GENERAL NEWS.

Dr. Paul Gibber, aged 49 years, head of a sanitary fund and of the Pastur Institute of New York, died Sunday night from the effects of injuries received in a runaway.

By a collision which occurred in Warwick, near Providence, R. I., on the suburban line of the Union railroad Sunday, two cars striking end on, four persons were killed and 38 injured, of whom three are probably fatally hurt.

A great quantity of Filipino documents were discovered by General Funston and the men under him a few days ago in the Philippines. These documents throw considerable light upon the insurgents' tactics and actions.

The board of trustees of the Northfield Massachusetts Seminary elected two new members to the board—Paul Dwight Moody, to fill the vacancy caused by the death of his father, and George E. Keith—and resolved that the work should go on without any diminution.

The death of Howell Lewis Lovell, one of the Washingtons, took place a few days ago in Kentucky. Mr. Lovell was born in Charleston, Va., July 9, 1824. He was of distinguished lineage, being a great-grandson of Betty Washington Lewis, only sister of General George Washington.

The Supreme court at Topeka, Kansas has reported the celebrated murder cases of George Dobbis and Mrs. Amelia New, now serving life sentences in the Lansing Penitentiary for the murder, near Eureka, in 1897, of Joseph New, the woman's husband. The court has granted a writ of coram nobis, which is, in effect, an order to the district court to hear the application for a new trial, which the lower court had refused. A man in the penitentiary confesses that he and two others killed Joseph New and that the man and woman convicted of the crime are innocent.

PACIFIC NORTHWEST NEWS.

Pioneer day, June 15, will be fittingly observed in Portland by the Pioneer society.

George K. Dean, a capitalist who registered from Spokane, dropped dead in the Perkins hotel at Portland Sunday afternoon at 4 o'clock, of heart failure.

J. W. ("Billy") Allen, the oldest clerk in point of service at the Hotel Portland, has received and accepted the appointment as manager of the Hawaiian Hotel, the leading business hotel of Honolulu, H. I. Mr. Allen will assume his managerial duties July 1.

The princely endowment of Washington University, St. Louis, Mo., by Samuel Cupples and Robert S. Brookings recalls the fact that Dr. William G. Elliot, father of the Rev. Dr. T. L. Elliot, of Portland, was one of the prominent founders of this institution.

As a result of the suit of John Vogel against The Dalles, Portland & Astoria Navigation company for \$1999 damages, on trial in the superior court at Vancouver, Wash., a verdict was rendered by the jury, awarding Vogel \$500.

F. M. Pearson, stock inspector for Grant county, has completed his inspection of the sheep, and reports them in fairly good condition, only six bands with scab. He found a total of 139,985 sheep in the county, which does not include any lambs. To this number can be added an extra large lamb crop, estimated at 82 per cent.

The Seattle Times says the name of Miles C. Moore, of Walla Walla, will be presented to the fusion state convention this fall as a candidate for governor. Gov. Moore's friends in Eastern Washington are boosting him as a candidate, and are urging that his nomination would settle all differences in the party and cause the fusion forces to present a solid front to the common enemy.

A train of 20 cars, containing 1000 head of young cattle, left the Portland stock yards Sunday evening for Conrad, Montana. The animals were purchased along the line of the Southern Pacific railroad, between Portland and Roseburg, by N. L. Cornelius, for the Florio Cattle company, of Helena, Montana, and they comprise the sixth trainload which Mr. Cornelius has shipped from Oregon this summer.

BULLER FORCED A WAY

The Boers Oppose Him With a Considerable Force.

ROPES CASUALTIES NOT EXCEED 100

The British Are Recovering Lost Ground at Rooodeval; News From Boer Sources Rather Startling.

London, June 12.—The war office here posts the following dispatch from General Buller: "We forced Almond's Nek. It is last dottle to Charlestown flats. The enemy is in considerable force, with several guns in good position. The brunt of the fighting fell upon the Second Dorsets, who carried a position at the point of the bayonet, and the third cavalry brigade, who were heavily attacked. I hope our casualties are less than 100, but they may be more."

News From Kelly Kenny.

