NOBLEMAN A COWARD?

Titanic Sailor Declares Lord Duff Gordon Prevented Rescue.

London, May 17.—With a large number of representatives of fashionable London present, including Mrs. Asquith, wife of the premier, and also Lord and Lady Duff Gordon, the inquiry of the Titanic disaster is being conducted before the board of trade here.

Sailor Henderson of the Titanic's crew testified that the Duff Gordon's were in his lifeboat. He charged they protested against his returning to the side of the sinking liner when cries of those perishing in the water were heard.

Lord Duff Gordon testified that when he entered the life boat he thought all the women had been taken off. He denied sailor Henderson's charge, that he protested against returning to the scene of the wreck. He said Lady Duff Gordon could not have protested against returning, because she was too seasick.

ONE JUDGE FINES ANOTHER, CONTEMPT

Chicago Police Chief, Assistant and Election Official Are Also Given Punishment.

Chicago, May 17.—Because they battered down the doors of the Seventh Regiment armory here, for the purpose of calling the democratic county convention several weeks ago in defiance of an injunction order issued by Superior Judge McKinley, fines of \$500 each with costs were imposed on County Judge Owens, Chief of Police McWeeney, Assistant Chief of Police Schuetter and Election Commissioner Carneckl, by Judge McKinley today on a charge of contempt of court.

Judge McKinley in his decision said: "When Judge Owens left his bench and went to the convention hall, he ceased to be a court and became an individual. He participated in the violation of my injunction as an individual. The judiciary of this country is on trial. The result of that trial depends largely on the obedience of one court to a superior one."

LA FOLLETTE WILL MAKE CHARGES AGAINST ROOSEVELT

Chicago, May 17.—Before leaving for Bowling Green, Ohio, where he will speak tonight, Senator La Follette announced he would charge there that three millionaires, connected at various times with "big business" had raised \$1,000,000 to finance the Roosevelt campaign. THAW MAY BE BABE'S FATHER

Friends of Couple Say Murderer and Mother Are Expected to Make Child Their Heir.

BIRTH SHADOW LIFTS

Prisoner Freely Associated With His Family During Sanity Hearing in 1909 With Approval of Sheriff—Boy Born Later in Europe.

New York, May 17.—Reports that Evelyn Thaw is preparing to withdraw from the life of Harry K. Thaw, her husband and slayer of Stanford White, who is now held as insane in Matteawan, are scoffed at today by friends of the couple. It is declared that Evelyn thinks Harry will make their twenty-one months' baby his child heir.

During his sanity hearing in 1909 Thaw was allowed exceptional personal freedom. He was given practically unlimited opportunity for personal association with his family in comfortable quarters allotted to him for that use by the sheriff at White Plains. This was the last time Evelyn saw her husband. Her baby was born the following spring in Hamburg.

It is said that Evelyn also believes Mrs. Wm. Thaw, Harry's mother, will remember the boy in her will if Evelyn remains in the family. Those seeing the baby say the boy has curly raven hair and bright eyes.

JURY CONVICTS SLAYER ALLEN

Find Member of Virginia Bandit Family Guilty of Murder in the First Degree.

VERDICT MEANS DEATH

Prisoner Hears Doom Sounded With Display of Nerve and Air of Unconcern—Armed Detectives in Court Room Are Not Needed.

Wythesville, Va., May 17.—After several hours deliberating, the jury returned a verdict of guilty of first degree murder in the case of Floyd Allen, a member of the noted family of bandits who last March slaughtered the court officials at Hillsville, when one of their members had been convicted of a felony. The verdict means that Allen must pay the penalty of his crime with his life.

The jury first reported a verdict of guilty, without signifying the degree. Judge Staples then ordered the jury to return a more complete verdict.

Floyd Allen showed little interest in the proceedings, apparently being the most composed man in the court room. Several of his relatives broke down when the verdict was announced but the bandit remained calm and soothed throughout.

Armed detectives were scattered throughout the court room to prevent a repetition of the tragedy which was enacted at Hillsville, but no move in this direction was made.

Judge Staples announced he would not sentence Allen till other members of the gang are tried.

Repudiates Testimony He Formerly Gave in Archbald Investigation.

Washington, D. C., May 17.—Edward Williams of Scranton, Pa., when recalled to the stand today by the house judiciary committee which is investigating charges against Judge Archbald of the commerce court, repudiated much of the testimony he gave on a previous occasion, attempting to shift to William Boland, a Scranton dealer, all blame for trying to sell "Katydid" the Cull coal pile. Williams flatly denied his previous testimony, in which he had declared that Judge Archbald had dictated a letter to a prospective purchaser declaring Boland gave him the letter, forcing him to carry it to the prospective purchaser.

"When is Pendleton going to provide the new water system promised at the time the East Oregon state hospital was located here and subsequently promised to the present state board on the condition that the people vote the necessary bond issue?" This question is asked by Charles A. Murphy, superintendent of construction on the branch asylum who is becoming anxious over the prospect that the branch hospital may be ready for use and find no water supply available for the inmates.

