THE SYSTEM AT PAULT.

Why should the assessment of Marion county have been reduced from \$6,326,276 in 1887 to \$4,412,455 in 1885? This reduction is positively, shamelessly, dishonest It was made solely for the purpose of the State, and of throwing upon other counties more than their just proportion of the litxes.-Oregonian. And even counties will become thieves

under such a system of taxation as we enjoy, for it is a thieves' system. Inaugurate the "single tax" system, based on land values only, and we will have justice, and honest labor will receive its just reward. The farmers especially, and all other toilers should look into and see the merits of this system. They would find it the only system whereby the honest and industrious would receive every cent which they would earn and was due them. The loafer, the speculator and the gambler would find their means of sustenance gone. All men would grow to love one another instead of bearing hatred and malice and envy one against another, as now. It is the system of progression, and we are fast becoming apprised of that fact, Let all men lay aside their conceit and prejudice and take a peep at a system which promises these good things, and which will fulfil its promises as sure as the inspiration of some men has brought great results to mankind in the past. Let us build up ourselves by building up others besides ourselves in part of a truth little known at present, but waich will soon have the freedom of the wind.

PREPARE to give to the Hunt railroad subsidy. Don't try to evade your just portion of the amount. It will come back to you threefold. If you have \$500 worth of property you can well afford to give \$25, and if you are worth more you should give in like proportion. Don't shirk the duty. It's not manly or just.

The sale of the reservation lands in the spring will help to make Pendleton prosper. Each and every citizen should have his eyes open to the best interest of the town and never fail to do his portion of the work of advancment.

The public schools of Pendleton resume their duties next Monday, when the children will return to their studies with renewed vigor after a delightful and enjoyable vacation of two weeks.

Trouble in a Synagogue

For eighteen centuries the Jewish peo-ple have shouldered the responsibility of the crucifixion of Jesus Christ, and though theologians from time to time have attempted to pilliate the act, it has remained for the rabbi in charge of the in Omaha to trumpet that the event supposed to have taken place on Calvary is all a myth.

Last Sunday when addressing his congregation at the regular Sabbath day services Rabbi Alexander bronched his theory and undertook to prove that it was Simon Peter and not the Savior who met the ignominious death recorded in holy writ. To say that the congregation were astonished but faintly expressed their feelings. They arose and advanced on the rabbi with such energy that he barely saved himself by a hurried exit through the back door.

Then his flock fell to arguing the point among themselves. A general fight en-sued and the church furniture was circulating freely through the air when an officer entered and placed all he could get hold of under arrest and charged them with disturbing the peace.
