Troubles of Non-Blooming Trees.
Over Stimulation from Water, Manure, or Pruning Frequently the Cause.
OREGON AGRICULTURAL COLLEGE, Corvallis, Jan. 25.—It frequently happens that trees apparently healthy and vigorous refuse to blossom or bear fruit. This, according to Professor Lewis, chief of the Oregon Agricultural College division of horticulture, is generally owing to the vitality of the trees. "If your trees are on rich soil," says Professor Lewis, "or if there is too much manure or irrigation water used you may force them entirely into wood. This condition would be apt to be true with many of our apples, in which case it may be years before they will bear. Yellow Newton, Northern Spy, King of Tompkins County, and in fact many of the ap-

A Hint for Coming Maternity
In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons. It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delightedly told how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly. It is used very successfully to prevent caking of breasts. "Mother's Friend" has been prepared in the laboratory of Bradfield Regulator Co., 204 Lamar Bldg., Atlanta, Ga., for more than two generations and can be had of almost any druggist from coast to coast. Write to-day for the little book.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

MAKE IT THICK, GLASSY, WAVY, LUXURIANT AND REMOVE ALL DANDRUFF.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

ple varieties grown in and near Portland, if taken too good care of and over pruned, will not bear, at least not until quite old. "The remedy is to let up on the pruning; to prune twice a year distributing the pruning between the early spring and the middle of June to the middle of July. Do not water too much and go sparingly on manure. Sometimes these trees are in chicken yards, where the ground has been kept quite moist and is pretty heavily fertilized. Trees under these conditions often do not succeed. "With the cherry trees that bloom and fall to set, I am almost certain that the trouble is pollination. The Black republican can be grafted into those trees and will help them to set, or you can use a special strain of Waterhouse, which can be secured from Eugene, which will help these trees to set a crop." Kisses are the coupons clipped from the bonds of love.

SALTS FINE FOR ACHING KIDNEYS

WE EAT TOO MUCH MEAT WHICH CLOGS KIDNEYS, THEN THE BACK HURTS.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
