Despite the possibility of difficulties in railroad transportation owing to the strike of railway men, Chairman Schmitz stated that a larger attendance than at any previous reunion is indicated.

With bug 'one' business meeting scheduled during the two day reunion, the balance of the time will be given over to banquets and entertainment features. Each of the several regimental, battalion and company organizations within the association are scheduled to hold a banquet in addition to the great divisional banquet to be staged as one of the principal features of the celebration.

Certificates prescribed by the railroads are being distributed to members from reunion headquarters so they may obtain the benefit of reduced railroad fares. Chairman Schmitz stated that 4600 badges and certificates would be sent out to members and their families throughout the ninth corps area.
