OIL NEAR SALEM

DISCOVERY MAY MEAN FORTUNE FOR FINDER.

Crude Petroleum Found in a Well Not Far From Oregon's Capital—Evidences of Oil Have Been Found in That Vicinity Before and it is Believed a Flow Will Be Found.

Hon. Fred Rice of Pratum, came in to the city yesterday, bringing a small glass jar containing a sample of the water and oil taken from the old well back of his store in Pratum, says the Salem Statesman.

The oil has every semblance of being very high grade petroleum, and almost pure. It is yellowish in color, very rich, apparently, in paraffine, and quite clear.

Mr. Rice looked for some one to test the oil yesterday, but was informed that an oil test was very difficult, and that no one here at present had a laboratory properly prepared for the elaboration. A sample of the oil was shown to a gentleman from Findlay, O., who has had a great deal of experience in the oil districts of Ohio and Pennsylvania as a newspaperman, and he pronounced the sample shown as very high grade oil, and said if a well of such oil were developed, as he had no doubt it could be, the owner would have a very fine property.

There are only two answers to the question as to what it is.

One is that the well has been salted with low grade oil; the other that it is natural seepage of crude petroleum.

Now which is correct?

Mr. Rice is going to remove all the water from the well, and watch for further developments.

The history of this well is peculiar. Sheriff W. J. Culver says he was doing surveying at Pratum some 10 or 12 years ago, and noticed the roaring sound in the well, mentioned on Sunday morning. This noise was like the rushing of the wind.

The question is now, was that not natural gas escaping through a fissure?

Oil is known to follow along fissures made by natural gas. Oil is known to "travel." Many a gas well has ceased to supply gas, and then later oil has developed in the well.

About three miles east of Pratum is the Blair Forward place, where coal was discovered. The boring there might well have developed oil had Mr. L. H. McMahon continued to the 1200 foot level.

FALL OF THE BASTILLE.

115th Anniversary Being Celebrated in France.

Paris, July 14.—Today, the 115th anniversary of the fall of the Bastille, was celebrated as usual as a national holiday, corresponding with the American Fourth of July. The government municipal and many private buildings were brilliantly decorated. It was unquestionably one of the gayest 14ths of July seen for years. The Stars and Stripes and British flag were exceptionally numerous in the decorations.

The main feature of the day was the review of the garrison of Paris. The troops assembled at Longchamps at an early hour. President Loubet, while driving to the race course to witness the review, was cheered all along the route. In the presidential tribune with him were the members of the cabinet and the ambassadors, conspicuous among the latter being General Horace Porter: the United States ambassador. The review ended with the usual distribution of decorations. The charge was executed by six regiments of cavalry, which drew up in fine style about 50 yards from the presidential stand.

This evening the city presents an animated and brilliant spectacle, open air dancing, pyrotechnic displays and a general illumination being the principal features.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Charles Applegate of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It is absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c and \$1.00. Trial bottles free at Tallman & Co.'s drug store.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

F. W. Schmidt, special agent.

"Do you think you could learn to love old Moneybags?" "I might if I studied his books." "What books?" "Bank books."

C. Cook, of Cedar Rapids, responded. Reports were received from Secretary S. S. Wright, of Tipton, Treasurer Jesse F. Stevenson, of Des Moines, and from the delegates to the last convention of the American Bar Association.

President George W. Wakefield, of Sioux City, delivered his annual address at the opening of the afternoon session. M. L. Temple, of Osceola, read a paper on "How Far Are Labor Unions Liable for the Acts of Their Members?" and the various committees of the association submitted their reports.

At the annual banquet this evening the following toasts will be responded to: "The Old and the New Lawyer," E. H. Stiles, Kansas City, Mo.; "The Lawyer's Fidelity to His Client," Jerry B. Sullivan, Creston; "Error Without Prejudice," A. R. Dewey, Washington; "The Lawyer in the Legislatures," D. D. Murphy, Elkador; "The Law's Responsibility for Lawlessness," T. M. Stuart, Charlton; "The Love of the Lawyer," N. E. Kendall, Albina.