London, June 12.—The war office has received the following dispatch from General Kelly Kenny: "Bloemfontein. Our troops from the north are at Honing Spruit, south of Rooodeval, where the Boers cut the British lines of communication, having defeated the enemy. They will be at America siding tomorrow. General Knox moves out from Kroonstad to intercept the enemy."

Favorable to the Boers.

London, June 12.—A plentiful crop of reports is filtering through Lorenzo Marquez. According to these, the Boers have taken Bloemfontein, where President Steyn again occupies the presidency; the British sustained a severe defeat at Elandsfontein; and lost 750 killed and wounded and 150 prisoners in the fight at Vredefort. Nothing from any other source lends color to these stories with the exception of the last, which is probably the Boer version of the disaster to the battalion of the Derbyshire regiment at Rooodeval. On June 11th President Steyn was at Vredefort, 200 miles from Bloemfontein. The dispatch from Loebtendburg says: "Sixty Johannesburg mounted policemen, with maximum gun have surrendered to General Hunter."

For the Want of Water.

London, June 12.—The war office has issued the following dispatch from General Buller: "Jobert's Farm.—An encamped four miles north of Vredefort, Laings Nek and Majuba were both completely evacuated by the Boers last night. General Clary is now coming over the Nek. I had to camp here for the want of water."

CAPTURE OF FILIPINO LEADERS.

In Washington Captures Are Considered in the Nature of Surrenders.

Washington, June 12.—General MacArthur, at Manila, cables as follows: "The capture of Generals Hizon, near Mexico, and Cavetayay at Alcala, is reported and both are important. The latter is an important leader of the guerillas in Pingasian province, Luzon."

General Corbin attaches considerable importance to these captures. In his opinion they are in the nature of surrenders and indicate that the principal leaders of the insurrection are abandoning the cause.

Appraiser of New York.

New York, June 12.—A special to the Herald from Washington says: Representative Byrnes, of California, has been appointed on the board of general appraisers of New York, caused by the failure of the senate to confirm the appointment of W. D. Bynum of Indiana to that office.

Ohio Democratic Convention.

Columbus, Ohio, June 12.—All preliminary work of the democratic state convention was completed today. The agitation for Admiral Dowe as a candidate for vice-president continues and it is claimed to be entering into the contest for delegates at large to be named by the state convention.

Robbed the Government.

San Francisco, June 12.—J. W. Bartholomew, secretary of the American Box Factory of this city, has been arrested, charged with a conspiracy to defraud the United States government. He is charged with the factory received payment for boxes never furnished by it.

Duel to the Death.

Dallas, Texas, June 12.—At Livingston, Texas, Bruce Pounds and Douglas Hinson fought a duel to the death with pistols. The duel was the result of a quarrel. Eleven shots were exchanged and both men died in their tracks.

The Wheat Markets.

Chicago, June 12.—July wheat in a minute fell up to 7 1/2 c and closed at 75 1/2.—Cash wheat, 77 cents per bushel.

San Francisco, June 12.—Cash wheat 95 cents per bushel.

Wisconsin Democrats.

Milwaukee, June 12.—The democratic state convention met here today. Judge J. P. McGillan, of Green Bay, was made temporary chairman. After appointment of the committees a recess was taken.

Government Assay Office.

Seattle, June 12.—The season opened at the United States assay office here very auspiciously, there being 250,000 worth of gold dust deposited by 50 miners who came down from the north.

A Chilean Squadron.

Lima Peru, June 12.—A powerful Chilean flying squadron of six vessels anchored off Arica Monday. The vessels will remain there for a week and then proceed southward.

Reciprocity Agreement.

Washington, June 12.—President McKinley has issued a proclamation formally announcing the establishment of reciprocity agreement with the Portuguese.

German Navy Bill Passed.

Berlin, June 12.—Reichstag today passed the navy bill.

WRECK ON GREAT NORTHERN.

A Number of Passengers Injured, But None Killed.

St. Louis, June 12.—A special to the Globe-Democrat from Spokane says: Meagre particulars have reached here that the Great Northern eastbound passenger train was derailed at Summit, Mont. It is supposed the accident was the result of a broken rail. Two engines and four coaches are reported to have gone into the ditch. A score or more of passengers are injured but none are reported killed.

