George F. Gilmore arrived home this morning from Portland where he was one of a large class initiated in to the page rank of Knights of Pythias.

SALEM, Ore., Oct. 14.—Another adroit attempt of E. E. Von Glein to get away from the clutches of the law was frustrated here when Chief Justice McBride denied an application for a writ of mandamus directing the circuit court of Multnomah county to dismiss the indictments against Von Glein and order him discharged from custody.

PORTLAND, Ore., Oct. 14.—Captain Owen Williams, master of the ill-fated ship Glenside, which was wrecked in the breakers at Neah-Kah-Nie mountain, Oregon, Wednesday, October 1, was found guilty of negligence and his master's certificate suspended for three months by a court of inquiry meeting at the British consulate.

WALLA WALLA, Wash., Oct. 14.—Requesting that the minister "study them awhile," Arthur Brown, a young man, placed a deck of cards upon the pulpit of the Memorial Baptist church of Milton. He was arrested and was fined \$7.50. City Recorder Samuels, in fixing the fine, said he made it light because of the young man's previous good character.

FREEWATER, Ore., Oct. 14.—The city council has appointed a committee consisting of Councilmen Murray, Miller and Cummins to consider the advisability of macadamizing the city streets from the Milton line on Depot street to the county road. The estimates received are in the neighborhood of \$3000. The construction of this section of road will be a step toward a macadamized road from Walla Walla to Pendleton. Additional data from Engineer L. A. Reinman has been called for.

FALLS CITY, Ore., Oct. 14.—A petition signed by 72 residents of this city has been presented to the county court asking that the municipality of Falls City be granted the right to hold an election on Tuesday, November 4, to determine whether the sale of intoxicating liquors shall be prohibited. Thirty of the petitioners are women. Falls City has been "wet" for years.

### WHITMAN-O. A. C. GAME SATURDAY

#### OREGON SCHOOL HAS STRONG LINE-UP AND GOOD BATTLE LOOKED FOR

WALLA WALLA, Wash., Oct. 14.—Manager Barnes of the Whitman football team yesterday announced the officials for the O. A. C. game on Ankeny field next Saturday afternoon at 3 o'clock. They are: Referee, George Varnell of the Spokane Chronicle; umpire, "Buck" Jones, formerly of Pullman.

Varnell is considered the best football authority and referee in the northwest, and every conference team likes his work.

The manner in which O. A. C. held the big Multnomah triumph to a 7 to 1 score at Portland Saturday has caused considerable surprise among the fans of the entire northwest, for heretofore the Multnomah club has had the best football team in this part of the west. It is still said however that their strongest lineup has not yet been used and that they are not yet in the best of condition, but since they have already played two games against O. A. C. this season the first resulting in the defeat of the college men by a score of 8 to 0, this Whitman argument is not given much credence generally for Multnomah has now had considerable time in which to get in shape.

PHILADELPHIA, Oct. 14.—Eddie Plank, veteran pitcher of the Athletics, denied reports that he had declared his intention of retiring from baseball.

"I did say last year that I was going to retire," said Plank, "but I have not spoken of it this year and have no idea where the news started. I feel in fine shape and could pitch again tomorrow if Connie Mack wanted me to do so."

Plank will be the guest of Harry Davis at his home here for a few days.

LIVERPOOL, Oct. 14.—The steamship Devonian arrived here this afternoon with a contingent of the survivors of the Voltorno, and were transported to another vessel which was bound for New York. The officials of the Uranium company are preparing to demand investigation of the fire, the officials maintaining that it was incendiary. Their theory is that it was started by a bomb which is said to have been planted at the instigation of a rival company.

QUEENSTOWN, Oct. 14.—A wireless from the steamship Minneapolis announced the vessel will reach Gravesend this evening with a party of rescued passengers from the Voltorno. A special train will be waiting to take them to London from whence they will be sent to South Hampton for embarkation on the Olympic, bound for New York.

is becoming weaker year by year in gluten.

Horace Mann, miller at the Pendleton Roller Mills and who makes all of the tests, believes that the grain as a whole will probably average up with that of last year despite the fact that the proportion of gluten in some very low. He ascribes this shortage to the growing of a great deal of light hybrids and to the fact that the grain was this year unusually plump. "When the berry is extra plump," he said, "the added cells are nearly all of starch. The gluten cells lie next to the bran and starch cells form over them. Flour with a large quantity of starch is very good in communities where crackers or pastries are made but is less marketable in a strictly bread community."

HERDS CAUGHT IN SNOW IN MOUNTAINS

WESTON, Ore., Oct. 14.—A dozen local cattlemen have been in the saddle almost constantly for several days, striving to drive their herds out of the Blue mountains. Snow has fallen to an unprecedented depth at this season of the year, and is reported to be five feet deep in the vicinity of the toll gate, 20 miles east of Weston. The hungry cattle stick to the timber. They refuse to budge and often try to fight the cowboys.

Ordinarily the mountain range of the Wenaha reserve is available until late in December, and this year the early storms caught the cattlemen and sheepmen unprepared. Thousands of head of sheep are said to be blockaded in five feet of snow on the Loovig Grass range, about 20 miles north-west of the toll gate and desperate ef-

orts are being made to drive them toward the breaks of the Grande Ronde river. George Lambden of Wallula has a band of 2200 head at the Lluellen & Tucker cattle camp, 16 miles southeast of Weston, where the snow is about two feet deep. These sheep he is trying to bring out down this side of the mountains.

About 12,000 head of cattle and 60,000 head of sheep are said to have been ranging this year in the Wenaha reserve. The cattlemen expect to be able to rescue their herds with but little trouble, as the weather has turned clear and warm, but it is feared that many sheep will die of starvation. Anxious sheep-owners have been driving up the mountains as far as they can go in their automobiles, in order to direct their herders.

MINIMUM WAGE ACT IS ATTACKED

PORTLAND, Ore., Oct. 14.—Frank Stettler, a paper box manufacturer, today filed suit to annul the minimum wage law for women in Oregon.

This act promulgated by the Oregon welfare commission by authority of the law creating this body, prescribes that no adult woman factory worker shall receive less than \$8.44 a week and that none shall work a maximum of over 50 hours in any one week.

Mr. Stettler attacks these provisions as unconstitutional, declaring they would deprive him both of his property and his liberty by such action.

### LOVER SHOULD NOT JILT ONE ARMED GIRL.

LONDON, Oct. 14.—The loss of a girl's arm is no justification for her loved jilting her, decided the jury in a breach of promise case at Mold, Flintshire. After she had become engaged to Howard Pugh, Miss Amy Jones met with an accident which resulted in the amputation of her right arm, whereupon Pugh promptly threw her over. When the case came to trial he set up the defense that a one-armed woman could not possibly be a success as a workman's wife. Miss Jones was given a verdict of \$125 and costs.

If there is any temptation within a mile of him a man will find it.
