left for the South. There is no doubt, it is said, of the president's acquiescence in the terms of the treaty for the reason that he was made fully aware of them before he left.

The treaty is on the general lines of the treaty negotiated during the administration of President Harrison, and withdrawn by Cleveland. It provides for annexation without exacting conditions on the part of Hawaii as to the form of government to be vouchsafed to Hawaii, leaving that question to be disposed of by the government of the United States.

The United States will agree to assume the debt of the present Hawaiian government, but will come into possession of all the Hawaiian crown lands and other possessions.

Several senators have received definite information concerning the existence of the treaty, and are well acquainted with the terms, though they refuse to discuss the matter. Knowledge of the existence of the treaty has been communicated to members of the foreign relations and finance committees. In the Republican caucus the subject of the treaty had been hinted at, but in rather a vague manner.

Dauntless Again Set Free.

New York, June 14.—A dispatch to the Herald from Key West, Fla., says: The tug Dauntless was released from

custody by the collector of customs late last night. Word was soon passed among the faithful, and 30 of her original passengers gathered on the wharf with bundles and packages from the ends of which machete handles and muzzles of revolvers could be seen protruding.

In the meantime steam was hurriedly gotten up on the Dauntless and the little tug cast off from her dock and proceeded to sea. The Marblehead, being at anchor in the stream only a short distance off, either did not see her or did not care to intercept her.

Instead of proceeding to sea through the regular ship channel, the Dauntless gave the Marblehead a wide berth, passing her far astern, and passed out through the northwest channel into Florida bay. A local pilot was taken aboard to carry her into the Gulf, either through Knight's key or Bahia Honda channel, where it is alleged a vessel with arms and ammunition awaits her.

The revenue steamer Forward left yesterday, and the McLane sailed to try to intercept the expedition, which it is reported, will leave for Cuba from some point on the Florida coast.

Cuban Leaders Will Not Be Shot.

WASHINGTON, June 14.—The Spanish minister has received official communication stating that the report coming from Havana via Key West, that the insurgent leaders, Rivera and Bacalo, are in danger of being shot is false. Not a single insurgent leader is under death sentence.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store.

McKinley's Hawaiian Policy.

NEW YORK, June 14.—A Herald dispatch from Madrid says: The reports of the intended annexation of Hawaii by the United States causes anxiety as foreshadowing President McKinley's Cuban policy. Senor Silveira, the leader of the dissident conservatives, in a speech last night condemned the Duke of Tetuan's assault on Senator Comas. He proceeded to say that Premier Canovas' projected Cuban reforms signify that Spain resigns in face of the United States her title to govern the Antilles.

Senor Silveira advised a vigorous military policy in Cuba and denounced the weakness of the present ministry. He concluded by declaring that the breach between the Spanish people and the present government widens daily and that eventual peace cannot continue long under such circumstances.

TROOPS RETURNING HOME.

Every Steamer From Cuba Carries Hundreds of Them.

New York, June 14.—A dispatch to the Journal from Havana says.

Spanish troops are returning to Spain at the rate of 2000 a month. This week's steamer will carry back over 600, free of cost to the government, the expenses being borne jointly by the Marquis de Comillas, president of the Transatlantic line, and the Spanish Red Cross Society here. Probably half the men sailing today were ill or wounded, and at least 50 looked as if they would never withstand the voyage. One man died while being taken from the hospital to the wharf to embark.

Reports of increasing misery among the Cubans in Weyler's fortified towns come from all over the island.

Mayor Pizarro and Chief of Police Armenteros, of San Nicolaus, which Gomez and Maceo entered with their forces in 1896 on their way west, were tried by court-martial in Cabanas fortress here yesterday and sentenced to life imprisonment. Both are Spaniards. They were embarked today with about 60 political prisoners for Centa, upon the African coast.

"For three years we have never been without Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house," says A. H. Patter, with E. C. Atkins & Co., Indianapolis, Ind., "and my wife would as soon think of being without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but cure absolutely. It is all right, and anyone who tries it will find it so." For sale by Blakeley & Houghton.

Heavy Damage to Property.

CALCUTTA, June 14.—Later reports increase the gravity of the earthquake shocks Saturday. An extensive area was affected, causing much misery among many of the poor Europeans and natives. Shocks were felt at Simla, Agra, Bombay, Manipur and at many places far down the central provinces. An immense amount of damage was done at Hoogly, Burdwan and Dace, where several persons were killed. At Darjiling many houses were destroyed. Traffic on the Eastern Bengal railroad was interrupted. Bridges were damaged and a train was overturned on the Assam Bengal line.

The ground opened at Manipur and the town of Kohima was severely damaged. The heat prevailing is the highest on record, 126 degrees in the shade, having been registered at Jacobad, on the frontier of Beloochistan.

The Westfield (Ind.) News prints the following in regard to an old resident of that place: "Frank McAvoy, for many years in the employ of the L. N. A. & C. Ry. here, says: 'I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for ten years or longer—an never without it in my family. I take pleasure in recommending it.' It is a specific for all bowel disorders. For sale by Blakeley & Houghton.

Killed by a Thunderbolt.

BELLAIRE, O., June 14.—The lives of three young ladies were blotted out yesterday evening by lightning. The victims are Minnie McGuire, Alpha Taylor and Emma White, each aged 19. Sarah Bohring was badly stunned and may die. They were residents of Jacobsburg, 11 miles west of this city, and were walking home from church when struck by lightning. It is believed the steel corsets worn by the three that were killed was the chief cause of their death.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store.