Car Lines in Operation.

St. Louis, June 12.—All lines of the Transit company are in operation, but only a portion of the cars are running. On some lines the police guards have been dispensed with. The mayor's proclamation, forbidding the use of explosives or fire arms, and warning those having no business on the streets to keep off, is having a good effect.

ELECTION NOTES.

Related Returns From Grant and Other Counties.

The total vote cast in Clatsop county on last Monday was 2115, just 733 less than in 1898, and 430 less than the registrations.

W. R. King, fusion candidate for prosecuting attorney, and Judge William Miller, republican candidate for the same office, ran an even race in Clatsop county, but in Grant county Miller received 136 majority. With all that is expected from Malheur, the other county in the district, in favor of King, this majority can not be overcome, therefore it is reasonably certain that Miller is elected.

District-Attorney-elect George E. Chamberlain in Portland has selected his deputies, John Manning being chief deputy and Arthur C. Spencer, deputy. Manning is a democrat and Spencer a republican.

In Grant county Laurence, democrat, for sheriff, is elected over King, republican, by a majority of about 35. Mack, democrat, for school superintendent, carried the county by a majority of over 300 over Bonham. Late action indicates the election of May, democrat, for assessor, over Kahl, by a small majority. The republicans elected R. R. McHaley, clerk, M. W. Bailey, commissioner, W. F. White, surveyor, Z. J. Martin, treasurer, and D. W. Morrow, coroner, the last two persons having no opposition.

Wool Sales at North Yakima.

The proposition at North Yakima to establish regular wool sales days on the 1st and 15th of each month have brought out buyers from all sections of the wool containing markets. Among the representative buyers present during the past week were W. P. Fell of the Pendleton, Oregon, mills; William Ellery, representing Holloway and McDonald of Boston; Fred Joselyn of The Dalles, Ore.; representing J. M. Russell, Phillip Davis of San Francisco, and E. H. Clark of Chicago. Cash bids, sold 25,000 pounds to Ellery of Pendleton for 13 cents; Willis Mercer 10 bales at 11 cents; John Koch of Prosser sold 120 bales at 10 1/2 cents and James Jack of Conall sold 143 bales at 12 cents. There are 2000 bales on hand and more coming in for the next sale, which will be on the 15th of this month.

More Postal Thefts.

Postal thefts have been discovered at Seattle and Everett. A T. Frazier has been arrested with \$4100 in Tacoma bank checks which had been cashed by local banks in Everett and had been forwarded by mail over the Great Northern railway to Tacoma for collection. Absolute proof has been obtained that the checks went into the United States mails at Everett and were deposited in the government mail pouches and delivered aboard the mail cars. The government officials believe that the employees of the railway mail service are connected with the attempted steal.

A Boy Inventor.

Hermon H. Toll, a boy of Clarinda, Iowa, has invented a compound machine-gun which has excited the interest of Congressman W. F. Hepburn, who is said to be impressed with its deadly possibilities.

The gun, or guns, consists of 144 rifles of small bore, which are mounted in a carriage resembling a mover's wagon. The muzzles point out of the rear of the wagon and are arranged in twelve tiers with twelve guns in a tier.

All of these guns are connected by a lever, by one movement of which all the guns may be loaded, fired and the shells ejected. One operator can work the guns. Toll declares that at a mile range the gun can scatter bullets over a distance of 248 feet, putting a bullet every two feet. The compound gun, he declares, has a capacity of 8040 bullets a minute.

An Interesting Discovery.

Recently in making repairs upon the interior of a dwelling house in Boston, the discovery was made that the water pipes were lined with glass. The house was built some sixty years ago, when Cochituate water was introduced into Boston, the owner of the house with hundreds of others became panic-stricken over the possibility of lead poisoning and had all of the pipes used in bringing city water into his house lined with glass. This was expensive and unsatisfactory, and few attempted to have the glass-lined pipes. It is thought that no other house in Boston has plumbing of this unique nature.

Ocean Soundings.

