passengers to keep the crew from becoming lonesome on the way up. Her departure does not excite as much attention as it did nine months ago, and she is allowed to sail without any crowd to see her off.

All singers who will take part in the exercises on July 4th, will confer a great favor on the music committee by being at the court house on this (Thursday) evening at 8 o'clock. It is hoped that the singing on the Fourth will be equal to the other features of the day's program, and our local talent is urged to take a hand in the singing of those beautiful national anthems.

We understand that Earnest Sherar, who at present resides near Cross Keys, met with a painful accident a few days ago. He was driving from Cross Keys to his home when something scared the team and in attempting to run away they threw Mr. Sherar out and broke his collar bone. He was taken to Antelope for medical treatment and is getting along as well as could be expected. His many friends in The Dalles will be grieved to learn of the accident.

On Sunday July 31, the O. R. & N. Company will sell round trip excursion tickets at the depot and Umatilla House ticket offices, from The Dalles to Hood River, Cascade Locks, Bonneville and Multnomah Falls for \$1. Light refreshments will be served at Bonneville at popular prices. This will be an excellent opportunity for small excursion parties to visit any of the above places. Tickets will be sold for train No. 1 leaving at 3:20 a. m., and No. 3 leaving at 6:55 a. m., and will be honored for return on trains No. 4 and 2, on date of sale.

Rev. L. L. Holl, of Chicago, Ill., has accepted a call to the Lutheran parish in Sherman county, Oregon. He left The Dalles for Wasco last night and will begin work there this morning. Rev. Holl is a young man, possessing a thorough classical and theological training, well able to officiate in the English, German and Danish language. He is an able orator and fine musician, and has also several years' experience in practical mission work. His love for the cause of Christianity and his ardent desire to enter pioneer mission work have prompted him to accept a call to the field in Sherman county. We congratulate the Lutherans of Sherman county in securing their new pastor.

Yesterday morning Jack Daly, the opium fiend who is charged with stealing sheep pelts from Chrisman Bros., was arraigned before Justice Filloon for his preliminary examination. A. A. Jayne appeared for the state, while the defendant acted as his own counsel. He claimed that someone, whom he could not produce in court, had given him one dollar to sell the pelts, and that he did not suspect they were stolen. The council for the state argued that Daly should have known that if they were not stolen the party who had them in his possession would not have hired anyone to sell them for him. As Daly's plea was faulty throughout, he was bound over under \$200 bonds to appear before the next grand jury. No bondsmen appearing, he was lodged in jail.

In a few weeks the new Dalles City will be ready for the business of transporting freight and passengers on the Upper Columbia. The house of the old boat, which has been hauled up on the ways alongside, has been transferred to the new hull, and fits like a glove, so to speak. Workmen are now engaged in putting on the last planking and making the boat ready for launching. The fine passenger propeller, Inland Flyer, which is to run in conjunction with the Dalles City, is receiving her machinery, and the work on her cabin is being put in. She will be finished inside in mahogany, and will be an unusually handsome steamer. We understand from parties concerned in the D. P. & A. N. Co. that the Flyer will be put on about July 15th and will well merit the name of the Inland Flyer, as the distance between this place and Portland will be covered in less than five hours without any trouble.

A REMARKABLE CHARACTER.

Le Roy George, the Rattlesnake King. Pays a Visit to Rockland and Secures Some Rare Specimens.

Yesterday our city was visited by a remarkable character in the person of Le Roy George, who the San Francisco Examiner some time ago gave a full page, describing his ability at handling rattlesnakes and the fearless manner in which he acts with those venomous reptiles.

Yesterday he went to Rockland and succeeded in locating and catching thirteen large rattlers and brought them over in a sack to this city. Last evening quite a crowd gathered around Lynch's barber shop to watch him take them from the sack and put them in a soap box, which he had prepared with a screen over the front like a cage. In a short time he had the snakes removed from the sack and put securely into the cage.

He does not claim that he has any special gift, and says that anyone who has the nerve can handle a rattler just as easily as he. A snake in a hole or under a rock will bite a man every time, says Mr. George; but when he is on the open ground a person can walk up to him and pick him up with little danger of the reptile striking him. Two of the snakes he caught yesterday were concealed under a rock. Upon turning the rock over he caught the snakes without any difficulty or danger of being bit.

Mr. George will send them to Portland, where their oil will be used for medical purposes. He informs us that after snakes are captured they refuse to eat or drink, and will live as long as twenty-seven months without any nourishment whatever.

Since he has been in the business he has been bitten twice, but applied the proper antidotes and recovered without any serious results more than a stiff joint in one of his index fingers.

He states that he would give a performance in this city could he secure more rattlers; but he has not a sufficient number to make it interesting.

Attention, Firemen.

There will be a special meeting of the members of Mt. Hood Hose Co., No. 4, on tomorrow, Friday, evening at 8 o'clock, at the hose house to make final preparations for the celebration of the anniversary of the nation's birthday. The celebration this year appeals especially to the patriotism of every citizen and Mt. Hood will, as always, turn out with full ranks and do its duty.

Yesterday Capt. J. W. Lewis and H. H. Riddell, members of the 4th of July committee, called on the different business men, and many of them signified their intention to construct floats for the Fourth of July parade. If they carry out their intentions in this direction,

they will do much towards advertising their business, as well as add to the appearance of the parade on that occasion.

Every evening the band practices over A. M. Williams & Co.'s store, and it will certainly do credit to itself by its playing on the Fourth. Along with the Dalles band will be two outside bands who will add much to the musical program.
