

### SUMMER CAMPERS PRESENT PROBLEM

FORESTRY BUREAU SETTING ASIDE PASTURE FOR HUNTERS BUT DIFFICULTIES ARISE.

"The number of persons who spend their summer vacations within the national forests is growing so rapidly," says Supervisor J. M. Schmitz of the Wenaha reserve, "that the question of providing pasturage for their saddle and pack animals is becoming a problem."

"Campers naturally seek the spots where water is close at hand and where horse feed is abundant. In the hope that their stock will not be tempted to steal away in the night in search of more tempting pasturage, in order to provide such spots the forest service must set aside limited areas from which sheep and cattle are excluded."

"In many instances particularly in the state of California, the forest service and the stock growers have cooperated in constructing small pastures for the use of tourists, who have thus been enabled to hold their stock on choice feed within enclosures without any cost or inconvenience. The aggregate acreage of forest land set aside for the use of campers is considerable, and it appreciably reduces the amount of land available for the pasturage of sheep and cattle, but presumably the loss is more than offset by the added enjoyment of the visitors to the forests. There is this difference, however, stock growers pay a fee for grazing their sheep or cattle, while campers secure free pasturage."

"But with the construction of pastures for campers' use, a new difficulty has arisen. The campers display a tendency to concentrate in the neighborhood of the pastures and to hold their stock within the fenced areas until the enclosures are entirely denuded of vegetation."

"In some instances it is pointed out, that large parties occupy choice pastures and remain there until the feed is completely exhausted, thus depriving later visitors of opportunity to use the pastures. While the forest service is reluctant to impose any unnecessary restrictions upon the free use of the pastures, forest officers are beginning to think that some form of regulation will have to be required."

Mr. Schmitz further states that it is entirely probable that in another year, some new rules will be issued governing the privileges of campers in Wenaha reserve.

### AN INTERESTING FACT

How \$10,000,000 Has Been Spent BY WHITBREAD IN ENGLAND

The famous house of Whitbread is established in England in 1743—to make a particular brand of English Ale and Stout from the finest barley, malt and hops to be obtained. The greatest English doctors recommended this particular Ale and Stout for mothers, invalids and those in a run-down condition, because the famous Whitbread matured themselves, in bottles only, this Ale or their Stout (or Malted Extract), which does not contain any artificial gas and is therefore most easily digested. It has given comfort to thousands of women. The most temperate people drink Whitbread Ale because it is not only a delicious beverage but a wonderful blood giver and tonic. Doctors, professional men and sleepless consume Whitbread to build up their systems and to narrow breakdown

due to overwork. So great has been the growth of this famous house that it now has a household word in Great Britain and forty factories have been built by Whitbread in Europe to bottle their own English Ale or English Stout to meet the present demand. The Whitbread Stout contains more hops than Whitbread Ale, and is consumed largely by those in a run-down and nervous condition. A glass of either the Ale or Stout with your meal at night time will give you that restful sleep. A trial from your local dealer will convince you of the wonderful merits of Whitbread, but do not accept any substitute as Whitbread Ale or Stout are entirely different from all other English Ales or Stouts, being matured only in England to America.

### A BEEF ANIMAL

asked by the state's attorney to consider the case.

The arrest of Miss Bliss was made by deputy sheriffs as she was about to depart on an Illinois Central train for Chicago. Her hands were upon the guide rail of the Pullman door when a deputy touched her on the arm and flashed before her a court order for her arrest.

Only a few moments before Judge Campbell had taken the case from the jury, which had listened to evidence for three days, and ordered Miss Bliss to pay court costs of \$1,300.

The perjury action followed the introduction of testimony for the lawyers for the defense to the effect that Miss Bliss had been arrested once at Port Huron, Mich., for the theft of furniture. Alexander Moore of Port Huron, formerly city prosecutor, gave testimony in support of this and added that the woman had been fined \$25. Previous to Moore's statement the plaintiff had been asked regarding an arrest in Michigan. She denied ever having been detained there by the police, but admitted she had been arrested for a minor offense in Canada. Miss Bliss was recalled and admitted the truth of the former prosecutor's assertion.

Kankakee has been aroused by the suit against Latham. Letters were introduced as having been written by the aged defendant, some smacking with words of endearment. Miss Bliss responded to the importunities of her suitor in one instance. It was shown by investing in a carload of furniture for her brother in the north. She expected Latham to pay for this. He never "made good" his promise to pay. Then the suit against him was filed.

### HERMISTON NEWLYWEDS WERE GIVEN THEIR DUE

(Special Correspondence.)

HERMISTON, Ore., Oct. 14.—Doctor C. O. Wainwright who came to Hermiston about a year ago and who has become very popular here, was married Sunday to Miss Norma Gladstone Hermiston's milliner. While it was the general belief that a wedding of these two popular young people was an assured fact in the near future, yet practically no one thought Sunday would be the day. Rev. Emmel performed the ceremony at the home of the bride's sister, Mrs. O. H. Thomas and the happy couple left for Portland on No. 1 yesterday morning.

About fifteen minutes before train time the fact of the wedding became known and a lively rush for rice and shoes took place. The newlyweds received a good supply of both before the train left and to be sure they would not be overlooked after leaving Hermiston friends at Umatilla and Hood River were wired to (as the train makes over five minutes' stops at each place), so that they might be looked after at these places. A wire was also sent to the Orlando apartments at Portland where many old Hermiston residents are located that they might meet the train on its arrival so doubtless they were well received in Portland.

T. W. Kellogg has returned from Boise where he attended to some recreation business. A large crowd of out of town people were here Sunday enjoying the good hunting characteristic in and about Hermiston. Many ducks answered the shots of the hunters. Oliver P. Morton, government attorney from Portland, spent the latter part of last week here looking after government matters. F. B. Swartz was a Pendleton visitor Saturday. J. T. Hinkle and Mrs. Hinkle went to Pendleton Saturday, returning on the motor in the evening. T. W. Sapper has returned from Echo where he had contract work. Friday evening the young people of Hermiston gave the first of a series of dances and a better party has not been known here in a long time. All present insisted that similar dances be held every two weeks through the winter and from the success of this party, their wishes will likely be granted.

Otto G. Sapper was in Pendleton Monday looking after business.
