CALENDAR OF EVENTS
 Oct. 4—Entertainment Union at dinner by Pilot Rock Commercial Association.
 October 7—Seventh Annual Dairy and Hog Show, at Hermiston.

Fined in Police Court.
 This morning in police court Roy Montgomery and E. D. Seibert were fined \$5 each on charges of speeding. Oscar Moore received a fine of \$10 for being drunk.

Get Building Permits.
 Permits for building have been issued at the office of the city recorder to V. Moore for alterations and repairs to his dwelling on Lincoln street. The improvement will cost \$800 according to the permit. Eva L. Tate has secured a permit to construct a chimney on her dwelling on Tustin street.

To Demonstrate Tractor.
 Robert Simpson and J. H. Sturgis went to Barnhart today where this morning they started the work of chopping silage on the Sturgis ranch. A large acreage of sunflowers was grown on the ranch this year, and during the coming week, demonstrations of silo filling for which a Fordson tractor furnishes the motive power will be given. The sunflower crop is said to be of excellent quality, some of the plants reaching a height of 15 feet.

Legion to Meet.
 After a vacation during the months of summer, Pendleton Post No. 23, American Legion, will resume its activities for the winter season when a monthly meeting will be held Monday evening at the club rooms of the library. Many important matters will come up for discussion, according to P. L. Ideman, post commander, and a large attendance is sought for the opening meeting.

They'll Eat Pheasants.
 Knights of Pythias will combine business and pleasure Monday night when a China pheasant feast will be enjoyed by the membership. The meeting of the lodge will be held first, at which time a class of seven in the page rank will be given work. Following this session, an adjournment will be taken to the Jolly Inn where the feast will be served. A delegation of 20 of the keenest of the lodge members has been formed to go out after the birds, and they have promised to provide well for the rest of the family.

After Traffic Violators.
 That there is constant violation of traffic rules in Pendleton which will have to stop if prosecutions are to be avoided by citizens is a statement made by William Lyday, traffic officer. The city council took up the matter of loafing on the sides of the main streets longer than the law provides, at its meeting Wednesday night, and instructions have been given to cause the arrest of drivers who permit their

machines to remain improperly parked above the time limit. Parking cars outside of the painted lines on the pavement is another matter which will be carefully checked, according to Lyday.

Endorsement Given.
 Endorsement of The Lantern, high school paper, was granted last evening by the merchants committee of the Commercial Association. The Lantern's solicitors have been granted the right to solicit advertising at 25 cents an inch, one-half the rate charged last year.

Judges Are Chosen.
 Dr. C. W. Lassen of this city, has been chosen as judge for the exhibition of horses at the Hermiston Dairy and Hog Show, to be held next Friday and Saturday. N. C. Jamison, assistant in dairying at O. A. C., will judge the dairy cattle. The judge of the swine has not yet been announced.

Damages Caused By Blaze.
 A fire in the office of the Pendleton Auto Co. early this morning caused the fire department to make a run. The damage done was confined to two desks in the accessory department at the back end of the establishment. The cause of the fire is unknown. The smoke was very dense, and this gave the department some difficulty for a brief interval.

Take Indians For Fair.
 That the community of Richville, Wash., has a number of hunting citizens is demonstrated by the fact that this morning they bought 12 cars and a speed wagon over here and transported a number of Indians from the Umatilla Reservation. The Indians will appear at the Adams County Fair at Richville October 6, 7 and 8. In addition to the fair, the community will stage a round-up, and the assistance of the Indians was sought for this purpose.

Loan Feature to Help.
 The first concrete evidence of the relief in the housing situation which is expected to result from the new money that will be available for the purchase of homes and farm property from the Soldier Loan Act was presented yesterday, according to a local business man, when an ex-service man paid off a mortgage on his home. The ex-service man declared that he had secured a temporary loan from a friend to carry his indebtedness until he can secure the loan. The money thus released was immediately loaned to another friend who was anxious to secure assistance.

Poultry Demonstrations.
 Tuesday and Wednesday have been named as the days for poultry culling demonstrations in the west end of the county. H. E. Cobble, poultry specialist, will be assisted by Fred Bennell county agent, who has also had experience along this line. The Tuesday demonstration will be at 9:30 a. m. at the poultry farm of W. A. Ford, of Umatilla, the largest individual poultry raiser in the county, and at the E. E. Graham farm at Columbia, at 1:30 p. m. The remainder of the time for the two days will be spent visiting various poultry farms and in urging farmers to raise good quality poultry.

Dinner Is Given.
 Levi Eldridge, of Pilot Rock, was host on Thursday evening for a stag dinner in honor of members of the Elkhorn Club and additional guests. The dinner was given at the Eldridge home in Pilot Rock, a bountiful meal being served by Mrs. Bertha Elman, Mrs. Velma Pound and Mrs. Paul Agildus. Cut flowers adorned the table and deer horns were used on the walls. Mr. Eldridge was presented with a fine rifle as a gift from the guests. Covers were laid for L. C. Scharpf and Dr. Fred Leavelle, of Pendleton, Fred Most, of Helix, Dr. Oscar DeVaul, Charles Best, Paul Agildus, Dr. H. A. Schneider, Jink Jaques, James Truman, Ed Ness, M. D. Orange, Will Glass, Newt Royer, Walter Albrecht, Albert Kinneson, C. W. Paulus, E. T. Panning, L. D. Roy, Charles Eracher, E. B. Casteel, George Carnes and George Done, all of Pilot Rock.

