

## HER RIGHTS IN DANGER

Is the Reason Japan Opposes Hawaiian Annexation.

STANDS ON HER TREATY RIGHTS

Annexation Would Abrogate This Agreement and Jeopardize Property Rights of the Japs.

WASHINGTON, June 24.—The gist of the protest of Japan against the annexation of Hawaii to the United States as read to the senate committee on foreign relations yesterday, was as follows:

"The acquisition of Hawaii by annexation to the United States would deprive the resident Japanese in the islands of the right to which they are entitled under the present treaty with Hawaii. There are 25,000 Japanese in the islands with large property rights, and under present conditions they are entitled to become citizens of Hawaii.

"In case of annexation these Japanese could not become citizens of the United States, as decisions of the United States circuit courts are to the effect that no Asiatic can become a citizen of the United States.

"By annexation the Japanese now resident in Hawaii would be subject to any measures that might be adopted by the United States. They would lose the right to become citizens and vote. Large interests owned by Japanese citizens in the islands would be greatly jeopardized. Therefore the Japanese government must firmly protest against the proposed annexation."

### ENGLAND ON THE ALERT.

Rights of British Subject in Hawaii Will Be Protested.

LONDON, June 24.—In the house of commons today the parliamentary secretary for the foreign office replied to a question of Beckett, conservative, regarding Hawaiian annexation. He said the government was aware that a proposal to annex Hawaii to the United States had been submitted for the consideration of the senate, but no decision had been reached.

The secretary added it would be the object of her majesty's government to see that whatever rights according to international law belonging to Great Britain and British subjects, are fully maintained.

### DISPUTE SEEMS INEVITABLE.

Title to Oak Island, Rainy Lake, Is Involved.

ST. LOUIS, June 24.—A special to the Globe-Democrat from Duluth, Minn., says:

Gold has been discovered on Oak Point island, in Rainy lake, which will undoubtedly lead to an international boundary dispute between Great Britain and the United States.

According to maps of the geological survey, the island is in Canadian territory, but according to the wording of the treaty of Ghent, the island is a part of the state of Minnesota. Canada has issued patents to several valuable mining locations on the island and vigorous protests are being sent to Washington by American prospectors. The miners throughout the Rainy Lake district are greatly wrought up over the matter and there is a probability of trouble unless something is done.

The way things now stand, the United States loses entire control, even of her waters in rainy lake, as, according to the geological survey, the United States cannot get a boat into Rainy Lake without first going through Canadian waters. This is the direct violation of the treaty.

### FOR ENDEAVOR TRAFFIC.

O. R. & N. and N. P. Companies Are at War.

SAN FRANCISCO, June 24.—The Oregon Railway & Navigation Company and the Northern Pacific have become involved in a rate war over Christian Endeavor passenger traffic between points in Washington and San Francisco. Both companies are now quoting a rate of \$26.50 for the round trip from Spokane. This war in rates has affected the special Christian Endeavor rates from intermediate points, including Seattle, Walla Walla and other stations on both warring lines.

The Southern Pacific announced another reduction in its special Christian Endeavor rates from Portland yesterday. The company is arranging to run a daylight train to San Francisco, leaving Portland at 5 a. m. on July 5, remaining over night at Ashland, and arriving in this city on the evening of July 8. This will do away with the necessity of sleeping cars, and to all who desire to take advantage of the accommodations the company offers round-trip tickets for \$15.

### SLAIN BY MAHDISTS.

Baron Dhanis' Secret Expedition Comes to Grief.

BRUSSELS, June 24.—The Reformer says it learns from a good source that the entire Dhanis expedition to the headwaters of the Nile, including Baron Dhanis himself, has been massacred.

Baron Dhanis last year enlisted 6000 men in Congo Free State to take part in a secret expedition. The British government allowed some of its Hussar troops to join the expedition, but it was officially denied that an Anglo-Belgian movement has been concerted against the Mahdists. The general impression, however, was that this force was to act in conjunction with the Anglo-Egyptian expedition up the Nile and complete the conquest of the Sudan.

At last Dhanis was reported to have arrived at Lado, north of the territory of the Congo Free State, on the White Nile, and 325 miles north of Victoria Nyanza. It was then understood that the Dhanis expedition would push on northward in the direction of Khartoum. When last heard from in September the baron was at Stanley falls, 600 miles from the nearest Dervish force.

### Rain Storm at St. Louis.

At that point, tickets will have to be purchased to Milwaukee, costing for the round trip \$12.30.

### A. M. WILLIAMS & CO.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
