CLUB HOUSE TO BE CLOSED.

Mayor Miller, of Milton, Pleas'd With the Result of Recent Election There.

Mayor S. A. Miller, of Milton, who spent last night in the city, is much elated over the result of the last election in that city which gave him a majority of 35 votes over his opponent on the wet ticket. Mr. Miller said a very hard fight was made to down the dry ticket, but regardless of this the drys won by a handsome majority.

Mayor Miller is not a new man in the harness. He has been at the head of the city government there for several years and has been a thorn in the flesh of those in favor of an open town. He has fought gambling and the sale of intoxicants ever since his connection with the town and has never failed to win his point. He was the prime mover in the suits filed recently against the manager of the Milton Social Club headquarters and others who were arrested and fined on the charge of selling liquor without a license and for gambling.

Mr. Miller thinks the election just over is a clear criterion of what the people of Milton want and he is now sure that the club house will be closed down very soon as it has been the cause of a great deal of hard feeling and trouble between the anti-gambling and gambling elements. Mr. Miller said the people of Milton did not want such an institution and they would not have it.

HELIX TO BE INCORPORATED.

Special Election Held Yesterday—Bitter Opposition—New Officers. Helix, Dec. 11.—Helix will be an incorporated town as soon as the county court can act on the matter. At the special election held here yesterday the incorporation carried by a vote of 42 for to 16 against, giving the corporators a large majority. The opposition, though few in numbers, made a very strong fight against

COUNCIL MEETING

COMMITTEE TO PREPARE STATEMENT ON SEWERS.

Will Give the Proposed Route of Sewers, Size of Pipes, Etc.—New Crosswalks Ordered—Booths Ordered Prepared.

City council last night—Asked sewer committee to have plans for proposed sewerage system drawn up and published so voters could see what was going to be done. Matter of asking W. & C. R. Railroad Company to plank its road down Webb street, was laid on table. Much street improvement was ordered. City marshal instructed to arrange booths for special election the 18th.

The sewer committee was instructed to prepare and have published the plans of the proposed sewerage system. No plans have been given publicly yet and it was thought that the voters would be somewhat confused in voting for the bonding of the city for a sewerage system unless they knew whether it was going to be a thorough and up-to-date system, giving the whole population the benefit of the drainage or whether it was going to be only partial and incomplete.

This committee is composed of Councilmen Clopton, Hartman and Johnson and they will meet today and prepare a statement showing the proposed routes of the sewer, size of main pipes, laterals and the connections to be made, also where the sewer pipes will empty and the estimation of the actual cost of construction.

The matter of asking the W. & C. R. Railroad Company to plank their roadbed where it follows down Webb street, was laid over to the next meeting. This is recognized as a matter of importance which should be looked after at once. When this company was given a franchise through the town in 1880, it was expressly stated in their charter that the company should not only keep the street graded where their road intersected with travel, but should keep it planked in the center of the track and for two feet on either side so that vehicles could drive over the road at any point on the street. This was done when the road was built, but about two years ago the planking was all torn away in repairing the roadbed, and since that time has not been put back. Now the city proposes to see that the company replace this planking.

Street Commissioner Fee was instructed to have several new cross walks laid; one at each mail box in the city. Some old ones will also be replaced with new. East Court street near the Sisters' school was reported also to be in bad condition and Street Commissioner Fee and Councilman Hartman were instructed to investigate the matter with full authority to act.

The petition to establish grades on the north side of the river was laid over to the next meeting. The city marshal was instructed to prepare booths and get the polling places for the special city election in readiness by the 18th inst.

WANTS A DIVORCE

SAYS HER HUSBAND HAS MADE LIFE UNBEARABLE.

Mrs. Weber Says Defendant Cursed Her and Humiliated Her in Many Ways—Accused Her of Being Untrue—Threatened Her Life.

After living 18 years as husband and wife, Mrs. Annie B. Weber has sued Fred Weber for divorce.

The complaint was filed this morning by plaintiff's attorney, James A. Fee. It sets forth that they were united in marriage in Reno, Nev., in April, 1884, and it was only a few months after their marriage until defendant began a course of cruel and inhuman treatment which has ever since made life almost unbearable, but she tried to endure the treatment and did all in her power as a dutiful wife to make home pleasant because of her children.

She alleges that at divers times since their marriage defendant has cursed her and called her vile and loathsome names which was degrading and humiliating. He also accused her of being untrue to him without any cause.

The last act, which was the cause of the suit being filed, was enacted during last month. Plaintiff alleges that defendant became angry and threatened her life and again accused her of unfaithfulness. She also says that she has reasons to believe defendant has employed a detective to watch her every movement and in many ways has made life unendurable with him until she proposes to stand it no longer. She says defendant is of a jealous nature and when angry becomes violent and she is afraid unless the court restrains him he will do her great bodily harm.

She asks the court for the care and custody of their three children, two girls aged 16 and 13 and a boy aged 11, besides \$250 attorneys' fees, \$75 a month temporary alimony and \$75 a month permanent alimony for the support and maintenance of herself and children. She also asks the court to issue an order restraining defendant from transferring his property or molesting her until the suit is settled. She sets forth in her complaint that defendant is reputed to be worth from \$15,000 to \$20,000 and is amply able to pay what she asks.

The time will come when our flag will float over all the territory between the gulf of Mexico and Hudson Bay. There will be no conquest, no war. The hearts across the border are already beating with love for us.—Archbishop Ireland.
