GRAIN MARKETS.

Quotations Furnished by Goe Commission Company—B. E. Kennedy, Local Manager.

Chicago, Sept. 22.—Wheat—Cables not as weak as they were yesterday. Liverpool closed 1/4 @ 1/2% lower. Market opened a fraction higher than yesterday's close, but soon gave way, making a new low record. There was a good demand at the decline and very little offered. We believe liquidation in wheat is over; that it is now low enough. Wheat is worth this price, and in our opinion will soon seek a higher level. Such breaks as we have had since last week Monday are rare and should be taken advantage of to buy wheat on. Do not get weak with the market. This is not the place to sell wheat. We believe wheat should be bought on this break for a long pull. Receipts at Minneapolis and Duluth 520 cars, against 1,118 a year ago, and 133 against 610.

Stocks—Stock market dull and uninteresting, rather weak early, but firmed later and was holding fairly firm at noon. Was light gain over yesterday's close sales up to noon, 154,800.

Immediately after the receipt of the message the land office was opened for the first time since Saturday, and the office force is now busy clearing up the accumulated work. Bartlett has been in the city and at the office most of the time since the office was closed.

DRAINAGE CANAL EVIDENCE.

Experts Hold That St. Louis is Better Off for the Ditch.

Chicago, Sept. 22.—Hearing of evidence in the drainage canal investigation was resumed today. Expert Professor Long of the Northwestern University, in this afternoon testifying that long experiments show that emptying the water of Lake Michigan into the Mississippi river, has purified, instead of polluted the water supply of St. Louis.

CANAL TREATY PROSPECTS.

It is Dead Today Unless Colombia Congress Retracted.

Washington, Sept. 22.—Unless the Colombia congress receded at the last moment, the Hay-Herran canal treaty is now dead. Today being the final date for the ratification the state department is anxiously awaiting news from Bogota.

John Mattias, of Silverton, Col., has not been heard from since he left New York City, July 25, for Colorado, en route from a visit to Austria. When he disappeared he had \$8,000 in cash on his person.

RAPINE AND FAMINE AND THE UNSPEAKABLE TURK

Four Thousand Starving Women and Children Are Fugitives in the Forests and Mountains of the Frontier.

The Sultan's Appointment of Reshid Pasha to Be Vali of Brusa, is Offensive to the Americans, Especially the Missionary Element — The American Squadron Will Remain at Beirut as a Precautionary Measure.

Burghas, Eastern Roumelia, Sept. 22.—Eight thousand fugitives from Macedonia and Adrianople are here, and others are arriving hourly. All reports indicate the terrible conditions reported have been underestimated. Four thousand women and children are starving in the woods along the border. The Turks have possession of all important points and are constantly augmenting their forces.

Offensive to Americans.

Constantinople, Sept. 22.—The unfavorable comment aroused by the appointment of Reshid Pasha, the former Vali of Beirut, to the vali of Brusa, which is really a promotion, continues. The action of the porte in this connection is regarded here as a challenge to the representatives of the powers, especially to the American minister, who, it is thought, is likely to protest and may possibly demand Reshid Pasha's recall from Brusa in the interests of the American educations established in that vilayet.

Reports from Beirut say that the appointment of Halim Pasha to the vali of Beirut has caused much disappointment. The inhabitants expected that Nazim Pasha, the vali of Syria, who inspired confidence by

his conduct when he became acting vali after Reshid Pasha's removal, would be made vali.

To Remain at Beirut.

Washington, Sept. 22.—Communications have reached the state department urging the government to say or do something that will put a stop to the atrocities in Turkey. It is stated that this pressure does not emanate from the missionaries. Officials at the state department are reticent about the probability of the United States giving expression to the feeling with which the alleged atrocities in Turkey are viewed by the people of the United States.

Withdrawal of the American squadron at Beirut, it is said, has not yet been determined upon, and no indication has been received from Oyster Bay as to the president's intentions in the matter.

Porte Is Satisfied.

Sofia, Sept. 22.—The porte has addressed a note to Bulgaria saying he considers the inspector-general pasha of the Turkish forces in Macedonia answers all the purposes of the international commission proposed by Bulgaria, and if Bulgaria is unable to re-establish order in her own territory the suzerain is always willing to come to her assistance.

