Some Lessons in "Figgers."

"A man sold a horse for \$90, bought him back for \$80, and sold him again for \$100. How much did he make on the transaction?"

That's easy—\$20.

"Well, we'll give you another one: A man bought a bill of groceries in Portland for \$78.00 and paid \$9.70 freight; how much did he lose?"

That's easier still. He could have bought the same bill of groceries from us for \$84.00. He was out \$4.30, that's all.

We Want Your Orders for Harvest.

We claim we can give you the lowest prices in Oregon for your money. Don't send off to Portland or go anywhere else and buy them. They'll cost you more. Come here, get our prices and we will convince you that we can save you money.

If you have or intend to buy elsewhere, a comparison of our prices will more than repay you for any special effort you may make in coming.

ONE PRICE TO ALL.

No man's money is better than yours; No man's prices are lower than ours.

BATTLESHIP OREGON GOES ON THE ROCKS.

The Great Ship Struck in a Fog Near How Ke Light.

SEVERAL HOLES IN BOTTOM

The Accident Occurred 150 Miles East of Taku, For Which Port She Was Bound.

ASSISTANCE HAS BEEN SENT TO HER

Accident to the Oregon Is Causing Great Un-easiness to the Navy Department as Well as to the Administration at Washington.

Washington, June 30.—A dispatch has been received here by the navy department telling of the battleship Oregon being on the rocks, fifty miles west-northwest of Che Foo, which is 150 miles east of Taku.

The Oregon's Officer Reports.

Washington, June 30.—The following dispatches were received at the navy department relative to the grounding of the battleship Oregon: "Che Foo, June 29.—I anchored yesterday in dense fog, in 17 fathoms of water three miles south of the How Ke light, in the gulf of Pe Chih I sent out two boats and sounded the least water found was 5 1/2 fathoms. The weather is clear. Got the ship under way and she struck Pinnacle rock. There is much water in the forward compartment. The sea is perfectly smooth. I shall charter steamer if possible at Che Foo and lighten the ship. The rock is through the side of the ship above the double bottom, about frame 19. There are small holes also through the bottom of the ship.

(Signed), WILDE."

Zafro to Assist the Oregon.

"Hong Kong, June 29.—The Princeton has arrived here. The Brooklyn leaves today for Nagasaki. The Zafro is at Che Foo and has been sent to assist the Oregon.

(Signed), REMEY."

The Oregon May Be Saved.

Washington, June 30.—Pinnacle rock, where the Oregon ran aground, lies three and two-thirds miles south of Hawkland. The rock is encircled by a shoal.

The naval constructors here think the ship can be saved if the weather and water does not become rough.

Che Foo, June 30.—The Iris was sent to the assistance of the Oregon.

(Signed), RAYMOND ROEBERS, Commander of the Nashville."

The Boat Races.

Ponghkeepsie, N. Y., June 30.—At four o'clock, the hour set for the beginning of the boat races here, the wind was equally and the water very rough. The referee announced that the first race would be between the "Varsity Eights" at six o'clock.

Princeton Won.

London, June 30.—In the International Athletic meet here today, Princeton won three out of the four events.

The Wheat Markets.

Chicago, June 30.—July wheat, 80 3-8 cents per bushel.

San Francisco, June 30.—Cash wheat, \$1.00 1/4 per cental.

CHICAGO MARKET.

Reported by L. L. Ray & Co., Chicago Board of Trade and New York Stock Exchange Brokers.

June 30.—Liverpool was unchanged, closing at 3 3/4. Chicago opened 5-8c lower at 81 1/2, and sold down to 80, closing near the bottom, 80 1/4 to 3-8, July. The Northwest have had showers the past two days but it comes too late to change conditions. A Winnipeg dispatch says of 1,800,000 acres under wheat, 1,000,000 acres will never be cut. Senator Washburn of the great Minneapolis flour mill is just back from a brief trip over the Dakotas and Minnesota and says the three states will not have to exceed 50,000,000 bushels of wheat against nearly 300,000,000 in 1899. Rain now cannot help wheat crops. The excessive heat of the past six days has practically completed its destruction. Stocks are higher. Money 2 per cent.

Close yesterday, 81 7-8.

Open today, 81 3/4.

Range today, 80—81 1/4.

