

# SALEM AFFORDS READY MARKET FOR PRODUCTS

"Tell the truth—that's good enough."  
The Marion county community federation, in preparing a booklet on resources in this county, is adhering closely to this slogan. The Commercial club, the Business Men's League, and other civic organizations use this as a keynote to all their meetings.

Market for Everything  
Yesterday a stranger came to town. He wanted to know what Salem was doing for its betterment. When he was told he doubted it. But, upon investigation, he determined to make this his home for all time.

He was told that Salem is the best market for standard produce within a radius of 1000 miles. "Impossible," he exclaimed. "Take Portland."

It's hard to believe, but that's the truth.  
For every vegetable grown in the county there is a market in Salem. For every fruit there is a possibility of sale to the local dehydration plants—the Salem Kings Products company.

The farmer may raise a few sheep. All this wool can be used in the Thomas Kay Woolen mill, one of Salem's most enterprising industries. He doesn't have to ship it miles to a market. All this is the truth.

Every good hemlock, white fir and spruce that grows in the forest of Marion county will be used by the Oregon Paper & Pulp company. The firm is local and believes in using local timber.

Much of the paper made at this mill is used in Salem. Bakeries use tons of it annually; printers use much.

The Chas. K. Spaulding Logging company furnishes a ready market for logs of all kinds. The timberman doesn't have to tie up his boom and float it down to Portland, or elsewhere.

Gloves Bear Mark  
It is said that it pays to advertise. Every glove that is sent from the Gleason Glove factory here bears the Salem label. And so with every bottle of Applju, Loju and other drinks manufactured in our plants here.

Fruits sent to ports in all parts of the world by the Salem Fruit Union do not go unless christened with the name of the Capital city.  
All the nation is closely watching the paving operations of the county. Recent issues of eastern magazines ran pictures of the Marion county paving plant and a strip of new highway laid near Liberty.

The Truth Enough  
A farmer may raise hogs, cattle or sheep. He isn't compelled to load them on a car and send them to an outside market. The Valley Packing company can use them.

And so on with every article made for sale in the country surrounding Salem. There is a market here for it. There are many other things that could be mentioned. But, as the stranger believed, it might all be taken for bunk if the analysis of opportunities here were continued.

Just tell the truth—that's good enough; then it might be well to be conservative.

# THEATERS OFFER BIG THANKSGIVING BILLS

Violating with each other in an attempt to attract the holiday crowds, the local theatres have booked exceptionally good productions to be shown on Thanksgiving. At the Oregon, George Leone Tucker's super-production "The Miracle Man" which has played to capacity houses in every city in which it has been shown, will show continuously.

Accompanied by the Warritzer Hope-Jones organ, the prospects are that the theatre will have a phenomenal attendance all day.

Across the street at the Bligh, those who prefer vaudeville to the screen drama, will have the opportunity of witnessing some of the best in that line of amusement. The roster Play-ers are scheduled to appear in a clever production and a Charlie Chaplin film always a favorite with audiences, will conclude the performance. Anita Stewart, the beautiful star of "Virtuous Wives" and "A Midnight Romance" will be seen in her latest release, "Mary Regan" at Ye Liberty. A snappy comedy will follow, relieving the tension caused by the superb dramatic situations with which the drama abounds.

PLANS TO BUY FOOD  
Washington, Nov. 27.—To insure reasonable prices on important food articles including bread, pork, sugar and milk, the Danish government is preparing to spend about \$13,000,000, it was learned here today.

Lawson Sent To Parliament From Durham; Others Wait  
Durham, Eng., Nov. 27.—John Lawson, laborite candidate, running on a platform favoring nationalization of industry has been elected to parliament from the Chester street division of Durham in the recent bye-elections it was announced officially. His majority was given as 12,525.

The announcement was the first official statement in connection with the four bye-elections held November 13. Two more announcements will be made giving official results of balloting at Croydon and Thanet. The fourth—and most interesting—that regarding Lady Nancy Astor's candidacy will be made Friday.

A Fool At 40  
It is an old proverb that every man is either a fool or a physician at 40. Well, I fooled along for 40 years in the practice of pharmacy and the study of medicine and therapeutics before I discovered the wonderful prescription for Number 40 for the Blood. There is more of this wonderful prescription sold and used by the citizens of our home city than all other blood medicines combined. It is indicated in all depraved conditions of the system. In blood poisoning, in sores, ulcers, eczema and skin diseases. In chronic rheumatism, catarrh of the stomach, kidney and liver troubles. J. C. Mendenhall, 40 years a druggist. Houston, Texas, Jan. 22, 1919. J. C. Mendenhall, Evansville, Ind. Dear Sir: "Having suffered from 12 to 18 months with a nervous breakdown, said by physicians to be sciatic neuralgia, causing general toxic poisoning and seeing your advertisement in the San Antonio Express, I called on Dr. A. M. Fisher, druggist. He recommended your prescription Number 40 which I have been using for three months and have received great benefit from it. Sleep well, good appetite, have gained several pounds in weight, get up feeling fresh every morning. Have no pains. My nervous system has become nearly normal." Respectfully, J. L. Dupree, 1715 Common St. Number 40 is sold by Schaefer's drug store. (Adv)

London, Nov. 26.—Great Britain will remain an "island" for at least half a century, American prohibition workers here admitted today.  
The British are "not ready for prohibition," in the opinion of the American dry leaders.