BISHOP VERSUS PRIEST.

Baker City Catholics Have Not Yet Settled Their Difficulties.

Baker City, Sept. 22.—The trouble between Father Desmaris, the resident Catholic priest, in this city, and Bishop C. J. O'Reilly, over the possession of the parsonage, is yet unsettled. Father Desmaris and his sister, who has been in feeble health for some time, have not yet had a trial on the charge of rioting, as charged by Bishop O'Reilly, Saturday evening.

The priest refuses to vacate the parsonage, and resign his pastorate, as demanded by the bishop, and as a consequence, legal proceedings will be instituted against him and his sister, who keeps house for him. The affair has created great consternation in church circles in the city, and the citizens are watching the proceedings with deep interest. Where a bishop is located, he takes place of the regular priest in the parish, having only an assistant, and the removal of Father Desmaris precipitated the fight.

New Car Wheel Company.

Albany, N. Y., Sept. 22.—The National Car Wheel Company, of Rochester, was incorporated today with a capital of \$9,000,000.

ELLERY'S BAND COMING.

Royal Italian Band to Appear in This City on Two Days.

Manager R. J. Nixon, of the Frazer theater, has completed arrangements with Ellery's Royal Italian Band for a two-days' stop in this city. The band will be here on Saturday and Sunday next, and will give three concerts, one on Saturday evening, one Sunday afternoon and one on the evening of that day.

It is not necessary to mention the fact that this is one of the largest and best bands on the concert circuit and Mr. Nixon is to be congratulated in having secured it for the dates here. The band will be at the Walla Walla Fruit Fair and carnival and will come from there to this city.

Attempted Suicide.

Mamie Riches, a girl who has been in the city for some time, took morphine in one of the local lodging houses yesterday, and for some time her life was despaired of. However, the doctor who was called finally got the girl beyond the danger line, and today she is about recovered from her attempt to end her life. This is the second attempt that she has made to put an end to her existence.

COLE YOUNGER ACCUSED.

Charged With Embezzling \$6,000 From Wild West Show.

Nevada, Mo., Sept. 22.—A charge of embezzlement of \$6,000 has been made against Cole Younger, bandit, by the management of the Wild West Show, with which Frank James and Younger have been associated since shortly after Younger's escape from the penitentiary. James and Younger had previously brought action for damages against the management because they allege the proprietors failed to equip the aggregation according to contract, and refused to drive away the gambling element. James and Younger assert the embezzlement charge is retaliatory.

GIBBONS RETURNS.

Predicts Changes in Administration American Church.

New York, Sept. 22.—Cardinal Gibbons returned from Rome today on the Kaiser Wilhelm der Grosse. He speaks with the greatest enthusiasm of the new pope, who, he says, is singularly familiar with American affairs. Radical changes will probably occur in the American church administration, but he declines to discuss probabilities. Cardinal Gibbons is much improved in health.

HOPELESS FOR JETT.

His Own Testimony Has Ruined His Chances for Acquittal.

Cynthia, Ky., Sept. 22.—Ex-Senator Hargis did not appear at the Curtis Jett trial today, and has almost lost all hope of saving his nephew. Jett's testimony in his own behalf has completely broken the case so carefully prepared by the defense.

Lipton Recovering.

MARBLE DEALERS AND CUTTERS

WAR BETWEEN THE UNIONS AND EMPLOYERS' ORDER.

Dealers of Chicago and Buffalo Shut Down to Reopen With Non-Union Employees—Building Trades May Become Involved.

Chicago, Sept. 22.—The five largest marble plants this morning shut down because they allege the unions have broken their agreements, and following the associated Marble Dealers' agreement they say that Thursday they will resume work as open shops. A hundred men are locked out. The building trades may become involved.

Follow Suit at Buffalo.

Buffalo, Sept. 22.—The heaviest marble dealers shut down today in compliance with a resolution passed by the National Association of Marble Dealers last March. They will follow the general policy to resume on Thursday next, but with non-union help.

Cramped and Sank.

