

BOILS AND ERUPTIONS

Have been suffering from Impure Blood for many years, having Boils and other Eruptions. Having heard of S. S. S. I decided to try it, and am glad to say that it has done me a great deal of good. I intend to continue to use it, as I believe it to be the best Blood Medicine on the market.

Cleveland, Tenn. W. K. DETERS.

For over fifteen years I have suffered more or less from Impure Blood. About a year ago I had a boil appear on my leg below the knee, which was followed by three more on my neck. I saw S. S. S. advertised and decided to try it. After taking three bottles all Boils disappeared and I have not been troubled any since.

From childhood I had been bothered with bad blood, skin eruptions and boils. I had boils ranging from five to twenty in number each season. The burning accompanying the eruption was terrible. S. S. S. seemed to be just the medicine needed in my case. It drove out all impurities and bad blood, giving me permanent relief from the skin eruption and boils. This has been ten years ago, and I have never had a return of the disease.

HEYBURN TALKS

IDAHO SENATOR SPEAKS OF STATE POLITICS.

Says Mormon Question Does Not Worry the People of Idaho—It Will Not Deflect a Vote Away From the Republican State Ticket Nor the Republican Electors.

En route from the southern part of Idaho to the northern portions of the state, Senator Heyburn of Idaho, was seen for a few moments at the Pendleton depot by an East Oregonian representative.

Asked about any probable action on any possible question by the coming session of congress, Mr. Heyburn declined to talk, saying that it is too early to advise as to what position congress will take about anything.

"What figure will the Mormon question cut in Idaho this year?"

"None whatever, so far as being an issue is concerned. That is, it will not influence a voter, one way or the other, in my opinion. The innate shallowness of the pretensions of those who have stirred up this stink, is pretty well understood, and the voters themselves are paying very little or no attention to the rogues. Some politicians are making a lot of noise, but they are not representative of anything except their own anxiety to gain selfish ends.

Law Against Polygamists.
"We have had a law on the statute books against polygamists holding office since 1863, and the most these fellows can possibly do would be the re-enactment of that or a similar law, or else the out-and-out disfranchisement of the Mormon because they are Mormons. I hardly think that anyone is ready for such a measure as that.

"The Mormon question as it is raised now is the noisy roar of pretenders who do not believe what they say in any degree; further, the public is not taking any stock in it—not in the slightest degree, so far as I can ascertain—certainly they are not being in any perceptible degree deceived.

"The 'issue' will absolutely not affect the republican state ticket in the least. Anyway, the state ticket will pull up to its average vote, while the republican electoral ticket will get the largest vote in the history of the state.

Washington Vote Will Be Cut.
"What will be the outcome of the threatened defection of the anti-railroad republicans in Washington?"

"I will admit the possibility of the state ticket in that state being cut down to a majority of not more than 6000 to 10,000, but its defeat I cannot possibly foresee. Frankly I do not pretend to have any special knowledge of conditions in Washington, and found my judgment upon what my brother in Spokane tells me.

"I am on my way to Wallace, and from there all over the northern part of the state, campaigning until the election."

NEED MORE RAILROADS.
Charles J. Gray of the Northwestern, speaks of the Oregon country.

Charles J. Gray, traveling passenger agent for the Chicago Northwestern, with headquarters in Portland, is in town today. "Senator Dooliver and myself arrived in Pendleton last night," said Mr. Gray. "That is, we both came in on the same train."

A remark was made regarding Senator Dooliver's alleged sore throat that prevented his speaking in the webfoot city. "I suppose the senator is still suffering from the throat disorder," remarked Gray, "but I noticed he was able to call sufficiently loud enough for liquid refreshment to be understood by the porter."

"Speaking of Oregon's needs, Mr. Gray said: 'The three things that this state most needs is railroads; the second is railroads, and the third is railroads. I am a railroad man, but I can safely make the statement that before this commonwealth gets very many more thousand population, she should have more rail facilities. There are thousands of acres of tillable land that is awaiting settlement that must first be opened up by railroads.

"Irrigation projects are many, but these cannot succeed in the proper way unless there is transportation facilities."

Injured in Football Game.
The football game played last week by the Walla Walla high school and the Colfax school teams resulted in a serious injury to a local player, Ben Kennedy, who may not be able to walk for some time. Ben was playing right guard, and in an advanced stage of the game when there was a particularly rough mix-up, sustained a torn ligament in his knee. He was taken from the field and medical attention given which relieved him somewhat.—Walla Walla Union.

Saves Two From Death.
"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1.00 bottles guaranteed by Tallman & Co. GOT HIS HAIR BACK.
Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mansell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '92, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.
