"Little Men's Shirts"

FOR BOYS 3 to 6 years old.

If you want the little fellow to swell his breast with pride just put one of these "Juvenile Shirts" on him. It's once in a lifetime he will wear a "real man's" shirt at three years old. We have them in three styles, two fancy stripe and one white, size 10 to 12 1/2—75 cents. We also have the new high turn down collar to fit them. We also have in our new fall stock of boys' and youths' suits and they will please you.

"Big Men's Shirts"

FOR MEN 20 to 100 years old.

No one in Pendleton shows as many styles for fall and winter as we do. Our sales demonstrate that our shirts please. We have a fine white shirt with a real fine linen bosom for 50c. Better ones for \$1.00 and \$1.25. We especially mention our selection of Fancy Madras shirts at \$1.25 and \$1.50. This is just about the amount that many want to pay for a shirt and we show as fine a stock as you'll find in most any large city. We also have just received a complete line of E and W. collars and cuffs.

AT GATES OF THE PALACE

American Troops Were First to Enter the Imperial City.

AMERICANS KILLED AND WOUNDED

President McKinley and Secretary Root Send a Reply to Li Hung Chang—American Troops and Horses Arrive.

Washington, Aug. 22.—The following dispatch was received from Admiral Remey: "Pekin, Aug. 16.—All except the imperial city is cleared of Chinese troops. The American troops were first to enter the imperial city, and have penetrated to the gates of the palace. Captain Reilly, of the Fifth artillery, was killed on the 15th. On the morning of the 19th inst the Sixth cavalry and about 4000 English and Japanese disposed of a mob of Boxers eight miles outside of Tien Tsin. Five Americans were wounded. General Chaffee's losses were six killed and 39 wounded in two days' fighting on the road to Peking."

General Chaffee's Losses.
Washington, Aug. 22.—General Chaffee reports the following list of killed: Battery F, Fifth artillery, Captain Henry J. Reilly; company C, Ninth infantry, Robert E. Walsh; company E, Ninth infantry, James O. Hall and Daniel W. Simpkins; company K, Fourteenth infantry, Russell T. Elliott; company M, Fourteenth infantry, James W. Weber.

Reply to Li Hung Chang.
Washington, Aug. 22.—As a result of the conference between President McKinley, Secretary Root and Acting Secretary Adee, a reply to Li Hung Chang was agreed upon and drafted. It will be delivered to Minister Wu and it is expected a text will be made public later.

Admiral Barrett Reports.
Washington, Aug. 22.—The following dispatch was received from Admiral Barrett: "Tien Tsin: Horses, materials and troops were promptly landed at Taku and forwarded to the front. The Sixth cavalry is mounted. The hospitals are excellent, and ample for the present army. Am well supplied and in fine condition. Everything satisfactory. Sick and wounded are doing well."

Fighting at Tien Tsin.
London, Aug. 22.—Admiral Bruce cabled from Taku, under date of August 20, that the allies were fighting the Chinese outside Tien Tsin August 19.

A Review of the News.
Washington, Aug. 22.—The war department is in receipt of a dispatch from General Chaffee which contained a considerable amount of matter, beside the list of killed and wounded, and it was the subject of an extended White House conference between the Secretary, Root and Acting Secretary Adee. It was hoped that the receipt of detailed news from General Chaffee would simplify the situation considerably and enable this government to map out its future line of action in China. This was not the case, however. Chaffee's brief and concise dispatch that there may be yet considerable heavy fighting around Peking and between that city and the coast, consequently it is impossible for the administration to fix the approximate date for the withdrawal of our troops from Chinese territory.

Bloody work has been going on in Peking, according to the dispatch from Admiral Remey, dated Peking, the 16 inst. Remey's message shows that the American forces were then fighting, among the allies, and that progress had been made which could not have been accomplished after military efforts of a severe character. Remey's dispatch, stating that all but the imperial city had been cleared of Chinese soldiery, left the impression in official circles here that a force was still in touch in that section of Peking and would have to be routed out. General Chaffee's brief report stated that he entered the legation grounds on the evening of the 14th inst. and that eighty men were wounded in the day's fighting. Remey's dispatch shows that within the next two days Chaffee lost six men killed, including Captain Reilly, of the Fifth artillery, and thirty men were wounded.