Close today, 80 3/4—3-8.

EN ROUTE TO KANSAS CITY.

Democratic Delegates Come Through in a Special Car.

Col. J. Raley, one of the state delegates to the democratic national convention, arrived this morning from Portland, and leaves tonight for Kansas City to attend the convention. Charles Nickell, of Jacksonville, will be on the train this evening and accompany him. The special car for the delegation passed through this morning, containing Dr. J. Welch, of Peory, of Portland; Judge A. S. Bennett, of The Dalles; R. M. Veatch, of Eugene; Milton Miller, of Albany; and at this place William Scheer joined the party.

The delegation did not organize before going to Kansas City, but determined to meet before the national convention and organize. Col. Raley will come home immediately after the convention adjourns.

CANDIDACY OF TOWNE.

He is Not Crowding for the Vice-Presidential Office.

Kansas City, June 30.—Congressman Towne this morning gave to the Associated Press reporter the following signed statement: "I am not crowding my candidacy for the vice-presidency in the ordinary way, and have canvassed no delegations. My friends rely upon logic and the policy of the situation and expect the democratic convention to nominate me."

GOLD FROM ALASKA.

Steamers Bring Much Yellow Metal to Vancouver and Seattle.

Vancouver, B. C., June 30.—The steamer Cutch arrived here this morning from Skagway, with fourteen passengers, from Dawson City. The amount of gold brought down was \$30,000. Passengers say the exodus from Dawson to Nome continues unabated.

REAR ADMIRAL PHILIP DEAD.

Commandant of the Brooklyn Navy Yard Dies of Heart Disease.

New York, June 30.—Rear Admiral Philip, the commandant of the Brooklyn navy yard, died here this afternoon of heart disease.

Just From Nome.

Seattle June 30.—The steamer San Blas arrived this morning at 10 o'clock from Nome. She had \$1,250,000 in gold on board.

McKinley in Canton.

Canton, O., June 30.—President McKinley reached Canton today. He made a brief speech in response to an enthusiastic welcome.

BRITISH HOSPITAL SCANDAL.

IT IS THE ALL-ABSORBING TOPIC THROUGHOUT ENGLAND.

The Treatment of Fever-Stricken British Soldiers in the Field Was Disgraceful.

London, June 30.—"Yellow Peril" as the Chinese crisis is now called here, is, for the moment, relegated to second place. Public interest in the hospital scandals in South Africa so absorbs the attention of the public all over England that no amount of old quibbling can suppress it. The treatment of the wounded and fever stricken British soldiers in the field threatens to become as serious a matter for public agitation in England as the military camps in the United States were after the Spanish American war.

THE DEMOCRATIC PLATFORM.

Financial Plank Already Being Considered by the Leaders.

Lincoln, Neb., June 30.—When Congressman Sulzer leaves here for Kansas City this afternoon, the popular supposition among the democratic politicians now in Lincoln is that he will take with him the expressed wishes of Mr. Bryan as to what should compose the financial plank of the platform to be presented to the democratic national convention. Mr. Sulzer is regarded here as the mouthpiece for the time being, at least, of the New York delegation. Sulzer himself is for a positive, specific declaration for free silver coinage, at a ratio of 16 to 1.

He will not be satisfied with reaffirmation of the Chicago platform. Whether Mr. Bryan takes the same stand as Congressman Sulzer, neither gentlemen will say, but it is the general opinion that they are not far apart. It is noteworthy that James Hamilton Lewis entertains for Bryan the same attitude as that of Sulzer.

Following an extended conference at Bryan's home, Mr. Lewis said: "I am satisfied, I believe, if it were left to him, would not consent to the commission from the platform of an explicit declaration for free silver at a ratio of 16 to 1."

Ratio to Be Left Out.

Lincoln, Neb., June 30.—It is reported here that former Governor Stone and Mr. Lessor, of Missouri, who are supposed to favor the democratic platform in charge, sent an agent to see Bryan, and that the latter has consented to leave out the specific declaration for 16 to 1. The report cannot be verified, however.

Putting on Convention Attire.