RICHESON'S ONE HOPE VANISHES

Governor Foss Refuses to Interfere and Baptist Minister Must Die for Murdering Sweetheart.

FATHER AWAITING BODY

Alienists Find Traces of Hereditary Insanity but Declare Minister Fully Realized Enormity of Crime at Time It Was Committed.

Boston, May 17.—Unaware of the announcement that Governor Foss will not interfere with the electrocution of Rev. C. V. Richeson, the slayer of Avis Linnell, the condemned pastor was in a high state of apprehension in his cell in Charlestown prison. He is very nervous, walks constantly and is smoking incessantly.

Chaplain Johnson, accompanied by Deputy Warden Allen, later visited Richeson and told the doomed man that all hope for executive clemency had gone. He remained forty minutes with Richeson, in the death cell.

The condemned minister's father has arrived here and is making preparations to dispose of his body after electrocution. Richeson will be buried at Lynchburg, Va.

The statement by Governor Foss shows alienists found that Richeson's family was afflicted very generally with insanity and that the condemned man himself is a neurotic.

He is also a somnambulist and a neurotic, and subject to hysterical insanity. The statement in part follows: "Executive clemency will not be extended in the case of Clarence V. T. Richeson. The prisoner was sentenced upon his own confession, and without a trial for a crime for which it appears impossible that any normal man could commit."

"The evidence shows that Richeson's family is heavily afflicted with insanity; that he himself is a neurotic a somnambulist and a neurotic; that he is subject to excitement, emotional disturbances, marked loss of memory, which two alienists had diagnosed as hysterical insanity, one physician adding the alternative term of hysterical delirium, and the majority opinion indicating that these attacks are marked by emotional disturbances of brief duration, with loss of memory during the attack and for a varying period following."

"The evidence, however, while clearly revealing these attacks, indicates that his crime was not committed by him during such an attack, therefore there is divergence of opinions as to whether the facts indicate insanity, and there is sufficient ground for the conclusion that he is accountable for his crime and that the exercise of executive clemency in this instance would be contrary to the public good."

SOCIALISTS WILL ELIMINATE STRONG ARM MEMBERS

Indianapolis, May 17.—The socialist convention amended the constitution today, by inserting a clause reading, "Any member of a party opposing a political action or advocating crime against a person or other methods of violence as a weapon of the working class to aid in its emancipation shall be expelled from the party."

Mrs. Endreson was formerly Miss Anne De Lateur of Pendleton.

Well Known in Pendleton. Miss Anna De Lateur was the daughter of Mr. and Mrs. Anton De Lateur who came to Pendleton in 1891 and lived here until about three years ago when they moved to their present home in Raymond, Wash.

She herself was born in Cumise near Antwerp, and came to America with her parents. Living here as a girl and a young lady, she is widely known to Pendletonians.

SLAYS BROWN BEAR; CAPTURES TWO CUBS

With two live cubs and the hide and meat of one grown bear, S. W. Purdy, professional hunter and special deputy game warden, came down from the mountains this morning from one of the excursions of his campaign of extermination against predatory beasts. The two little cubs are today being exhibited in the display window of the La Dow & Peterson hardware store. A portion of a tree has been set up in the window and the little fellows have been curled up in the branches all day.

The cubs were discovered in a tree by Purdy and William Swant, well known farmer, and the latter climbed the tree and saved off the limb on which they had taken refuge. When they fell, Purdy quickly captured them. They are of the brown species and not more than two weeks old.

St. Paul, May 17.—In a sweeping decision the state supreme court today in favor of the minority of the stockholders of the Great Northern railroad, J. J. Hill and the other directors of the road lost the first round of the battle for the dissolution of the Lake Superior holding company for his properties.

The defendants demurred to the complaint of Clarence Vennor, an eastern capitalist and stockholder of the Great Northern who charged the Hills and other stockholders had purchased in 1899, ore properties for \$34,000,000, using Great Northern funds in violation of the railroad charter.

ANOTHER MABEL WARNER IS NEW SENSATION IN FAMOUS WILL CASE; MOTHER ASKS FACTS

O ye gods, when will these sensations to ascertain if this is so, she encloses the trunk and several branches of her ancestral tree to assist the county clerk in arriving at the truth.

Her daughter's father bore the distinctive appellation of Alpheus in front of the family name of Young, while this same daughter's husband had been christened with that ancient Roman name of Cincinnatus. "Cincinnatus Carver Warner," that was his name, spell it carefully.

Various other details of the family history are incorporated in the letter and the writer declares she can find out more if particulars of the case verify her suspicions.

However, as the local Mabel Young Warner's father's name is Michael and her husband's just plain Sam and inasmuch as she has established beyond the shadow of a doubt that she is herself, Mrs. Susie B. Young of Alhambra, California, is probably doomed to disappointment and all of her hopes of falling into a fortune are to be blasted in their youth.