ENDEAVOR WORK DISCUSSED.

Great Convention of Young People in Allentown, Pa.

Allentown, Pa., July 14.—This is the last day of what has proved to be one of the most successful conventions ever held by the Christian Endeavorers of Pennsylvania. O. J. Randall, of Yardley, presided over the morning session in Salem chapel. Rev. S. F. Hatch, of Boston, conducted the mission study class and the speakers included Rev. Dr. Charles Roads of Philadelphia, Rev. Dr. Robert F. Y. Pierce of Scranton, and others.

The Juniors had their innings this afternoon when the regular Junior rally was held at the fair ground. The Juniors marched in procession to the place of meeting. Rev. D. P. Longsdorf, of Catasqua, presided over the meeting. Rev. A. J. Brunner of Allentown, conducted devotional service, and Dr. Bartholomew and the Juniors a responsive service. The presentation of banners for the largest gain in membership was a feature of the rally.

LEWISTON WHEAT PRICES.

First Sale of Clearwater Wheat Made at 50 Cents.

Lewiston, July 14.—The first sale of grain of the crop of 1904 was closed in this city yesterday when the Volmer-Clearwater company purchased 35,000 bushels from John Nelson of Tammany.

The grain is bluestem and club in about equal quantity and the price paid was 50 cents for the bluestem and 55 cents for the club.

This price is 3 cents over the coast quotations but the purchase was made in competition with future sales for milling purposes. Mr. Nelson, who conducts a combined header and harvester and who is a well known farmer of the Lapwai section, will begin the threshing of his crop next week.

Reunion at Durant.

Durant, I. T., July 14.—The first old settlers' reunion to be held in the Choctaw nation opened here today and will continue until the end of the week. An attractive program of music, races, athletic contests and other forms of entertainment has been arranged. The crowd of visitors is one of the largest ever seen here.

For Governor of Maine.

Waterville, Me., July 14.—The democratic state convention to name a candidate for governor, was called to order here shortly before noon today. All indications point to the nomination of Samuel W. Gould of Skowhegan. The convention will endorse the St. Louis platform.

Bankers to Hear Shaw.

Bluff Point, N. Y., July 14.—The New York State Bankers' Association is holding its annual convention at the Hotel Champlain. The two days' program calls for addresses by Secretary Shaw, Comptroller of the Currency Ridgely and a number of other eminent financiers.

THE PRIMARY LAW

FIRST APPLICATION TO BE MADE NEXT FALL.

Total Vote Cast in Favor of the Law Was 56,205 With 16,354 Against it—First Test Will Be Made in City Elections in Baker City, Albany, Salem and Oregon City This Year—Applies to All Cities of 2000.

It cost the friends of the direct primary nomination law \$1710.52 to have the measure presented to the people and conduct the effective campaign that resulted in its adoption by a majority of 39,851. There were cast 56,205 votes in favor and 16,354 against the law.

Of the total cost of this legislation, about \$700 has been paid in, and of the balance there is subscribed \$850, leaving a deficit of nearly \$200 that must be provided for by the friends of the league that was formed at the beginning of the campaign.

One of the principal items in connection with the cost of educating the people as to the proposed law and in conducting the campaign in its behalf was the circulation of literature explanatory thereof.

"The first opportunity for a practical test of the new law will be presented in the annual municipal elections that will be held this fall," said W. S. U'Ren, of Oregon City, secretary of the Direct Primary Nominations League of the state. "During the fall and early winter months elections for city officers will be held at Baker City, Salem, Albany and Oregon City, and there will be a chance to employ the provisions of this law and determine whether or not it contains any defects.

"If there are any serious objections to the measure in its present form, the bill can be corrected at the session of the legislature next winter, and be made available for a more general use at the hands of the people in selecting candidates for county, district and state offices at subsequent elections."

The provisions of the law apply to all cities having a population of 2000 or more, and will aid in regulating the management of municipal affairs.

Deafness Cannot Be Cured.

By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.