An ocean depth of 5291 fathoms, or 31,550 feet has been found by the United States steamer "Albatross," which has lately been engaged in making soundings for a submarine cable between Guam and Manila. In November, 1899, the "Albatross" reported a sounding of 900 fathoms about 500 miles east of Guam. The deepest ocean sounding heretofore reported was 30,930 feet, northeast of New Zealand and east of the Kermadecs, in the South Pacific.

The City of Seattle arrived Saturday night at Seattle from the north with \$400,000 in dust and 230 passengers, most of whom are from Dawson. Thus far five boats have reached the lakes from Dawson, and the rush for the states is fairly on. Among the returning Dawsonites are many women and children.

MARTIN WANTS A CRUISER.

United States Consul at Chin Kiang Needs Protection.

SITUATION DISCUSSED BY CABINET.

Empress Arrival at Peking Has Had a Quiet-Ing Effect; Catholics Under Protection of French Guard.

Washington, June 12.—The following dispatch has been received at the state department: "Chin Kiang—A large number of natives who have organized a secret society are halted here. The people are very apprehensive over their presence, there being no protection. A cruiser is needed. Martin is the name of the United States consul at Chin Kiang."

Cabinet Discusses Chinese Situation.

Washington, June 12.—The cabinet meeting today was devoted largely to a discussion of the Chinese situation, which indicates the situation is very critical. It was decided to stand by the policy of acting independently as far as possible. The Chinese government will be looked to, under the general laws of nations, to restore order and make reparation. From any political schemes in which the other powers may become involved, the United States is to hold aloof.

Situation at Peking.

Peking, June 12.—The arrival of the empress dowager has rendered the city somewhat more quiet than it had been recently. Protestants have erected a barricade before the building in which they have taken refuge, and they have a small guard. Catholics are concentrated north of the cathedral under protection of a French guard of 25 men who will hold out to the end. Peking, especially Tartar city is safe.

"At Tien Tsin the victory has finally convinced the emperor to transport the relief force of 400 under the American commander. Partial restoration of the railway is expected to be effected by tomorrow. More massacres of Christians are reported.

The Russians are making large purchases of canned provisions at Shanghai and everything points to an outbreak of hostilities. All the British missionaries will probably be ordered to return quickly to treaty ports.

Conference American States.

Washington, June 12.—Secretary Hay has invited the diplomatic representatives of all American republics to meet Wednesday in this city to discuss the time and place for holding the next international conference of American states.

Grand Lodge of Masons.

Tacoma, June 12.—The forty-third annual session of the Grand Lodge of Masons of the state of Washington convened here this afternoon. Tomorrow the grand chapter of Eastern Star assemblies.

BAD JOB FOR GRAHAM GLASS.

Compelled to Imitate Kiamath Shepherd When Queried by Simon.

The following appeared in the Oregonian subsequent to the election of last Monday, Graham Glass, it being said for the benefit of those who have not followed closely the career of the Portland young man of the sack, is the Frenchman who for several years has been supposed to be Senator Simon's dispenser of lucre in the state of Oregon. The Oregonian said:

"A Kiamath local lawyer who has been watching the local political situation pretty closely was asked yesterday what he thought Graham Glass would say to Senator Simon when the latter returned from Washington and asked how a 5000 majority had been converted into a 10000 minority.

"I don't know," said the lawyer, "but I have an idea it will be something like the answer of the Kiamath shepherd. Never heard of that? Well, this herder was engaged by a rancher to herd a band of sheep, and he went out on the range. In about a month he came back and asked his employer if there was any more work for him to do.

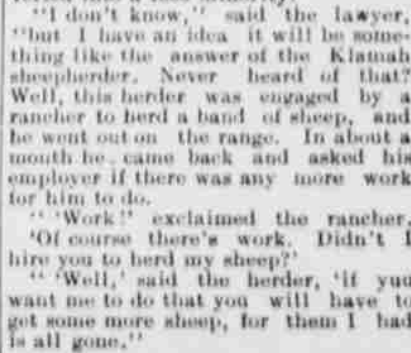

"Work," exclaimed the rancher, "of course there's work. Didn't I hire you to herd my sheep?"

"Well," said the herder, "if you want me to do that you will have to get some more sheep, for them I had in all gone."
