

RUSSIA GETS MEDDLESOME

To Prevent Anglo-American Alliance,
She Will Mix.

IN THE BOUND- ARY DISPUTE

Has Distorted Facts and Suggested Bad
Motives—Tupper Has Misrepre-
sented In His Recent Inter view
and Caused Considerable Dissatis-
faction at the United States
Embassy.

LONDON, Aug. 26.—Upon authority of
unbounded reliability, a reporter of the
Associated Press has ascertained that
into the Alaska dispute there has crept
the craftiness of Russian diplomacy.
Russia, it can be stated, will do every-
thing, with every possible energy, to pre-
vent the practical cohesion of the two
great English-speaking nations. In all
her embassies, instructions have been
received to thwart the Anglo-American
understanding. A prominent diplomat,
who is intimately acquainted with the
details of the negotiations of the past few
years, said to a reporter of the Associated
Press:

"In any arrangement looking to a
working agreement between England
and the United States, Russia sees the
defeat of her dearest projects. I believe
her intense activity in China is to no
small extent due to her fear that Anglo-
Saxon power, once realized, will sweep
everything before it in the far East.
Dreading the rapid realization of this
nightmare, she is making hay while the
sun shines, in the meantime intriguing
to the utmost to tie the hands of those
who are working to materialize Anglo-
American sentiment. The later evidence
of this is in the Alaska affair.

"Though, strictly speaking, it is a mat-
ter of internal politics and would have
been settled long ago if left solely to
Great Britain and the United States,
Russia has managed to suggest motives
never dreamed of by America, by dis-
torting facts. It is impossible for me to
divulge exactly how, or to what extent
Russia got her paws into the dispute.
But the attitude of her press, official
to the core, is quite sufficient to show her
motive."

The caustic remarks of Sir Charles
Tupper, formerly Canadian high com-
missioner, in an interview with a repre-
sentative of the Associated Press, had
with him August 18, when he said the
United States was purposely delaying
the settlement of the Alaska dispute on
account of the pecuniary benefit accruing
to miners and coast cities through the
delay, and had refused to have the
boundary delimited, as was being done
in Venezuela, created considerable dis-
satisfaction at the United States
embassy.

It was claimed there that Sir Char-
les Tupper quite misrepresented the facts;
that the dilatoriness was entirely due to
the Canadians.

ADMIRAL WATSON IS VERY ILL

An Accident to His Launch Startled
Him—He is Now Wholly Inca-
pacitated for Duty.

WASHINGTON, Aug. 26.—The Army
and Navy Register says:
Recent advices from Manila mention
the illness of Admiral Watson as a source
of great anxiety to his officers. The ill-
ness is an effect of an accident which
occurred to his launch while he was on
board on July 11. The Baltimore, his
flagship, has been for some time at Ca-

vite, leaving Manila so as to escape the
full force of the typhoons. Requiring
to make a trip up the river, the admiral
started in his launch.

A strong wind was blowing, and the
launch, the Undine, went under the
bridge over the river, known as the
Bridge of Spain, the strong current
aided by the wind set against the little
boat, and she was taken out of her
course and thrown against a hawser from
a sailing vessel. This rope carried away
the awning, and, striking the smoke-
stack, took that also. Admiral Watson,
sitting in the forward part of the launch
and witnessing the full danger of the
accident, showed no conscious appear-
ance of having been startled excessively
by the occurrence or in any way of hav-
ing suffered by it.

Later, however, in fact, before his re-
turn to the flagship, serious heart trouble
developed, and in consequence he was
regarded as extremely ill up to the date
of the letters of the 17th. No one but
his physician is allowed access to him,
and all business of the fleet is forbid-
den.

Killed By His Brother.

SALEM, Aug. 26.—The 6-year old son
of a farmer named Wiley, residing two
miles south of Salem, was accidentally
killed by his 11-year old brother, late
this afternoon, while playing at blasting
stumps. The older boy was cutting a
notch in a stump in which to place "dy-
namite," when his brother ran around
the stump and tripped and fell with his
head in the notch. The ax wielded by
the older boy struck him in the head,
crushing his skull. He died a few min-
utes later.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen
of Hannibal, Mo., lately had a wonder-
ful deliverance from a frightful death.
In telling of it he says: "I was taken
with typhoid fever, that ran into pneu-
monia. My lungs became hardened. I
was so weak I couldn't even sit up in
bed. Nothing helped me. I expected
to soon die of consumption, when I
heard of Dr. King's New Discovery.
One bottle gave great relief. I con-
tinued to use it, and now am well and
strong. I can't say too much in its
praise." This marvellous medicine is
the surest and quickest cure in the world
for all throat and lung trouble. Regular
size 50 cents and \$1.00. Trial bottle

Bryan Still Talking Silver.

