Better than Ever

We'd be disappointed if we could not truthfully say each season that our suits and overcoats are "better than ever," it's a sign that we're keeping in front, each season a little better than last, getting new ideas and improving on old ones, learning something every day and putting it to use for our customer's benefit. This fall we say—"better than ever" with unusual emphasis.

H. S. & M. suits and overcoats, made expressly for Pease & Mays, have the style, fit and service that only first-class tailor-made clothes can give.

H. S. & M. Suits and Overcoats, \$12.50 to \$25.00.

Sole agents American Hosiery Co.'s Underwear, Monarch Shirts, E. & W. and Arrow Brand Collars, Shawknit Hosiery, Knitwear, Suspenders and Belts of the finest make.

My Lady's Slipper...

should fit her foot. It's harder to make a good-fitting slipper than a good-fitting shoe. A slipper should be snug at the heel and not bulge at the side. We take too much pains with our slipper stock to let anything get in that is not exactly right. We begin with the ordinary house slipper at 85c and \$1, and rise step by step to the best in patent leather and kid in straps and ties nicely trimmed at \$1.50, \$1.75, \$2.00, \$2.50 and \$3.

Trilby and Cole's Original Air-Tight Heaters

For Wood and Lighter Fuel.

The introduction of Cole's Original Air-Tight Heater has revolutionized the heating stove trade in all sections of the United States. Its wonderful economy in the use of fuel, and many other excellent qualities, strongly recommend it to all in need of a heating stove.

What Cole's Heater Will Do.
This stove will heat a room from zero to 80 degrees in five minutes. It will heat your house evenly day and night. It holds fire 36 hours without attention. You build only one fire each winter. It burns chips, bark, leaves, paper and corn cobs, and gives excellent results with this fuel, which is ordinarily wasted. The stove is light and easily moved and set up. The combustion is perfect and ashes are removed only once in four weeks. None of the heat is wasted and the stove will save one-half of your fuel bill. It is clean, economical, convenient, safe and durable.

Every one of Cole's Original Air-Tight Heaters is guaranteed to stay air-tight as long as used. Where wood is used for fuel every family should have one or more of these stoves.

A. B. Ketchum, better known as Frenchie, has moved his agency for the Toy Laundry to the D. K. barber shop where he is also conducting a toothpick stand and laying claim to be the champion shoe-shiner of the Pacific Northwest.

If the fellow who stole a sack of chickens from a few days ago from the out-house of Deputy Sheriff Sexton will return the empty sack, accompanied with his address, Mr. Sexton pledges his word of honor that he will give him the other

two full sacks and his choice of the chickens whose grub he stole.

Henry Hudson, Sr., brought to town yesterday Miss Dora Nielsen who was teaching a term of school at Long Hollow, district No. 30, when a case of diphtheria occurred in the neighborhood and the directors concluded to close the school a month before the expiration of the term.

The Fortnightly was most charmingly entertained by Mrs. J. Morrell Russell last Wednesday afternoon, at her beautiful home on the hill. A new book, "Granstaik," by G. B. McCutcheon, has just been commenced. The club will meet with Mrs. E. H. French Friday afternoon, instead of Thursday, this week.

Commissioners Harriman and Evans arrived here today to attend an adjourned session of the county court to make whatever changes may be necessary in the road districts and voting precincts of the county. This business formerly came before the January term of court but is now, by a new law, made the business of the November term.

Health Officer Van Ande reports two new cases of diphtheria this morning in the home of Mrs. Ellard on Eleventh street. One is Mrs. W. A. France, aged 28 years, and the other Mellissa Ellard, aged 12. The quarantine has been raised from the residence of W. A. Kirby. There are now eight houses under quarantine and no more.

The Wasco Warehouse Milling Company are doing everything in their power to have the city lighted up nights during the holidays. At the very farthest they expect to have the power plant at White river ready for operation by the first of the month. The big flouring mill is practically ready to commence grinding any moment the power is available.

The proprietors of the football fence upon the hill have been annoyed very much by some person or persons who between games, make large holes under the fence, necessitating repairs before games are pulled off. Boys, perhaps, do not know that they are liable to arrest for the same, but if this is continued they will learn positively as to the facts in the matter.

Sheriff Frazier, of Portland, will be here tomorrow to receive between fifty and sixty head of horses which Jeff Dripps has picked up during the past week. The animals are for English cavalry use in South Africa. They are required to be not less than 14 1/2 hands high and not younger than five years nor older than nine. It makes no difference whether they are broken or unbroken. For each animal—that is all they say—Mr. Dripps pays about \$25; buying them becomes as low as \$15.

