

OREGON MOTORISTS TO CONTRIBUTE BIG SUM TO ROAD FUNDS

Oregon motor vehicle owners will contribute approximately \$5,000,000 to ward the state fund for the construction and maintenance of good roads through the medium of licenses and fees during 1920, Sam A. Koser, deputy secretary of state, states.

Approximately \$2,500,000 of this sum, it is estimated, will be poured into the coffers of the state in the form of licenses for the privilege of operating automobiles, trucks and motorcycles within the state and another \$500,000 will be contributed in the form of the tax on fuel oil.

Complaints which have arisen in certain sections of the state because of the radical increase in motor vehicle licenses for 1920 over those for 1919 are met by the argument that the increase is in large measure offset by the personal property tax exemption.

STATE MUST ABANDON PHEASANT PROPAGATION UNLESS COURT ACTS

A modification of the recent decree of Judge Bingham of the Marion county circuit court enjoining the state from proceeding with the purchase of the Reddish farm in Lane county for game propagation purposes will be asked in an application to be filed by the state fish and game commission this week.

Judge Bingham's injunction was issued on the strength of a suit brought by one H. H. Holmes alleging that the state fish and game commission was without authority to consummate the purchase which involves the expenditure of some \$7,500 of state funds.

A tall, slim bandit in the trio was thought by some of the victims to fit descriptions of William L. Carlisle, Wyoming train robber, but police officials do not believe Carlisle figured in the raid.