President McKinley's Reply.
Washington, Aug. 22.—The reply of the United States government to Li Hung Chang, in brief, says: "This government cannot enter upon negotiations until there is a government in China, which can prevent hostilities against the forces of the powers. The text of the reply has been communicated to the other governments."

Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves. As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectually cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

Mr. E. E. Kelly, of Urbana, O., writes: "I had Eczema on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Siegfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

Richard T. Gardner, Florence, S. C., suffered for years with Boils. Two bottles of S. S. S. put his blood in good condition and the Boils disappeared.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CORRUPTION IN MANILA.

The Abuses There Promise to Eclipse Those in Cuba.

Chicago, Aug. 22.—W. E. Johnson, editor of the New Voice, just returned from six months in the Philippines, makes a number of sensational charges. He says: "There is soon to be an outbreak in Manila in the line of the recent Cuban scandal. There are several firms of custom house agents in Manila, but one firm is practically dominant. Those who go to any other firm have endless trouble and expense in getting their goods ashore."

"An acquaintance of mine who is employed in the custom house as inspector told me he expected to make \$100,000 in 'graft.' The charges for extra purposes above the regular tariff are enormous. It is a notorious fact among the merchants that if this particular firm is employed many of these extra charges need not be paid. The American Commercial company is the trust that controls 100 or 200 beer canteens scattered among the army posts. Friends of the canteens declare they keep the soldier from the saloon, and on the same principle, with equal force, those in charge in Manila declare the social evil is a necessity. The same system prevails in the Sulu archipelago that caused such a scandal in London when it was discovered the British had adopted it in the army in India."

"The Americans have introduced prize-fighting. About two or three times a month a prize-fight is arranged in Manila. The Americans have inaugurated Sunday races under the auspices of the Country club. The Spanish let out an opium monopoly for \$10,000, payable monthly to the Spanish government. When the Americans took the island this monopoly was held by a Chinese millionaire, Senor Don Carlos Palanca. Arrangements were made by which Palanca paid duty that amounted to the same sum. Every man who runs an opium resort pays a certain sum into Palanca's coffers."

Wisconsin Democrats.
Milwaukee, Aug. 22.—The democratic state convention was called to order here today by State Chairman Peck, who introduced Clarke L. Hood, of La Crosse, as the temporary chairman. The committees were appointed and then a recess was taken.

Political Notes.
It is stated that the Bryan and Stevenson club at Weiser, Idaho, has a membership of 251.

The presidential campaign was opened in Missouri on Tuesday at Sedalia, where Stevenson, candidate for vice-president on the democratic ticket, made a speech.

Gov. Stenerson has tendered his services to the chairman of the democratic state committee and will be found on the stump this fall, standing squarely upon the Pucelle platform, and working for the success of Bryan and the state ticket.

The money trust is carrying on a vigorous McKinley campaign in Wall street. It apparently has money to burn. Over \$50,000 is being actively offered in Wall street at odds of 2 1/2 to 1 on the republican ticket, says the New York World.

It is being said east that it required all the influence the republicans could bring to bear to prevent former President Harrison from joining the anti-imperialistic movement and taking part in the conference at Indianapolis which declared for Bryan for president.

Grain Destroyed.
Akron, Ohio, Aug. 22.—By fire in an elevator here one hundred and fifty thousand bushels of grain was ruined.

ROYAL Baking Powder

The strongest, purest, most efficient and wholesome of leavening agents. Not lowest in price, yet the most economical; indispensable to all who appreciate the best and most healthful food.

Our country is enjoying prosperity almost unsurpassed in its history. For every one there is money enough to buy that to eat which is pure, sound, good, wholesome.

Why should we use cheap, impure, unhealthful articles of food? There is no economy in them; they endanger the health, they may cost life. There are reported almost daily cases of sickness caused by eating cake, puddings or biscuit made with the cheap, alum baking powders.

In all articles for food buy and use only the best. The good health of the family is of first consideration.

Alum is used in many baking powders because it makes them cheap. It costs less than two cents a pound. Alum is a corrosive poison. Think of feeding it to children! Yet the manufacture of well-known alum powders are actually denying that their goods contain it.
