#### TO PATROL 16,000,000 ACRES OF TIMBER LAND

Spokane, Wash.—Sixteen million acres of land in California, Oregon, Washington, Idaho and Montana, containing more than 400,000,000,000 feet of standing timber will be patrolled and otherwise protected against fire this season under the direction of the Western Forestry and Conservation association, which, with its allied organizations, expended \$970,000 for this work in 1910 and 1911.

At the annual meeting of the association in Spokane it was also decided to enlist the five states in forest protection, urging each to take steps to secure a portion of the federal appropriation made possible by the Weeks law, which gives the government \$200,000 to distribute over a period of three years in the work of timber conservation. The maximum amount for each state is \$10,000 a year, provided the state itself expends an equal or larger amount of its own funds for fire fighting purposes.

Chief Forester Allen drew attention to the benefits the states could derive from the fund, the primary purpose of which is to provide protection for the forest slopes at the head of navigable rivers showing also that only \$39,000 of the appropriation was used by the states last year, when Oregon received \$5000. It is estimated that fully \$70,000 will be available for this district this year.

Albert L. Flewelling of Spokane, who was re-elected president of the association, said among other things in his annual address that 50 per cent of the merchantable timber in the United States is included in the five intermountain and Pacific states; that 75 per cent of all the shipping by water from the Pacific coast states is timber-products; that 75 per cent of all rail shipments eastward is timber and that 75 per cent of the busi-

#### NO INDIGESTION, DYSPEPSIA OR GAS IN FIVE MINUTES

**A Little Diapepsin Now Will Make Your Out of Order Stomach Feel Fine—Digests All Your Food, Leaving Nothing to Ferment and Sour.**

If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out of order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out of order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapepsin contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disturbance.

#### OREGON BAPTISTS OPEN CHURCH Freewater and Milton People Hold All-Day Session.

Freewater, Ore.—Baptists of Freewater and Milton held an all-day meeting, the crowd coming prepared to eat lunch at the church the united congregation of the Twin cities erected at Main and Broadway streets, between the two cities. The church cost in the neighborhood of \$4000. The Rev. Milo B. Bently became pastor last December, coming here from Octavia, Neb. The Rev. J. D. Springston of Portland gave an address on Sunday school work and the Rev. C. W. Parker of Portland followed with a sermon. The Rev. J. D. Springston gave an address and a conference was held.
