## CONTINUE TO CONCENTRATE FORCES

Asphalt Trust Will Control Paving Material Output.

## ARE HOLDING SECRET MEETING

Even Peanut-Eaters Must Pay Homage to the Coeffers of a Trust—Are Already High, but Further Advances Are Expected.

PHILADELPHIA, June 30.—The articles of the Asphalt Company of America, which has just been incorporated in New Jersey with a capital of \$30,000,000, and which will probably be known as "the asphalt trust," authorize the company to "manufacture, produce, purchase, or otherwise acquire and use asphalt, stone, wood, bricks, tiles, natural and artificial pavements and supplies of all kinds, and buildings which can be used as a part or in connection therewith, or as a substitute therefor; and to sell, exchange, deal in, or otherwise dispose of the same in any manner whatsoever for the purpose of paving, roofing or similar purposes any decorative ornaments, natural or artificial asphalt or combination thereof."

NEW YORK, June 30.—There will be a secret meeting of district assembly No. 75, Knights of Labor, which is composed of railroad men, in Brooklyn tonight, and tomorrow night a similar meeting of railroad men will be held in this city. General Master Workman Parsons will address both meetings. Mr. Parsons has written to the chief executive board of the Knights of Labor at Washington asking that he have full control of district assembly No. 75, as he now has on the recently formed assembly of this city. This is regarded as a significant move by labor leaders, although the lieutenants of Mr. Parsons imply that it is merely a precautionary one on his part.

NEW YORK, June 30.—The American Edible Nut Company, to control the peanut trade, is to be incorporated in New Jersey. The capital stock, it is stated, will be \$5,000,000. The charter of the combination will permit it to handle nuts other than peanut, and the product of nuts grown in this and other countries. The company will control, it is claimed, the entire peanut market of the world.

Peanuts have been advancing for some months from natural causes, there being an active demand and scant supply. When the company begins operations the nuts, it is believed, are likely to advance still further.

## TALKS ON PHILIPPINE WAR

Has Faith in Outcome Force of 50,000 Men Needed.

CHICAGO, June 30.—General Harrison Gray Otis, of Los Angeles, Cal., who was with the Eighth army corps at Manila when the insurrection began and who saw nearly a year's fighting around that city, arrived in Chicago last night en route for Washington. He stopped at the Palmer House and will remain in the city until tonight, before proceeding eastward. His visit to Washington will mark his muster-out of the volunteer service.

General Otis discussed the situation in the Philippines at considerable length and took the hopeful view that with the additional troops to be furnished the war could be terminated before the rainy season sets in.

"With 50,000 troops all told—any 30,000 for the fighting columns and 20,000 for garrison duty," he said, "Major-General Otis can suppress the revolt before the next rainy season, restore peace, establish order, protect all well-meaning natives of Luzon in their rights of person and property, and establish and maintain a simple, economical, just and effective government over the islands."

Robbed the Grave.  
A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley & Houghton's drug store.

Smallpox Scare.  
SPOKANE, June 29.—A smallpox scare exists in a dozen towns in Eastern Washington. Almira, Lincoln county, is quarantined. Calfax has a well-developed case. A new patient has been reported Spokane and Walla Walla has a sick man in her pesthouse. At Almira there are seven well-developed cases, the whole town having been exposed, because the school teacher who first was stricken did not know the nature of his malady and continued to teach for several days. Another case was discovered at Marchall, this county. Five men who occupied a box-car with a smallpox patient have gone to Waverly, where hundreds of laborers are working in the beet-sugar factory. It is feared the epidemic will spread there. Public meetings in farming communities have been prohibited, while vaccination is the prevailing fad.

A Thousand Tongues.  
Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50 cent bottle cured me entirely. I now recommend it to all my friends.—F. A. BASCOCK, Erie, Pa. It is for sale by Blakeley & Houghton, Druggists.

## Tacoma to Be the Center.

TACOMA, Wash., June 30.—A special from New York to the Evening News today says: Negotiations which have been pending for the past ninety days for settlement of the terms for a joint terminal corporation for the Pacific coast have been practically concluded, and the plan of organization agreed upon. Tacoma will be the center of the system, which will include various ports on the navigable waters of the North Pacific coast, where the steamship lines of the Pacific will be centered.

Active work in the carrying out of the project, which includes the Great Northern, Northern Pacific, Burlington and Union Pacific systems, will be at once begun.

## Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. WILSON, Liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by Blakeley & Houghton, Druggists.

An Epidemic of Diarrhoea.  
Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by Blakeley & Houghton Druggists.

A diseased stomach surely undermines health. It dulls the brain, kills energy, destroys the nervous system, and predisposes to insanity and fatal diseases. All dyspeptic troubles are quickly cured by Kodol Dyspepsia Cure. It has cured thousands of cases and is curing them every day. Its ingredients are such that it can't help curing. ## VOLUNTEERS' HOMECOMING

President Orders That All Haste Shall Be Made.

## BUYS NEW TRANSPORTS

Even Reinforcements Must Take Second Consideration—No Negro Regiments Wanted.

CHICAGO, June 30.—A special to the Tribune from Washington says: Under direct orders from the president, every nerve is strained to get the volunteer regiments away from the Philippines without a day's delay. Even the important work of sending reinforcements is to be considered secondary to the necessity of returning the volunteers. The president feels that they have been kept too long already, and is anxious to see the last man homeward bound.

To facilitate the work, the administration has ordered transports to clear from San Francisco as soon as they can be made ready for sea, whether there are recruits ready or not. They will not take reinforcements when they sail, but after arrival will hasten back for volunteers without regard to the new recruits for Oils. The president has also authorized the purchase of two new transports which will be put into the regular service as soon as they can be equipped.

After the volunteers are retired, the transports will carry back full loads of the regulars, and when they are landed, will return for the new volunteers.

## No Negro Regiments.

NEW YORK, June 30.—A special to the Herald from Washington says: No colored regiments will be organized for service in the Philippines. Any colored men enlisted will be assigned to vacancies in the present colored regiments of the regular army. The experiment of the war department with colored volunteers during the Spanish war was not not a happy one, and in spite of reports which come from the Philippines to the effect that the colored man is greatly feared by the Philippines the authorities are averse to running the risk of a repetition of the troubles of last year.

## Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
