RESOURCES and HISTORY of UMATILLA COUNTY

A SERIES OF SKETCHES OF THE TOWNS AND PEOPLE OF OUR COUNTY BY STAFF CORRESPONDENT
PAUL DE LANEY

XVI. ADAMS CONCLUDED.

Adams, Ore., Nov. 28.—Adams is especially proud of her schools, the financial condition of her town and the number of substantial residences that are going up in the town. Its school district is among the few in the county that is out of debt, its town treasurer has money on hand and the town does not owe one cent, and a number of costly and substantial residences are under course of construction, besides some splendid ones have just been completed. Her business men are improving their stocks and the future is looked to with confidence by the entire citizenship.

The Body Corporate.
The town has \$500 in the treasury and only owes a few dollars incidental expenses. Although the town charter provides that the town shall not incur exceeding \$500 indebtedness, the town has made some valuable improvements, paying for them as it went. The town has never levied a tax. It has a town hall and jail and these with the lot upon which they are situated are valued at \$500. It has a fire apparatus, including hose cart and engine valued at \$1200. The water used at present for fighting fire is taken from wells in different parts of the town, owned by the town. The marshal is the only straight out salaried officer, his salary being \$10 a month. The recorder is under the fee system.

To Enlarge Rights.
A move is now on foot to enlarge the borrowing powers of the town in order that a better water system may be obtained and that sidewalks and streets may be improved. It is the purpose to put in a standpipe on top of the hill overlooking the town and pump water into this from the Wild Horse, which flows through the town. It is claimed by the citizens of the town that the late rapid growth of the place demands better streets and better fire protection. A ticket has been recently nominated on this platform and as there has been no opposition, it is presumed that all of the property owners are in favor of enlarging the borrowing powers of the city and extending the improvements.

Town Officers.
T. A. Lieuallen is mayor; M. A. Ferguson, recorder; J. E. Cherry, treasurer; F. B. Wilks, marshal, and Albert Harala, J. K. Johnson, B. L. Simpson, Dick Powers and William Holman, councilmen.

The Public School.
The public school at Adams is in good condition financially and otherwise. It has no indebtedness the district never having been bonded; it has a good school building and school is taught nine months in the year. The school building is valued at \$2500 and the apparatus at \$500. The insurance carried is \$1500. J. E. Cherry is principal; W. O. Read has charge of the intermediate departments and Mrs. W. O. Read has charge of the primary department. There are 155 children enumerated, and an average attendance of 111. The school board consists of J. W. Perringer, chairman, G. M. Morrison and J. T. Lieuallen, directors, and M. A. Ferguson, clerk.

Churches and Lodges.
The Baptists and Methodists each have substantial church buildings in Adams. Each church is valued at \$1500 and the Methodists carry \$900 insurance on their building. The Odd Fellows, Knights of Pythias, Woodmen of the World, Circle of Woodcraft and Order of Washington all have lodges here and the Odd Fellows and Woodmen own their own building.

Buildings.
Adams has a number of substantial business buildings as well as residences. The new residences of J. T. Lieuallen and J. O. Hales, lately completed, are models of workmanship and convenience. They are located on the hill overlooking the entire country around Adams and are desirable places to live. Mr. Lieuallen's building is two stories, has a stone foundation and contains 13 rooms. The inside work is all hard oil finish and the rooms were all especially designed for the purposes assigned to them. The building cost more than \$3000 and Mr. Lieuallen can stand on his front veranda and view every part of his 800-acre wheat farm where he grows 15,000 bushels of wheat annually. Mr. Hales' building did not cost as large a sum as the Lieuallen building, but it is a beautiful structure and is snugly arranged inside.

Business Institutions.
The Adams Advance has won the reputation of being one of the best weekly papers in the state for a town with a population of 500. In fact, many claim that it is the best. It is certainly neatly printed, ably edited and draws a large patronage. It is patronized by Pendleton and Athena merchants as well as the business men of its own town. McManus & Brown are the editors and proprietors, and while both have a wide reputation as newspaper men of ability, Mr. McManus, especially, is well known in Pendleton as one of the best newspaper men in the county. J. J. Boulstone has a general merchandise store and carries everything usually carried in such a line. He has only been in business about a year, but has lived in the county for 27 years. He is an extensive wheat-grower, having about 1120 acres of land in cultivation. He has averaged 30 bushels of wheat to 57½ to the

East Oregonian
SATURDAY, NOVEMBER 29, 1902.

GENERAL NEWS.

The first general observance of Thanksgiving day by the Roman Catholic church in the Philippines took place Thursday.

A portrait of President Lincoln will be placed in the Mississippi Hall of Fame. The picture was furnished by Robert T. Lincoln, of Chicago, in response to a request, and will be placed alongside that of Robert E. Lee.

The political situation in Santo Domingo has been complicated by revolutionary disturbances which have broken out in the northern part of the republic. The government has taken severe measures to suppress the movement.

Excitement caused by watching a local football game Thursday caused the sudden death of Rev. John J. Barth, of the German Methodist Episcopal church of St. Louis, by apoplexy. It was the first football game he had ever witnessed.

Charles Kelly, formerly speaker of the house of delegates of St. Louis, was arrested Friday in Philadelphia, on a fugitive warrant charging him with perjury and bribery. He was on his way home from England to attend the funeral of his son.

An unusual union service was held on Thanksgiving day at Springfield, O. The Congregationalists met with the Jews in their synagogue. The response was read from the Hebrew prayer book and the songs were taken from the Congregational hymnals.

To have the public schools of the United States devote less attention to arithmetic and more attention to physics is the object of a campaign marked out by the Central Association of Physics Teachers, which opened its first annual convention in Chicago today.

At the present time Oregon stands in greater disrepute before the secretary of the interior than any other public land state. It is known that some of the land laws are loosely constructed, but evidence seems to show lack of effort on the part of Oregon land officials to protect the government's interests.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Cut-Off Through Bad Lands.

St. Paul, Nov. 28.—The Northern Pacific is about to begin work on the construction of a cut-off through the Bad Lands, starting at a point one-fourth of a mile east of Belfield and running northwest to the head of Green River, about four and one-half miles north of Fryburg and thence westerly and crossing the high plateau half a mile north of the historic town of Medora. From the west side of the plateau a mammoth bridge will span the Little Missouri and the new line will cross the old line to the south of the big McDonald ranch. The new route will do away with the Fryburg hill and will give a good route through the Bad Lands.

A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith, of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them. Only 50 cents at Tallmann & Co's. drug store.

MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you,' but there is much more in my heart for you."

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nerve-tension. The soon begin to give way under the strain. I experience at any unusual exertion or laugh or weep, especially, at no apparent cause. That is what Miss Fay Lee of Kansas City, Kansas, is coming to when she writes herself by taking Wine of Cardui. The Wine of Cardui has made her a strong, healthy woman again, as it has made a million other women strong and healthy. By taking regular menstruation the system is relieved of the terrible strains. The ligaments which hold the womb in place are strengthened by healthy flow and that organ is returned to its normal position. The health is the result. This is Wine of Cardui has done for thousands of the best women in America.

If you need advice write to the Advisory Department, The Knappa Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Cardui from your druggist.
