### A NEW UNION.

How to Join and Get Quick Results at Small Cost.

Why not join our union of piano purchasers and have a hundred dollars? You can do it and we can help you. This is how it is done: We can well afford to sell ten or more pianos cheaper than one, so have organized a union of ten members. You join and pay \$10.00 down and \$10.00 a month, the piano is yours. Now here is the best part of it. Every time a new member joins the price of your instrument depreciates in price \$10; in other words, when the union is filled every member gets his instrument \$10 less than regular price. For example, a regular \$300.00 instrument can be had for \$200.00 by joining the union. Don't delay taking advantage of this great opportunity, as it will only last a few weeks of the dull season. This, combined with our easy payment plan and exchange contract makes it possible for everyone to have an instrument. Therkelsen's Piano House, 315 E. Court street. Everything musical.
