LOLA NORRIS RECITES STORY UNASHAMED AT DIGGS TRIAL

Cross Examination of Miss Warrington Completed—Defense Goes After All the Details.

NO TESTIMONY COLORED

Warrington Girl Denies That Government Prosecutors Tried to Have Her Change Her Story in Order to Escape Imprisonment—Norris Girl Tells of Events Unprompted.

SAN FRANCISCO, Aug. 14.—Affording striking contrast to Miss Warrington, both physically and in her frank, unashamed method of testifying, Lola Norris, a remarkably attractive girl of 20 took the stand at the Diggs trial, beginning her part of the story upon which indictments against Diggs and Caminetti, her companions in the escapade, were based.

The cross examination and redirect interrogation of the Warrington girl concluded shortly before noon, the defense again remorselessly trying to get whatever salacious details were overlooked hitherto. Practically the last testimony by Miss Warrington was a complete refutation of the insinuations of the defense that the two girls were persuaded to color their testimony in the government's case in order to secure immunity from prosecution.

R. Coghlan, for the defense, asked Miss Warrington if it was not true she had a conference with McNab before she went to the federal grand jury and was advised that "unless she told the truth she would be in jail and held as a witness." Warrington testified that she denied the imputation of coercion on the part of the government prosecutors.

It was just previous to this that Coghlan announced to Judge V. F. Fleet that the opening statement of the defense would be based on the contention of the defense that the Warrington girl was persuaded to color her testimony to save herself from prosecution under the juvenile act on a charge of contributing to the dependency of Diggs and Caminetti's minor children.

With head erect, and waving aside the proffered support of a friendly arm, facing the crowded court room with a frank, unashamed gaze, Miss Norris then began her recital. Her voice did not falter and she did not even hang her head, as Miss Warrington had done, even under the searching questions as to the relations of the four. Her testimony was explicit and needed scarcely any coaching from Prosecutor Roche, who conducted the examination for the government.

200 PULLMAN CARS FOR THE ROUND-UP

Fully two hundred Pullman cars will be run out of Portland over the O. W. R. & N. lines during the three days of the Round-up, according to an announcement made today by F. O'Brien, local agent. In fact so great is the demand for reservations that the company is having difficulty in securing the necessary equipment and will have to rush in cars from other lines to relieve the situation. The company has more space in the local yards this year and a number of additional temporary tracks will be laid for the parking of the special trains.

W. J. Furnish and other members of the family were down by auto yesterday from their summer home near Bingham Springs.

WORK BEGUN ON NEW BUILDINGS AT HOSPITAL

Work of excavation for the new buildings to be constructed at the Eastern Oregon Hospital has been started and the building work will be on within a short time. It is the expectation to have the new buildings completed by Nov. 15, according to Dr. McNary, superintendent of the hospital, who returned yesterday from his trip to Salem. The building work now in progress will provide a cottage for Superintendent McNary and family and likewise a very modern barn and pig sty to house the livestock of the institution. The barn will provide quarters for the dairy herd and there will be stalls for 54 animals. At the present time the hospital has a herd of 30 Holsteins, imported from California, and the institution is providing its own milk supply.

H. L. WILSON HITS BRITISH OFFICE

WASHINGTON, Aug. 14.—Henry Lane Wilson, the furloughed ambassador to Mexico, issued a statement here attacking the recent statement accredited to the British foreign office, declaring that Great Britain had recognized the Huerta government as a provisional government only; that its recognition was prompted by a desire to contribute to the restoration of order and also because Wilson's congratulatory speech on the occasion of the reception of the Mexico City diplomatic corps by Huerta. Mr. Wilson said: "If this statement really emanated from the British foreign office it is at variance with its traditions and with the character that it has maintained before the world for two centuries. I doubt the genuineness of the statement, as it is a pure subterfuge unworthy of the British foreign office. As there existed at the time only a provisional government in Mexico the government of Great Britain could naturally recognize nothing but a provisional government which it did in exactly the same manner and practically the same phrasology as other European governments."

INDIAN EXHIBIT TO BE A FAIR FEATURE

Major Moorhouse Promises That His Complete Collection of Curios Will Be Seen.

Major Lee Moorhouse, who is secretary of the Umatilla county fair, announces that he will install the most complete exhibit of Indian curios, pioneer relics and Indian pictures in the pavilion this year that has ever been shown on the Pacific coast. In past years, he has always had a booth to display a portion of his own valuable collection and he has exhibited at numerous other fairs and festivals in the northwest, but he has never yet shown his complete exhibit as he intends doing this year. He is also requesting that anyone having curious and relics of frontier days add them to his own collection for the occasion. Other exhibits are also being prepared now. The J. A. Borie lumber company will make a big display of "Made in Pendleton" furniture and the high school will also put in an exhibit of furniture made in its manual training department as well as other work done by the students. The Pendleton Woolen Mills will put in an artistic exhibit of its products, the county will make a comprehensive showing of its diversified products, and Freewater, Milton, Hermiston, Stanfield, Pilot Rock and other communities of the county will have special exhibits in all probability.