KANSAS CITY, Aug. 26.—Hon. W. J.
Bryan stopped here between trains while
en route to Denver, today.
"I shall continue to discuss silver,"
said Mr. Bryan in response to a repor-
ter's query, adding: "There was a story
from Des Moines recently that I was
putting silver in the background. I am
not. I will not. I was incorrectly re-
ported. Silver will be placed alongside
of the other great issues, and it will be
given its due share of consideration. I
stand by the Chicago democratic plat-
form. When a new baby is born in a
household the parents do not expel the

other children. Because the democratic
party is making a fight on imperialism,
militarism and trusts is no reason why
we should send from our household an
older child. We should gather all these
children into our arms and fight for
them."

MIMS HELD FOR MURDER

Verdict of the Pendleton Coroner's Jury
in Miller Case.

PENDLETON, Or., Aug. 26.—The cor-
oner's jury today returned a verdict, in
the inquest over the body of J. Henry
Miller, of murder in the first degree,
which crime they charged against Edwin
L. Mims. Miller was shot in his saloon
Wednesday night by Mims, and died at
3:30 Friday morning. An autopsy by
Dr. N. E. J. Smith and Dr. J. Nichol
established the fact of Miller's death
from the wound, and witnesses examined
today at the inquest related the facts of
the killing. Mims has been held on a
charge of assault with a dangerous
weapon, without bail. Upon the return
of the verdict, a warrant for Mims' ar-
rest on a charge of murder in the first
degree was issued. The original case
was dismissed, and Mims was arraigned
on the new charge. The examination
was set for Tuesday next.

Edwin L. Mims is a son-in-law of Wil-
liam F. Matlock, ex-senator from Uma-
illa county. He has been a practitioner
of the local bar for three years, and
served as deputy internal revenue col-
lector during Cleveland's administration
under Henry Blackman.

Mims' statement to the press was that
he shot Miller in self-defense, and that
Miller was beating him so severely that
he was convinced Miller might kill him.
He asserts that Miller was enraged at
Mims' alleged attempt to undermine
him in his business.

Welcome to Californians.

SAN FRANCISCO, Aug. 26.—The popular
welcome of the California volunteers who
arrived from Manila on the transport
Sherman reached its climax tonight in a
parade which has scarcely ever been ex-
ceeded in this city for size or picturesque
features. The crowds in the streets ex-
ceeded by far those ever before called out
by any similar demonstration, the side-
walks on many of the principal thor-
oughfares being practically impassable
for hours. The entire city was illumina-
ted, thousands of electric lamps being
swung across the streets, and the city
hall and ferry depot being outlined in
light. The parade started from the
northern end of Vanness avenue at an
early hour, but it was late before it
passed through the business section of
the city. Almost every civic and mili-
tary organization in this part of the
state was represented in the long line
which comprised the escort to the home-
coming troops, and the hundreds of
thousands of spectators along the line of
march were widely enthusiastic.

Arrival of the Boston.

SAN FRANCISCO, Aug. 26.—The cruiser
Boston arrived here today from Manila,
from which place she started June 8.
She was drydocked at Hong Kong, and
then went to Nagasaki and Yokohama,
leaving the latter place July 29 for Hon-
olulu, where she arrived August 9, mak-
ing the record trip for a man-of-war be-
tween Yokohama and Honolulu.
The Boston sailed from Honolulu on
the 11th inst. having a smooth passage
during the entire voyage from Manila.

Advised Against Negro Regiment.

WASHINGTON, Aug. 26.—The adminis-
tration is in a quandary about the col-
ored regiment. With a possible race war
in Georgia, in which United States troops
may be called out to disperse negro riot-
ers, simultaneously with the organiza-
tion of a negro regiment, the situation is
somewhat grotesque. Prominent South-
ern men who support the administration
policy have advised against a colored
regiment.