Manager Clarke makes a special announcement that he has completed all arrangements for the appearance at the Vest Monday evening, December 9th, of the Misses Ethel Balch and Marie

amour, supported by Frederic Murphy and a strong company in Willard Clarke's London success, "A Wise Woman." The comedy is said to be an exceptionally bright piece of farcical writing. Frederic Murphy, the leading man of the organization, became well known to many patrons of the drama through his long connection with Julia Marlowe's company.

Deputy Sheriff Wood and Officer Afsky arrested at 2 o'clock this morning an escaped convict named Charles Webber, to whose arrest Superintendent J. B. Catron, of the Walla Walla penitentiary, offers a reward of \$100. The arrest was made at the freight depot where Webber was found occupying a box car. The officers had been advised that Webber was probably beating his way to the coast with the intention of leaving the country and they were on the look out for him. Webber was serving a sentence of six years for highway robbery committed in Seattle. He had served all but nine months when he was paroled out and he broke his parole the first day.

It seems the "strike" of the carpenters on the W. A. Johnston building, who refused to work with Metkeljohn, the child-beater, isn't over yet after all. It is about the only strike The Dalles has ever had and all the facts ought to be told. Among the strikers was one John Peterson. "Pete" didn't give a cent for Metkeljohn but somebody was needed to do the sympathetic act and "Pete" struck out of sympathy. Then going to the boss he demanded his time and the boss gravely informed him that he would give him ten years. "Pete" left without a word and never came back, either for his time or anything else. It is supposed he doesn't know the strike has been declared off.

MEETING OF CITY COUNCIL.

It is Decided to Build New Sewers on Liberty and Federal Streets.

The regular monthly meeting of the common council was held last night when the following business was transacted:

A petition was presented by about thirty taxpayers asking the council to construct steps up the bluff on Trevitt street just west of Sixth street. The council agreed to appropriate the sum of \$40 for the work, conditioned on this sum being paid Mr. Thomson on the completion of the work.

On motion, city warrant No. 541 for \$18.35 was ordered canceled and the recorder was instructed to notify the city treasurer to that effect.

It was ordered that lot 1, in block 6, Bigelow's addition, belonging to French & Co., and lately assessed for the Court street sewer, be exempt from further assessment for sewer purposes.

The marshal was authorized to employ one or more teams to haul gravel and fill up the holes and hollow places on the public streets, the teams so en-

gaged to be paid by the load instead of by the day.

Complaint was again made that the powder house, east of the Wasco warehouse was still being used for storing combustibles in spite of the fact that the owners of the combustibles had been repeatedly ordered to remove them. The marshal was again ordered to take the door off the building without any further delay.

The treasurer's report for the month was as follows:

RESOURCES.	
Nov 1—To bal including unpaid warrants	\$3728 85
Cash receipts	177 95
Total	\$3906 80
Warrants redeemed and returned	\$ 640 70
Interest on city bonds	800 00
Total	\$1240 79
Bal cash including unpaid war.	\$1666 10
LIABILITIES.	
Dec 1—warrants unpaid	\$126 10
Dec 3—war issued in Nov 794 52	
Interest on city bonds	600 00
Total	\$1430 62
Deduct war redeemed	1240 79
Warrants unpaid	\$ 189 92

Available cash in excess of liabilities \$1476 18

The marshal was instructed to enforce forthwith the ordinance against all parties who own obstructions on the public streets.

The following bills were allowed and ordered paid:

Maier & Benton, wood, etc.	\$ 71 00
S J Brown, sawing wood	5 50
Seufert & Condon, telephones	3 00
Henry Goellner, stone work	80 40
Wasco Warehouse Milling Co., lights	11 65
Andrew Velarde, work on engine house	70 00
Thomas Pack, sawing wood	4 00
Mr. Brooks, wood	5 50
A J Love, labor	2 90
C V Champlin, paid assessment on crosswalk	1 00
Sexton & Walther, sewer contract	500 00

The treasurer reported that \$2031 78 had been collected of the assessment on the Court street sewer leaving \$203 delinquent.

A motion was unanimously carried condemning the Liberty street sewer and plans and specifications were ordered to be made forthwith for this sewer and also for a sewer on Federal street, and the mayor was authorized to appoint a committee to assess the cost of these improvements to the owners of property which will be benefited thereby.
