## GWINN AND BELTS

### TWO UMATILLA COUNTY MEN AT THE WOOLGROWERS' MEET

Short Synopsis of the Addresses at Baker City by the Secretary and President of the State Association—The Gentlemen Are Recognized Authorities.

Secretary J. H. Gwinn, of Pendleton, responded to the address of welcome in a most happy vein. He said that the representation to this fourth annual meeting of the Oregon Woolgrowers' Association is not large, but it represents one of the greatest industries in the state—an industry which has grown since pioneer days to the ownership of three million sheep and thousands upon thousands of acres of grazing lands.

Secretary Gwinn admitted that Colonel Butcher was right when he said that the sheep industry is not the only industry in Oregon. Other industries have just as many rights and privileges, and these rights and privileges the Woolgrowers of Oregon are ready and willing at all times to concede. Big questions confront the woolgrowers, and the settlement of these questions demand the exercise of calm judgment and a proper recognition of the rights of others. Knowing the sheepmen of the association, the speaker was certain the equity will be observed by them in the adjustment of all matters concerning their business as related to other industries in the state.

#### Gwinn a Pioneer.

Mr. Gwinn crossed the plains to Oregon when the West was young, and has beheld and assisted in the building up of the sheep industry since that time to its present vast proportions. He has witnessed all the ups and downs of the industry, and they have been many and varied. Through all their vicissitudes, the sheepmen of Oregon have continued to add wealth to the world, food to the hungry and clothing to the naked. They have built homes in the state and have raised families. They are good people. May they live long and prosper.

#### President Belts' Address.

President Belts then read his annual address, which was devoted to a general review of the work of the association since its organization. He touched upon the work past and prospective in the way of needed legislation. Important laws have been passed through the organization in Oregon, and still more important legislation has been secured through the National Livestock Association and the National Woolgrowers' Association in congress.

President Belts told of his success as a delegate to the national bodies mentioned above, and then introduced Secretary W. A. Martin, of the National Livestock Association, and promoter of the Independent Packers' Association, recently incorporated for \$5,000,000 under the laws of the State of Arizona—Baker City Herald.

#### Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken; many people call them the Easy Pill. W. H. Powell, Houston, Texas, says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while DeWitt's Little Early Risers do their work well and easy. Sold by Tallman & Co.

#### Rice Crop a Large One.

Urowly, La., Sept. 18.—The rice mills in Louisiana and Texas started up this week and judging from all indications the harvest will be an exceptionally big one. The yield is from 16 to 20 sacks per acre above the last year, but the second crop promises to be the best in the history of the rice industry. The quality is pronounced by experts to be superior to that of the Japanese rice.

### SEWING PARTY.

Most Enjoyable Social Affair Out at the Indian School.

Wednesday of this week a sewing party was given at the Umatilla Indian School by Miss Gailther and the ladies of the school.

The tables, which were bountifully filled with good things to eat, were set out under the trees which surround the buildings. These and the adjacent grounds were beautifully and artistically decorated with wild flowers, autumn leaves, berries, etc. These, in addition to the growing flowers at the school, made beautiful grounds for the luncheon.

During the day the ladies worked about 360 button holes in clothing for the Indian children. It was intended that the one who did the best work should get a prize, but the work of many proved to be so good that the judges could give no decision. To decide the matter, they drew for the prize, Miss Cox receiving it. The visitors were: Mesdames Taylor, Hartman, Halley, Furnish, Cohen, Sturgis, Smith, Judd, Clifton, Cornelson and Dickson, of Pendleton, Mrs. Perkins, of Boise City, and Miss Cox, of Washington, D. C.

The perfect day added to the enjoyment of the occasion.

A. S. Burroughs, Baker City, Ore., Dec. 15, 1902, wrote:—"I have been a very hard drinker for twenty years, few people drank more than I. If your TRIB is a cure I want it." On May 15, 1903, Mr. Burroughs wrote: "It is a pleasure for me to recommend TRIB as a cure for the liquor habit. It has now been six months since I completed a cure with TRIB. I have never had better health. I eat well and sleep well. I believe it is the best cure for the liquor addiction yet placed upon the market."