Redding, Cal., Sept. 22.—Renieri, an Italian, bet a comrade \$5 he could win in a swim across the mill pond. A large crowd gathered to witness the contest. When in the middle of the pond Renieri, who was ahead, cramped and sank. The body has not been found.

Accident to Carmen Sylvia.

Berlin, Sept. 22.—Queen Elizabeth of Roumania, whose literary name is Carmen Sylvia, fell from her carriage at Neuwele, South Germany, today. Her injuries are not dangerous. She is 60 years old.

CONTEST DECLARED OFF.

No Queen for Carnival Week—Election of a King is Proposed.

The contest for the queenship of the carnival is a thing of the past, and for two good and sufficient reasons: one that there were not votes enough polled today to keep either of the two candidates in the race, and the other that Miss Nellie McMullen, the leading candidate, has asked that her name be taken from the list and her thanks expressed to her friends for their kindness in voting for her.

There was a slight increase in the voting today, but the increase was so slight that it was hardly noticeable, and the management has declared the contest off.

There is now but one thing to do, and that would be for some of the lodges or orders of the city to elect a king to rule the crowds during the five days of the carnival. There are several young men, and old ones, too, who are anxious to gain the honor of wearing the robes.

BITTER FIGHT OVER SAM PARKS

Question of Admission or Rejection of the Famous Convict Walking Delegate.

BAD BLOOD RESULTS IN ASSAULT AND BATTERY.

Police Reserves Held at Headquarters to Answer Possible Call to Convention Hall—Fight on Now in Committee on Credentials and Convention Is Adjourned Till Tomorrow.

Kansas City, Sept. 22.—A spirit of conservatism pervades the seventh annual convention of the International Association of Bridge and Structural Iron Workers.

When President Buchanan called to order today, Sam Parks, of New York, immediately started the trouble after the formalities by asking if the convention was properly called to order. Buchanan ignored him and delegates took the floor, excitedly calling Parks a jail-bird, convict, scab. Buchanan restored order by advising the convention to adjourn pending the report of the committee on credentials, which was done.

Four local detectives had seats near Parks to prevent any violence. Their presence was due to a telegram from New York saying that Parks is a man who acts quickly when aroused.

Adjourned Till Tomorrow.

Kansas City, Sept. 22.—So fierce is the fight before the credentials committee about seating Sam Parks, that no session of the convention will be held this afternoon. An announcement is made of postponement until 10 tomorrow.

Assault and Battery.

James Kelly, of New York, attending the convention, was today fined for assaulting John W. Henderson, of St. Louis, a delegate, in an argument over the Parks case. Kelly was armed. The feeling between the delegates is so bitter police reserves are held at headquarters.

SUED FOR WAGES.

A civil suit occupied the attention of the justice court yesterday afternoon and part of the morning. Henry Picard had sued Louis Audette for wages alleged to be due his daughter, Miss Gertrude Picard, for work done with a harvesting outfit, during the season just ended.

According to the testimony of the plaintiff, Mrs. Whittaker and run a cook wagon for the defendant during the last season and had hired the girl to help her. She had contracted to pay the girl \$1 a day and instead gave her 50 cents per day. The girl had worked 35 1/2 days. The defendant denied the contract, and as the testimony was conflicting, the court dismissed the case and ruled that each side pay their own costs. H. E. Collier represented the plaintiff and L. J. Slater the defendants.

CHARGED WITH LARCENY.

William Temple Thinks He Knows What Became of His Wheat.

Yesterday afternoon John Forth was arrested on the complaint of William Temple of this city, charged with the larceny of 31 sacks of wheat from the ranch of the latter, several miles out of the city.

For some time wheat has been missed in small quantities from the ranches in the vicinity of Pendleton, and the losers had no clue on which to work in ferreting out the thief. When Temple missed his grain he suspected Forth, but had no positive proof. Later he located the wheat on the place of the suspected man, and at once had him arrested and brought to town, where he was arraigned in the justice court yesterday and released on his own recognizance, pending his examination.

North Yakima Sheepman.

James Wright, one of the sheepmen of North Yakima, is in the city today. Mr. Wright and his partner have bought 18,000 tons of hay in the Yakima country, and will winter a big drove of sheep and cattle there this coming cold spell.
