RADICAL TACTICTS.—At present every Radical paper is filled with accounts of the Tammany frauds, and they endeaver to create the impression that what is known as the Tammany Ring in New York is a Democratic organization. This is done to divert the people's attention from the gigantic thefts being perpetrated by the Federal Administration, and the outrages committed by it. The New York Ring contains among its members some of the leading Radicals in that city, among whom we may name Thomas Murphy. Grant's Collector of Customs in that city. No wonder a Ring; with even one member like Murphy is corrupt. All the o more honest Republicans of New York have endeavored to have Grant remove him for dishonesty. It is stated that it cost Murphy \$80,000 to secure his confirmation, and that he presented Grant with a cottage at Long Branch, worth \$30,000 in consideration of the appointment. He is known to be unscrupulously dishonest, and a leading member of the Tammany Ring, yet Grant retains him in one of the most important positions in the country-This expose of corruption is not a Radical discovery. Pomeroy's Democrat came out against the Ring long before the Radical thought of it. The Democracy of the demanded speedy punishment for the perpetrators. Everywhere the Radicals have rascality wherever it is found, while the venal hands. Act before it is too late. Radicals endorse it if found in their own party. This is the difference between the

Army Expenses-

In 1860, says the Washington Patriot. the cost of our military establishment, as stated by Mr. Boutwell-

Financial Report, 1870, (p.

30,) was......\$16,472,202 72 And for last year, (1870)... 47,655,675 40 Being a difference in cost between a Democratic and Republican Administration for one year, in the single item of War Department expenditure, in time of peace, amounting to \$40,183,472 68. In other words, the Radicals taxed the country last year nearly four times as much expended in 1860.

The report of the Adjutant General of the army for 1870 informs us that the army is divided as follows: Military Div. of the Missouri. . 14.076 men

Military Division of the South, 8,764 men Military Div. of the Atlantic. . 5.159 men Military Div. of the Pacific. . . . 4,642 men

Total 32,641 On page 151, Secretary of War's Report, it is stated that there were moved by the Pacific railroads during the year 1\$70 13,642 persons, on account of army transportation, at a cost of \$882,235, including freight and animals. So that it would seem that nearly one-half of the entire army passed over the Pacific railroads during the year; while it appears from the report of the Adjutant General that only 4.642 troops are embraced in the entire Military Division of the Pacific.

On the same page of the Secretary's report it is stated that "two steamers and three sailing vessels have been sold during the year for \$11,310," following on the announcement that, during the same year, the Department had chartered six steam-
