## CONTRACT SIGNED WITH GOVERNMENT

STORAGE WATER WILL BE FURNISHED TO CANAL

Agreement is First Ever Made Between Government and an Irrigation District—Storage Reservoir at Head of Yakima River Will Supply Water in 1915 or 1916.

Spokane, Wash., March 5.—(Special)—What is believed to be the first contract ever made between the United States of America and an irrigation district was filed in Kittitas county, west of Spokane, when the secretary of the Kittitas reclamation project recorded an agreement with the government to furnish storage water for the \$5,000,000 high line canal. The document bears the signature of Walter L. Fisher, secretary of the interior. Water for the high line canal will be furnished by the federal

government from the storage reservoirs at the head of the Yakima river, delivery to be made in 1916, or in 1915, if necessary. Water for 70,000 acres in the district will cost \$882,000, payable in three instalments. The contract with the government was secured after many months of negotiations, participated in by Secretary Fisher, representing the government, and Thomas Haley, president, C. W. Johnson, secretary, and Carroll B. Graves, attorney, representing the irrigation district. The irrigation season

will be open from April 20 to September 30.

## MAN WOUNDS WIFE AND KILLS HIMSELF

Chico, Calif., March 5.—While in a jealous frenzy, John Letterman, member of a prominent family, shot and wounded his wife and killed himself. The wife declared today her husband accused her of receiving the attentions of another man.

There is Only One "Bromo Quinine" That is Laxative Bromo Quinine

Always remember the full name. Look for this signature on every box. **E. W. Grove**

## FAMOUS CHIEF PASSES ON TO HIS FATHERS

Newport, Ore., March 5.—"Billy" Strong, last lineal chief of the "Too-Too-na" tribe of Indians, and the one of the most noted characters on the Siletz Indian reservation, died a few days ago.

"Billy" was the third son of Chief Shell-head of the Too-Too-nas, with whom the government treaty was made after the war of 1855 and 1856. The whole family were turbulent men and warriors of note before the coming of the whites, but "Billy" was the only one to live long enough under reservation restraint to prove his worth.

This family consisted of three sons, Jim, Jack and Billy, and two daughters, Jennie and Mary. The first four were living at the time of the war in their village on the north side of the Rogue river and have always been credited with an active part in the murder of Ben Wright, an early white settler.

The story also has it that Jennie ate Wright's heart after killing him. She was a woman of immense strength and many remarkable tales are told of her endurance. It is said that she once carried on her back 200 pounds of flour clear from the Kings valley mill to the Siletz reservation.

## ORANGE TREES ARE REQUESTED

TO BE USED TO MAKE EXPO GROUNDS BEAUTIFUL

Landscape Engineer of Panama-Pacific Exposition Makes Appeal to Fruit Growers—Big Fair Will Be Ready in Every Detail on February 20th, 1915.

San Francisco, March 5.—(Special).—John McLaren, landscape engineer of the exposition, has issued an appeal to the fruit growers of the state to furnish him with orange trees for beautifying the courts at the Panama-Pacific International Exposition.

On February 20th, President Charles C. Moore of the Panama-Pacific International Exposition stated that a careful review of progress upon the exposition enabled the management to repeat and emphasize its promises made a year ago that the exposition will be ready in every detail and opened on the morning of the day announced February 20th, 1915.

A record number of applications for participation in the world's fair at San Francisco by foreign nations and states and territories of the United States government has assured the most comprehensive display ever made.

Hundreds of conventions and conferences are being arranged for the Panama-Pacific International exposition in 1915, to be held in the various festival halls and auditoriums which are being erected for their accommodation both in the exposition itself and in the city of San Francisco. One of the most striking of these conferences will be a congress of the musicians of the world when a massed chorus of 20,000 voices gathered from the best singers of all nations will render classical music from day to day. A notable feature of this congress will be the rendition of folk songs presented by numerous folk lore societies from every quarter of the globe.

To date the applications for concessions in the Panama-Pacific International exposition exceed in numbers and excel in originality any similar features of previous expositions. They include reproductions in miniature of the Panama canal, Yellowstone National Park and the Grand Canyon of the Colorado river, each of which is being erected at an expenditure exceeding \$250,000.

Rapid progress is being made upon the sculpture and color plans of the Panama-Pacific International exposition. The whole scheme of color in the exposition is under the distinguished direction of Mr. Jules Guerin, acknowledged as America's greatest artist in color. Mr. Karl Bitter, as director of sculpture, is assisted by Mr. A. Sterling Calder and an army of sculptors who are now at work in their New York studios.

## DUNIWAY APPEALS TO LEGISLATURE

Salem, Ore., March 5.—State Printer W. S. Duniway has circulated the legislators with an appeal to pass H. B. 406 over the governor's veto. This is the bill that repeals the state printer flat salary law and was vetoed by the governor on the ground that it was surplusage in that the flat salary law was already repealed by H. B. 422.

Duniway heads his circular with the words "Attempt of Governor West to override a verdict of the people at

PILES CURED IN 6 TO 14 DAYS. Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

## ELDERLY MEN AND WOMEN MUST NOT USE CALOMEL, SALTS OR VIOLENT CATHARTICS

HARMLESS, DELICIOUS "SYRUP OF FIGS" IS THE BEST TO CLEANSE YOUR STOMACH, LIVER AND 30 FEET OF BOWELS OF SOUR BILE, DECAYING FOOD, GASES AND CLOGGED UP WASTE

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to; who like the easy chair. You, whose steps are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have also become less active.

Don't regard Syrup of Figs as physic. It stimulates the liver and bowels just as exercise would do if you took enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak, sluggish bowels is harmless, natural and gentle.

When eyes grow dim, you help them. Do the same with your liver and bowels when age makes them less active. There is nothing more important. Costive, clogged-up bowels mean that decaying, fermenting food is clogged there and the pores or ducts in these thirty feet of bow-

els suck this decaying waste and poisons into the blood. You will never get right until this is corrected—but do it gently. Don't have a bowel washday; don't use a bowel irritant. For your sake, please use only gentle, effective Syrup of Figs. Then you are not drugging yourself, for Syrup of Figs is composed of only luscious figs, senna and aromatics which can not injure.

A teaspoonful tonight will gently, but thoroughly, move on and out of your system by morning all the sour bile, poisonous fermenting food and clogged up waste matter, without gripe, nausea or weakness.

But get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse with contempt any other Fig Syrup unless it bears the name—prepared by the California Fig Syrup Company. Read the label.

the last election," and he says further betrays confusion of ideas and lack of accurate information.

The circular attempts an argument showing that to pass the bill over the governor's veto would effect a saving to the state of \$20,000, which he says is appropriated in the flat salary law with which to purchase a state printing plant.

The circular contains the flat salary law in full, with marginal comments by Duniway.

## BLANK SHELL INJURES.

C. N. Hutchinson Wheeler Player, is Slightly Injured Last Night.

La Grande, Ore., March 5.—Slightly injured, not sufficient to keep the victim from rehearsal was inflicted last night during the performance of "The Wolf" when a blank revolver cartridge exploded while being thrown into the chamber. C. N. Hutchinson, one of the star performers of the com-

pany was holding the weapon across his knee while loading it preparatory to going on the stage for his act, when the explosion occurred, slightly injuring one leg. The bruise was very trifling however, and he went on with his part.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Scientific discovery has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.
