CITY OFFICIAL PAPER

TRIPLE ALLIANCE FOR TONIGHT IS CALLED OFF

GET TOGETHER MEETING HELD IN FREEWATER

Commercial Club of Freewater Entertains Delegation From Pendleton and Walla Walla.

CLUB'S MEMBERSHIP IS MORE THAN DOUBLED

Meeting Ushered in What is Expected to be Unprecedented Era of Public Spiritiveness.

The membership of the Freewater Commercial Club was more than doubled, an era of good feeling was ushered in, harmony between that town and Milton presaged and a future closer cooperation between that section and Pendleton was given headway at a banquet last evening at Freewater when the commercial organization of that city played host to their own membership, representatives from the Walla Walla association and a delegation from Pendleton.

The meeting was the signal for the loosening of much enthusiasm, good feeling and in the ushering in of what is expected to prove an unprecedented era of public spiritiveness on the part of the metropolis at the northern end of Umatilla county.

The speakers at the meeting that followed the banquet included Mayor George A. Hartman of Pendleton; Secretary L. L. Lynn of the Walla Walla Commercial Club; Rev. George L. Clark, pastor of the Presbyterian church of Pendleton; G. H. Bishop, city attorney of Freewater; E. S. Howe, president of the Freewater Club; J. J. Davis of Freewater; Attorney Frederick Steiner and Secretary Claude I. Barr, both of Pendleton.

The meeting was held, Toastmaster J. P. Siver declared, for the purpose of increasing the membership of the organization and getting all the pointers and aid possible from neighboring cities to assist in solving the problems of the Freewater club.

An opportunity was presented Freewater guests of the club to join the organization and twenty-four men were added to the list, which brings the membership up to 44. Further efforts to swell this list were foreshadowed in the enthusiasm that was displayed by the men.

Gives Organization Ideals. Secretary Lynn of the Walla Walla organization, dwelt broadly on the ideals of commercial bodies and used the quotation from a noted expert for the keynote of his speech: "No matter how successful you are, no matter how high your character, you are not a good citizen unless you are doing something for your community."

A review of the different stages of the upbuilding of society together with the causes that worked to bring about the gradual evolution of the forces of mankind were considered briefly. Many new discoveries in the early days of civilization that he could not live alone, but that he must cooperate with his fellows, the speaker declared. The four vital principles that must be present in the successful commercial organization, according to Mr. Lynn, are vision, spirit, service and self-sacrifice.

Urges Constructive Work. Mayor George A. Hartman, speaking as a representative of both the Pendleton Commercial Association and the city, in response to the address of welcome given by City Attorney G. H. Bishop of Freewater, urged that the rejuvenated organization keep to a constructive policy.

"One of the difficulties that every organization has to overcome is the

Helen was one of several little girls sent home from school by their teacher because their knees were bare! This is the dress Helen wore. Do you think it's immodest?

NEW TARIFF BILL PROVIDES FOR INCREASING ON GRAIN BAGS; FARMERS WOULD LOSE

WASHINGTON, April 15.—(A. P.)—The new tariff bill will increase the duty on jute grain bags, thus tending to raise the price the farmers of the west will have to pay for bags.

Word received here from Frank Ira White, manager of the foreign trade department of the Portland Chamber of Commerce who says that the view taken by the Portland chamber is that there should be no change in the present duty on bags. It is set forth by Mr. White that 70 million Calcutta bags are used annually by the farmers of the Pacific coast, of this amount 35 million are imported direct from Calcutta and the remainder are manufactured in this country out of imported burlap. There is no duty on burlap at present but a 10 per cent duty is imposed on finished bags. It is the Portland view that to increase the duty on bags will merely force farmers to pay more for bags at a time when they are hard hit by the decline in the price of wheat.