20,000 ACRES OF LAND FORFEITED

PORTLAND, Aug. 14.—Twenty thousand acres of land in Coos county was ordered forfeited to the United States from the C. A. Smith Lumber company in a decree signed by Federal Judge Robert Bean. The forfeiture was made as a settlement under the "innocent purchaser" statute passed by congress to protect purchasers of timber lands from the Oregon and California railroad company in the railroad's government grant. Like all the other innocent purchaser cases that have been settled, the defendant timber company had purchased the land in one large block from the railroad company and more was paid for it than \$250 an acre. Oregon and California railway land was authorized to sell these lands to actual settlers only in blocks of 160 acres at \$2.50.

BAKER, Ore., Aug. 14.—Word was received at the sheriff's office from Rye Valley this afternoon stating that Lawrence Cartwright, a wealthy rancher and his wife, had been shot and killed by a man whose identity was not fully established. It is said the tragedy was the result of a family feud. On account of the isolation of the scene, details are meager. Officers have gone to investigate. According to the sheriff's office it is known that three are dead.

FIRST STEPS ARE TAKEN FOR THE IMPROVEMENT OF WATER STREET

Acting upon a petition presented by property owners in the proposed district, the city council last evening passed the first resolution calling for plans and specifications for the improvement of Water street from Main to Vincent, Vincent street from Water to Lewis and Lewis street from Vincent to Lee, a distance of little more than eight blocks, with gravel bitulithic and for the estimates of the cost, together with the lots, parts of lots and parcels of land against which the cost would be taxed. The petition was signed by fourteen property owners and asked for the improvement providing a satisfactory sewer is first laid. The council has previously passed an ordinance calling for a new sewer on Lewis street and the repair of the Water street sewer. Many of the property owners, it is said, refused to sign any petition although declaring themselves for the improvement, while a number of others took a neutral position and agreed not to sign either a petition or a remonstrance. Notice to N. P. Upon the report of Councilman Swearingen that the Northern Pacific

MEAT PRICE TO BE HIGH THIS WINTER

Packers Predict That Cost of Living Will Soar as Result of Hot Weather in Kansas.

CATTLE SHORTAGE SEEN

Retail Prices, It Is Said, Will Reach Higher Point Than Ever Before—Pound Mutton Predicted Will Go to 40 Cents and Probably to 45—Corn Is Rained.

CHICAGO, Aug. 14.—Retail meat prices this winter will be higher than ever if a prediction of the packers comes true. They say that because of the drought in Kansas and the southwest which deprived cattle of food, 40 cents a pound for mutton cuts are certain and 45 cents is probable. Practically all the corn is ruined in this section which usually is a heavy exporter of cattle and other stock. In the last 10 days there has been a steady rush of cattle to markets in the middle west and a big shortage of the latter seems certain. The first three days of this week 125,000 head of cattle were received in western markets. Young people seem to have a monopoly on good luck.

DISMISSAL IS THOUGHT TO BE IMMINENT NOW

President is Angered for Interference of Ambassador Wilson With Britain's Statement. LATTER REPEATS WORDS

WASHINGTON, Aug. 14.—Ambassador Wilson who stands in imminent peril of immediate dismissal by the president for the issuance of a statement replying to the British foreign office's declaration that Great Britain recognized Huerta provisionally, only after Wilson publicly lauded the dictator, reiterated his criticisms and admitted giving Senator Smith inside information of the Mexico City situation.

ENUNCIATOR SECURED FOR THE ROUND-UP

Announcements of the events, winners and performers by an electric enunciator will be one of the added features of the Round-up next month, the action of the board of directors last evening in closing a deal with the Oregon Enunciator Co. of Portland assuring this new convenience for the spectators. Pendleton will thus be able to boast the second open-air park in the United States equipped in this manner, the White Sox ball park of Chicago being the first to install the enunciator. In order that all sections of the grandstand and bleachers can be reached clearly and distinctly by the transmitted announcements, 45 of the instruments, known as the multa Musola machines, will be installed, 15 in the grandstand and 15 in front of each of the bleacher sections. Each will be provided with an amplifier so that the sound will carry well. The company will send a special man to install the apparatus and to superintend it during the three days. In connection with the enunciator, a phonograph attachment will be supplied and records will be played before the show and during the same. The installation of the enunciator is in line with the policy of the association to place the comfort and pleasure of spectators above everything else. It was the same policy which caused the directors to decide against allowing any hawkers or vendors inside the park other than those who supply the crowd with programs and soft drinks.

