THE CLAIM OF CORBETT

Committee on Privileges and Elections Discusses It.

ITS CONSIDERATION POSTPONED

Pacific Railroads Committee to Report Favorably Harris' Resolution to Foreclose Union Pacific.

WASHINGTON, June 25.—The senate committee on privileges and elections today considered the report prepared by Senator Hoar in the case of Hon. H. W. Corbett, recommending that Corbett be seated as senator from Oregon. The committee declined to act upon the report, but ordered that it be printed for the use of the committee, together with any views which might be submitted by the members opposing Corbett.

The result of this proceeding will be to postpone further consideration of the Corbett claim until the next session.

THE UNION PACIFIC QUESTION.

Senate Committee on Pacific Railroads to Recommend Foreclosure.

WASHINGTON, June 25.—The senate committee on Pacific railroads today agreed to report favorably a resolution introduced by Senator Harris, of Kansas, expressing the sense of the senate that the United States should redeem the Union Pacific railway from prior liens and take steps to foreclose the government mortgage.

The resolution was amended by the addition of a provision at the instance of Senator Morgan, requesting that the president suspend proceedings to carry into effect an agreement alleged to have been made to sell the interest of the United States in the Union Pacific railroad and in the sinking fund until the further action of congress had reference thereto.

The action of the committee was unanimous.

THE DAY IN THE SENATE.

Wool Schedule Finished and Silk Schedule Taken Up.

WASHINGTON, June 25.—The resolution of Hale relative to restricting the privileges of ex-senators on the floor of the senate to those not interested in legislation was referred without comment to the committee on rules.

Consideration of the wool schedule of the tariff bill was resumed at the paragraph relating to Aubusson, Axminster, moquette and chinelle carpets. Vest moved to strike out specific rate. The vote was 17 to 24, four short for a quorum. A call of the senate brought 52 senators to the chamber and Vest's amendment was rejected by a vote of 21, to 26.

Consideration of the wool schedule was completed at 1 o'clock. Vest offered a number of amendments which were defeated, the schedule being adopted as suggested by the finance committee. The silk schedule was taken up.

The silk schedule precipitated a lively debate, Western and coast senators contending that the committee rates were excessive, prohibitive and burdensome. They claimed the rates ran from 70 to 700 per cent. Platt held that the government figures showed the rates to average 56 per cent. Efforts to reduce the committee rates were rejected.

A REVOLT IN INDIA.

apprehension as an unmistakable sign of revolt.

In addition to the killing of Lieutenant Aycost at Ganestkind, Tuesday, and the simultaneous shooting of Commissioner Rand, who is in a critical condition, other attempts upon the lives of officers are reported. Civil Officer Ross was shot at Peshawar Tuesday night as he was returning home from the jubilee fetes and cannot recover. An attempt was made on the life of Lieutenant Williams last evening as he was entering the messroom at Poonah. Fortunately the bullet struck only his hand.

The authorities have offered 20,000 rupees for the arrest of the natives concerned. The assassins track their victims and shoot them after nightfall. Europeans are very uneasy. The outrages are due to the discontent of the Brahmans.

A Sickening Accident.

ROSEBURG, Or., June 25.—William Grout, about 40 years of age, a sawyer employed by the Sugar Pine Saw Mill near Reston, eighteen miles west of Roseburg, on the old Coos Bay wagon road, met with a fatal accident this morning. While himself and son were turning a log on a carriage with a cant-hook the carriage started, and the saw struck the cant-hook and threw Grout on the lower saw. Before the carriage could be stopped, the saw had passed lengthwise through the body, beginning at the neck and completely cutting him in two. His body was frightfully mangled. He leaves a widow and a large family.

Before the Race.

POUGHKEEPSIE, June 25.—The big 'varsity day opened gray and hazy. The wind was dead south with indications of showers. The chances were considered about even for each crew. For first place the Harvard eight was a slight favorite and the Cornell men were anxious to bet that their crew would beat Yale. Coxswain Colson said the Cornell contingent was willing to let the record made by Cornell last year would be broken. Lehman, at Harvard quarters this morning, made almost the same kind of a statement, saying he believed the three crews were record-breakers. Bookmakers' offers of 12 to 10 against Harvard went without takers.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

CORNELL IS THE WINNER.

Her Crew Came in First in the Great Varsity Race.

POUGHKEEPSIE, June 25.—The crews got away for the 'varsity race at 3:45. P. P. Cornell won the first mile, Harvard was second and Yale last.

Cornell was first in the second mile, Yale second, Harvard third. The time in the second mile was 10:30.

Cornell won out by five lengths, Yale second, with Harvard four lengths behind Yale. The time was 20:34.

Dead on the Tide Flats

SEATTLE, June 25.—The body of Frank Skinner, 64 years old, a member of the local post of the G. A. R., was found today on the tide flats face downward. It is believed he fell off the bridge while drunk. He formerly lived in Portland and San Francisco. He was a bachelor, and has a brother in Milwaukee, Wis.

The locality where the body was found is dangerous, seven bodies having been found on the flats at ebb tide during the past six years.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store. 1