Kansas City, June 30.—Kansas City looked like a convention city in good earnest today. The early trains brought in many who are to take part in the convention, and in the hotel corridors were seen whose faces are familiar at the great national democratic gatherings. David S. Rose, mayor of Milwaukee, will probably be the temporary chairman. Ex-Senator Dubois, of Idaho, one of the managers of the silver republican party, will probably be the chairman of the committee on resolutions at the convention which meets July 4, and in this prospective capacity has been in consultation with the democratic leaders.

SOFT DRINKS AT THE GROVE.

Stands Will Be Erected to Serve the People on the Fourth.

It has been arranged that stands for the serving of refreshments will be erected in the Byers grove and that on the Fourth people assembling there will be able to obtain soft drinks at their pleasure. This will add to the attractiveness of the grove as one of the features of the celebration.

The decoration committee has caused the erection of lofty frames at the corner of Main and Court streets, on which will be constructed an arch for the Fourth. It is designed to make it a handsome affair.

Competition grows keener as the time approaches for the celebration, and the various lodges arrange for the floats to be entered in the parade in the evening. It is now settled beyond all question that this feature, the illuminated night parade, will be the most brilliant affair ever seen in Pendleton, or in any other eastern Oregon town, for that matter.

From all parts of the county comes the word that the people are coming here to celebrate. Every portion of the county will contribute numbers of people, the trains bringing large numbers and many coming as usual in wagons.

The First National Bank and the Independence National Bank, at Independence, Polk county, have consolidated their interests.

CHINESE ARSENAL TAKEN

The Combined Forces Make a Successful Attack Upon It.

FOREIGN MINISTERS AT PEKIN SAFE

Captain McCalla, in Command of Pekin Relief Force, Slightly Wounded and Also Ensign Taussig.

London, June 30.—The war office has received the following dispatch from Colonel Durward: "Che Foo, June 30.—The arsenal, north-east of Tien Tsin, was captured during the morning of June 27th, by the combined forces. The naval brigade had four men killed and 15 wounded including two officers."

Captain McCalla Was Wounded.

Washington, June 30.—A cablegram from the state department has received the following cablegram from Admiral Kempff: "Che Foo, June 30.—The ministers at Peking were given 24 hours to leave on the nineteenth. They refused and are still there. The Peking relief forces got half way. They were attacked by the Chinese imperial troops on the 18th. Captain McCalla was in command. Four men were killed and 25 wounded. McCalla and Ensign Taussig were wounded, but not seriously. Now there are over 14,000 troops ashore. Commander Wise commands at Tong Ku, and is in charge of transportation by rail and river. The combined nationalities find it necessary to make use of some civilians to operate the railway."

The Foreign Ministers Safe.

Washington, June 30.—A cablegram received at the state department today from Ambassador Choate at London states that the foreign ministers were all safe at Peking June 25. The Chinese minister, Mr. Wu, has received private advices to the same effect.

Situation in China.

London, June 30.—Apparently remains the key-note to the situation in China. Well informed quarters continue to believe the legations are still at Peking, but authentic information is lacking. Dispatches tend to create the impression that the Chinese authorities are playing a double game, by simultaneously promising new elects against the boxers and sending secret orders to the viceroys to disobey the "commands" to suppress the outbreaks. Reports from Shanghai notes increasing signs of a general spread of the rebellion in the southern provinces. That city also reports a serious uprising confronts the Japanese troops in the island of Formosa. Japan is satisfied it has been organized from China.

Steamer Bremen Lost.

London, June 30.—The steamer Bremen, which sailed for South Africa Thursday, with twelve hundred British troops, has returned to Southampton with a crew of the German steamer Bremen, with which she collided off Ushant in a dense fog Friday morning. The Bremen sank four minutes after the collision occurred, but no lives were lost.

DESERTED HIS FAMILY.

Man Named Buster Deserts and Leaves a Wife and Two Children.

Frank Hanna, of Cold Springs, came into town Friday, and late in the day discovered that a horse belonging to him had been left at a feed yard here by a man named Buster, who also left a note saying whose was the horse, and that he had gone. Where the fellow has gone is now the problem.

It was a week ago Buster mounted a horse at the Hanna ranch, where he worked, and said he would drive up some horses. He never came back, and where he went was a mystery until Friday evening, when the horse and note were found.

Buster is a healthy, strong man, able to work, yet he left his wife and two children with no provision for their keeping. He was to have gone to work on Monday at \$2 a day. He has been at the Hanna ranch for about a year.