TURKS SURROUND 85 BULGARIAN SOLDIERS

Chamberlain Chosen.

WASHINGTON, Aug. 14.—Chamberlain was chosen by the steering committee to be chairman of the military affairs committee of the senate.

GRONNA OPPOSED TO FREE WHEAT

WASHINGTON, Aug. 14.—Discussion of the agriculture schedule and the proposed free listing of wheat in particular enlivened the tariff discussion today in the senate. Senator Gronna of North Dakota proposing in lieu of free wheat a duty of six cents a bushel. Action on the amendment was deferred owing to prolonged debate, a fact that has aroused democratic leaders to a realization of the necessity for some action to speed up consideration of the measure if possible. To this end a democratic caucus has been called for tomorrow when a proposal will be made for an agreement that a recess of congress be taken until November 1 after the passage of the tariff bill in the senate and the currency bill in the house. This, some democrats assert would induce republicans to cut short discussion of the tariff and would also overcome democratic opposition to currency legislation at the special session. SULZER BALKS AT GIVING UP HIS POSITION

Has Possession of Executive Mansion and the Executive Chamber and Refuses to Leave.

2 GOVERNORS ON JOB

Friends of Sulzer Declare He Is Prepared for All Moves—Is Waiting to See What Glynn Will Do to Enforce His Authority—Case Will Probably Go Into Court.

(By John Nevins) ALBANY, Aug. 14.—Two governors of New York are on the job today. Despite his impeachment by the assembly for alleged malfeasance in office, Governor Sulzer is in undisputed possession of the executive mansion and the executive chamber of the capital, while Lieutenant Governor, or Governor Glynn, occupied a room off the senate chamber where the executive orders will be issued. No conflicts and no physical clash have occurred between the rival governors. Adherents of Sulzer declare he is prepared for all moves and is waiting to see what Glynn will do to enforce his claimed authority. It is probable Glynn will not act until the legislature convenes Tuesday when probably he will send in the name of Abram Elkus to the senate to be confirmed as state commissioner of labor. Elkus will be confirmed and his appointment will pave the way for court proceedings to test the legality of Glynn's title to the governorship. Sulzer, however, will not wait for Glynn to act. Before that he plans to pardon a convict at Sing Sing and if the pardon is not recognized by the warden of the penitentiary he will at once ask the lower courts to enforce it and eventually will take the case to the supreme court of the United States, if necessary. Mrs. Sulzer is the most pathetic figure in the whole case. No matter what the outcome, she has earned the admiration of both her husband's friends and foes. Resolution is Served. Displaying open contempt, Sulzer accepted McCabe's service of the impeachment resolution at noon. The executive offices were crowded when the impeachment papers were served. Senate Clerk McCabe left immediately afterward. After the service of the papers Sulzer insisted they would make no difference in his status and told the United Press his only real care was regarding his wife.

Baseball President Dies.

PHILADELPHIA, Aug. 14.—William Locke, president of the Philadelphia Nationals, died this afternoon at Ventner, New Jersey, from a complication of diseases.

CHRONOLOGY OF SULZER-TAMMANY BREAK

The break between Governor Sulzer and Tammany came about over the efforts of Governor Sulzer to obtain passage of a direct primary bill such as his party pledged itself to secure during the campaign. Then—Charles F. Murphy of Tammany, charged that Governor Sulzer had been indicted for perjury in Vermont. Sulzer replied to the perjury charges by ordering a special grand jury to investigate graft and corruption. Murphy replied by saying Governor Sulzer was in error in accusing him of being in a conspiracy to discredit the governor. Sulzer's friends quoted Murphy as saying the latter would spend \$1,000,000 to drive Sulzer out of politics. To Murphy's general denial, Sulzer said the Tammany boss said he would have him out of office in six weeks. That was April 13. July 12—Miss Mignon Hopkins files suit against Governor Sulzer for breach of promise, asking \$30,000. Sulzer's answer to suit is an attack on Tammany, blaming it for the suit in an effort to discredit him. Majority Leader Levy, in the New York assembly, introduced a resolution asking for the impeachment of Governor Sulzer. Mrs. Sulzer attempts to save her husband from impeachment by a statement that she had used his checks to speculate in stocks. Assembly, after an all night battle on the floor, impeaches Governor Sulzer by a vote of 79 to 45.