Lecture Much Enjoyed.
 Intimate glimpses of Brazil were given to the audience at the Women's Club lecture last evening at the county library by Colonel Charles Wellington Furlong, F. R. G. S. Colonel Furlong, who chose as his title "Brazil, the Land of the Southern Cross," has visited four continents and has spent years in travel and research. He has lived among the peoples he describes and has studied both lands and people. His material last evening, was most novel and was attractively illustrated by stereopticon slides. Some of the pictures shown were scenes in the vast rubber country of the Amazonas and the great rubber port of the Amazon, Beira-Para. He showed also visits to the cities of the Brazilian coast, the Brazilian Venetian, Bahia during carnival; Santos, the world's greatest coffee port; Sao Paulo with its largest municipal opera house in the world; Rio de Janeiro, the most beautiful city in the world; the mountain and valley, behind Rio and the unequalled Tijuca Drive.

Ask Dave.
 Will Hays, postmaster general, after a personal investigation, as shown above, is convinced that David Garvey knows everything who has installed him in a general information bureau for Washington visitors.

GET A GOOD GRIP ON HEALTH
 Look out for the unnatural weakness that indicates thinning of the blood and lack of power. It means that your bodily organs are starving for want of good nourishment; that the red corpuscles are fewer, unequal to demands of health. Hood's Sarsaparilla increases strength of the delicate and nervous, restores red corpuscles, makes the blood carry health to every part, creates an appetite. If you need a good cathartic medicine, Hood's Pills will satisfy.

EXODUS OF SOUTHERN ROYALTY IN GERMANY

BERLIN, Oct. 1.—Germany is becoming a favorite tourist ground for Indian royalty and the great numbers of Indian potentates who are visiting Berlin is arousing much speculation here.

More than twenty Indian princes accompanied by their wives and large retinues of servants have visited this capital within the past few weeks. Indian royalties are tactful as to their motives and it is difficult to gain their confidence. When questioned as to their visit they smile enigmatically or give such excuses as "business" or "traveling for pleasure."

In some quarters belief was expressed that the revolutionary outbreak in the Malabar district of India may have been one of the causes of the exodus of Indian royalty, but when the princes were pressed especially upon this point they were silent or else professed to know nothing except what they had seen in the Continental newspapers.

There are indications, however, that at least some of the Indian visitors are pursuing a policy of "safety first." They have brought as much as possible of their portable fortunes from India, consisting mainly of precious stones and gold. If anything should happen in India they will have a double advantage:

- 1.—They will not be left penniless.
- 2.—They will not be in a position where they can be accused of complicity in troubles.

Germans Welcome Them.
 The British are reported to have attempted to persuade some of the Indian potentates from visiting Germany. The Indians were told that the Germans hate them because of the part they played in the war on the side of the allies.

The first of the Indians to visit Berlin were cautious, not knowing what their reception would be. But as the

Notice of Death

Old Mr. Sam R. Slump is dead. May he never live again!

He has been for many years, during the summer, a faithful attendant at the Bible School services. But never more!

His death has been caused by PEP, which has three outstanding features:—Preparation, Enthusiasm and Persistence.

Come Sunday at 9:45 to Bible School and you will be caught in an EPIDEMIC most contagious, and also learn how Sam R. Slump came to his timely end.

Signed by the SUPT. of Inoculation and the (ad-) Minister of the Antiseptic.

P. S.—The funeral services will be held on Sunday, October 16, 9:45 A. M. Rely Day. "Go-To-Church" Sunday aim, 500.

Germans had apparently forgotten or re- vised had decided to overlook India's part in the World War the visitors received a cordial greeting. Since then the Indian princes have come in increasing numbers.

It is reported that some of the Indian royalties have made large investments in Germany. If this is true the money would be beyond the reach of British confiscation in the event the malcontents in India were able to make serious trouble.

There is a boycott against English goods in some parts of India as a result of the political agitations in that country, but so far as can be learned, the Indian visitors to Berlin have not given it any support. The money spent here was evidently in investment form and not for goods to be shipped home.

Persons conversant with Indian affairs say that the Mohammedan population of India is angered, because Great Britain has given assistance to the Greeks against the Turks. But the political troubles in India date back before the Turco-Greek war began.

MAY BE DRAWN AGAINST BY EITHER

This convenient and practical method of using the family income is increasingly popular and when once tried is usually followed afterward.

Not a few misunderstandings between husband and wife have their origin in disputes over money. By making the common funds accessible to either and making both responsible for their economical use, there is not likely to be any trouble from this source.
