Epitome of Telegraphic News.

[COMPILED FROM THE OREGONIAN.]

DATES TO DECEMBER 12.

New York, Dec. 11.—The cavalry is to be re-organized. No men to be mounted until instructed one year. One-third of the cavalry force will be kept as recruiting regiments, with only enough horses for instruction.

Washington, Dec. 11.—Official information has been received at the Department of State of the adoption of the Constitutional Amendment by the Legislatures of the States of Illinois, Rhode Island, Michigan, Massachusetts, Ohio, Missouri, Pennsylvania, Nevada, Connecticut, West Virginia, New Hampshire, Indiana, Vermont, Louisiana, Arkansas, Tennessee, South Carolina, Virginia—23 States. Telegraphic information has been received of the adoption of the amendment by North Carolina, Georgia and Alabama. No information of any kind has been received of its adoption by California or Oregon, Florida, Mississippi and Texas. Official information of its rejection by New Jersey, Delaware and Kentucky, has been received.

New York, Dec. 11.—The Macon, Georgia, Journal has a letter from Milledgeville saying that Provisional Governor Johnson has received orders from Washington to retain his position until further instructions. He is ordered to issue certificates of election to Georgia Congressmen.

Gov. Parsons, of Alabama also received despatches from Secretary Seward, on the 5th, congratulating him, the South, and the country, in the President's name, on the adoption by Alabama of the Constitutional amendment, which completes the number of States required to make it the organic law of the land.

New York, Dec. 11.—Among the charges against Col. O'Mahoney, President of the Fenian Brotherhood, are, violating his oath in refusing to communicate with the Senate, refusing to enable the standing Finance Committee of the Senate to obtain the books and accounts; having placed in official position and salaried several persons who had been rejected by the Senate; having used bonds with his name on them, his agent having spent money by paying an immense sum for a mansion on Union Square, and having refused to pay over to the Secretary of War money that had been appropriated for war purposes by the Senate. It is also alleged that large sums of money have been used for speculating in gold. The charges against B. B. Killican, Secretary of the Treasury, are perjury and malfeasance in office in refusing to pay money when ordered, and paying out large sums when there was no authority.

At a convention of delegates from the Fenian Circles, held on Saturday, an address was adopted endorsing O'Mahoney as foremost among the noblest, truest and most earnest defenders of the cause, and repudiating the authority and condemning the action of the Fenian Senate.

Washington, Dec. 11.—The State Department received by the last steamer from Europe important dispatches from our Minister to England. There is strong reason to believe that England will back down from her position on the pirate Alabama, and at once agree to a quiet and amicable adjustment of the question in dispute. The temper of the last dispatch from the State Department, which emanated from the President himself was calculated to open the eyes of the English Government.

New York, Dec. 11.—The Herald's special dispatch says that the evacuation of Chihuahua by the French is fully confirmed by an official letter just received from the U. S. Consul at that city. This movement of the French is construed to mean that their Commander has abandoned the idea of holding the frontier in close subjection to the Imperial Government until the army is increased by foreign enlistments. The Mexican Legation in Washington have also news to the same effect. Their sanguine interpretation of this is, that it is Maximilian's intention to send them back to France.

Washington, Dec. 11.—In the House Blair introduced a resolution reimbursing the loyal States for the money advanced and debts contracted for the preservation of the Union. Elliot introduced a joint resolution which was referred to a select committee, defining the position of States in rebellion, and position of Congress in relation to them. Schenck introduced a joint resolution declaring against the attempt to establish a hierarchy in Mexico, and requesting the President to take such steps as will vindicate American policy and protect her honor and interests. Referred to committee on Foreign Affairs.

Jenkins introduced a bill re-establishing a uniform system of bankruptcy code. Referred to special committee. Vanhorn introduced a resolution instructing committee on Foreign Relations to inquire what measures and means have been taken on the part of the United States to restore to Mexico the free and unrestricted right to a Republican Government. Laid over.

Washington, Dec. 11.—About four hundred editorials on the President's Message, have been received at the White House, and about

99 per cent. of all heartily endorse the President's policy from the start, and recommend the measures he proposes for the future.

New York, Dec. 11.—The Herald's Washington dispatch says a letter received from London speaks of the arrival there of George Saunders, and of his visiting several important persons. He informed these persons he was sent by Jeff. Davis in 1862 to negotiate with Napoleon for the recognition of the Southern Confederacy, and was accorded two interviews with the Emperor, and that the invasion of Mexico was undertaken in pursuance of a plan then agreed upon, for which Napoleon insisted on being secured in the possession of Sonora, Sinaloa and Lower California. Saunders adds that he remonstrated and offered much greater inducements than Mexico presented, but the Emperor would not consent to anything else.
