His Appearance Before the Lobby Investigating Committee Has Been Postponed a Few Days.

SUGAR MAN TESTIFIES

A. D. Baldwin, Interested in Sugar Duty, is First Witness Called Today—Declares He's Paid \$30 a Day and Expenses But Admits He is Not Worth That Amount.

WASHINGTON, July 9.—When the lobby committee resumed its hearing Chairman Overman announced that the appearance of Mulhall had been postponed. Mulhall is expected to testify to the part played by the National Association of Manufacturers in certain political campaigns, while he was an agent of the organization.

A. D. Baldwin of Cleveland, of the firm of Alexander and Baldwin, said to be the largest sugar producers in Hawaii, was the first witness today. He testified he had been here since April in the interest of the duty on sugar. He said he received \$30 per day and expenses. He admitted he didn't think he earned that much, but said the sugar interests wanted him to remain.

All Baldwin did, he said, was to call on about 20 senators and write a few letters. On cross examination Baldwin's story remained substantially the same as that told by others who testified regarding the efforts to keep sugar off the free list.

WASHINGTON, July 9.—A resolution providing for a lobby probe independent of that now in progress by the senate committee was passed by the house this afternoon. Clark then appointed a committee to conduct the investigation.

To Have Special Counsel. WASHINGTON, July 9.—After a desperate search of cook rooms the house mustered a quorum today and voted to permit the proposed special house lobby investigating committee to employ special counsel in the probe of the charges made by Mulhall. This reverses the action taken earlier in the week.

It signifies that the owner had at various times been a member of the Kennett, Silver Peak, Tonopah, Manhattan, Round Mountain and Butte unions and telegrams have been sent to the unions in an endeavor to locate the man's home.

He was about forty years old, dressed like a laborer and indications were that he had been "beating" his way on the trains. The nature of the illness from which he died has not been ascertained.

Bulgarians and Servians Engage in Fierce Combats—200,000 Men Take Part in Fighting About Ishtip—One of Bloodiest Battles in Modern Times.

VIENNA, July 9.—Following severe reverses at the hands of the Greeks and Servians, it is reported here tonight that Bulgaria is now ready to discuss terms of peace in the renewed Balkan war. Bulgaria is reported to have suffered heavy losses in the last few engagements.

BELGRADE, July 9.—It is estimated that 35,000 Bulgarian and Servian soldiers have been killed in the recent battles about Kochana, and Ishtip. The war office claims Servia won a great victory, asserting the troops occupy both towns. Two hundred thousands troops participated in the struggle. The fighting about Ishtip will go down in history as one of the bloodiest battles of modern times. Reports indicate the fighting will continue for days.

First the Servians captured Ishtip. Then it was retaken by the Bulgarians only to fall into the hands of the Servians again. The war office at Sofia admits the Bulgarian troops have evacuated both towns. Despite news of a victory, government officials are concerned over the armistice condition. Cholera is feared.

LONE BANDIT ROBS BANK AND ESCAPES

RIGBY, Ida., July 9.—A daring daylight robbery of a state bank of Rigby occurred here Tuesday afternoon by a lone robber who secured \$2800 and escaped. A posse is in pursuit.

About 5:25 p. m. a short, heavy set, dark complexioned man, evidently a foreigner, entered the bank door of the bank. Cashier Ellsworth and his assistant were engaged in work on the books. The holdup ordered the two men into the vault and told them to throw out to him the paper money and gold. He expressly stated to them he did not want any silver. After securing the money the robber locked the men in the vault and escaped.

WILSON'S ACTION IS REPRIMANDED

SAN FRANCISCO, July 9.—Strictures upon actions of President Wilson and Attorney General McReynolds in connection with the resignation of United States District Attorney McNab are contained in the report of the federal grand jury before which was presented the evidence in the Diego Caminetti white slavery case, the postponement of which led to McNab's resignation. When the report was read in the United States district court, Judge Wm. C. Van Fleet would not allow it to become a part of the court record. He directed the grand jury to formulate a new report.

PUBLICITY FOR ROUND-UP THIS YEAR IS BEGUN

LITERATURE IS RECEIVED

W. C. Pruitt Will Head Publicity Bureau—Reports Received Indicate That Imitations of the Round-up in Other Cities Will Not Hurt the Show Here.

Now that the Fourth of July celebration has become a memory, the next gala occasion of significance to Pendleton is the Round-up during the middle of September and the directors are commencing upon a more extensive advertising campaign than ever before. W. C. E. Pruitt, well known former attorney and newspaperman, has been secured to handle the publicity department and is already at work at Round-up headquarters sending out literature.

The Round-up yesterday received from the hands of the printer, many thousands of the little enclosures for letters and will distribute them over the city. They are snappy and attractive and it is safe to say that everyone will be read.

Mr. Pruitt is now preparing copy and cuts for a folder which is to be sent out. Posters will be sent out to all of the frontier towns where there are no railroads in order to apprise the many cowpunchers of the dates of the big show.

Reports being received by the directors do not indicate that the many small imitations of the Round-up have hurt the local show in the least and it is predicted that the visitors this year will exceed those of any other year.

It is stated they will refute the testimony which is anticipated to be given by Mulhall, involving the association in certain political deals. Overman declined to issue the subpoenas at this time.

Explaining his reason for refusing to subpoena Cannon and Aldrich and others at this time Overman said: "If Mulhall's story develops that these men may be needed here to testify we will issue subpoenas. Unless we have Mulhall under oath there is no subpoenaing them."

DEPOSITORS TO BE PAID FULLY

HOPEFUL VIEW IS TAKEN

Financial Situation Seems Brighter Following Failure of Pittsburg First-Second National Bank—Directors Reorganize—Kuhn Interests Eliminated.

PITTSBURG, July 9.—A more hopeful view was taken of the financial situation, following the failure of the First-Second National bank. It is now expected the depositors will be paid in full. The board of directors of the bank are reorganized and the Kuhn interests will be eliminated before the bank is reopened. Agents of the treasury department are investigating charges that dummy loans were made.

W. S. Kuhn, president of the institution, is expected to arrive some time today to assist in straightening out affairs. An application for receivers was made in the federal court for the six subsidiaries of the American Waterworks and Guaranty company.

WASHINGTON, July 9.—An examination of the books of the defunct First-Second National bank of Pittsburg will be made by investigators of the department of justice, according to an announcement by officials of the treasury department. Acting controller of the currency Kane who arrived from Pittsburg, declared the financial situation in Pittsburg is good. "It was purely a local disturbance," said Kane. "It extended only to the Kuhn banks and institutions. The condition of this bank has been known in banking circles in Pittsburg and New York for a long time and the failure caused but little excitement."

ROSE SHOW IS PLANNED AGAIN

Pendleton's rose show will be given again next year and it will be virtually under the same management as was the recent show. At a meeting of the rose society last evening Dr. I. U. Temple was reelected as president. Mrs. A. C. Hampton as secretary and Leon Cohen, treasurer. The date for the next show is left indefinite and will be set next spring in accordance with weather conditions. An executive committee is to be named by the president.

The financial report submitted last evening shows the association to have a surplus of \$38.55 in the treasury and that the total expense of the show aside from the premiums that were donated, was but \$10. Next year it is probable that an admission of 10 cents will be charged, so as to make the show self sustaining, thereby eliminating the necessity of a subscription list.

President J. V. Tallman of the Commercial Club attended the meeting last night and volunteered to offer next year's \$25 cash prize for the best display of roses. The offer was accepted.
