SPORTS

The Pi-Ume-Sha Rodeo Royalty is Princess Sonia Heath (left) and Queen Shana Johnson (right). Each will be at the annual two-day rodeo which will begin Saturday at 1 p.m. The rodeo promises to be full of

excitement and action. Admission is \$3.00 for adult, \$1.50 for children. Senior citizens will be admitted at no charge.

Squiemphen leading in barrel racing

C.R. Squiemphen is out to a quick lead in the girls barrel race after four WSIRA sanctioned rodeos. Out of four rodeos she has won three and placed second in one. Winning the Tygh Valley rodeo, the White Swan, placing second at Klamath Falls and first at Schurz, Nevada. Coming up in close succession are the Warm Springs Treaty Days rodeo, the Hoopa, California rodeo and the Fallon, Nevada rodeo where the competition is tough and it gets tougher right along until the finals in autumn.

Other locals in the standings to date are Anson Begay, tied for 6th in the steer wrestling, 6th in the wild cow milking and is 14th in the all-around standings. Shana Johnson is 6th in the girls barrel race standings. Ron Clements and Hobo Patt are 13th and 14th in the team roping.

The treaty days rodeo here in Warm Springs the stock contractor is the Sombrero rodeo stock from Sisters, Oregon. The two day show will feature both afternoon performances starting at 1:00 p.m.

The books open June 17, and close at 8:00 p.m. June 18, a purse of \$400 will be put up in each major event. \$75 purse will be put up for Jr. Barrel racers 12 years and under also for the kids calf riding. A limit of 16 calf riders will be permitted, and 8 teams in the wildhorse race. Two loops, enter twice in the team roping. The entry fee for the major events is \$40, and \$40 per man in the team roping and \$75 for the wild horse race.

There will be jackets for all event winners and the all-around champion. To win a notch on the revolving trophy for the all-around a cowboy must place in timed and judged event. All contestants horseback must enter the grand entry.

The Hoopa Rodeo Association will have Dick Hemsted rodeo stock, with the seven major rodeo events. Bulling riding is limited to 24 entries, one go in each event except for the wildhorse race. There will be a contestant fee of \$7.

All seven major events, will have entry fee of \$50, and \$50 per man in the team roping. The books open June 23, from 10:00 a.m. and close June 24, at 8 p.m.

The Nevada Indian Rodeo Association will hold their rodeo July 18, 19 and 20. \$500 will be put up for saddle bronc, bareback, bull riding, calf roping, steer wrestling, girls barrel racing. There will be \$300 purse in the wild cow milking. The entry fee in all major events will be \$40. The Wild Horse Race \$60 a team. There will be short go and long in all events. Entries open July 14, from 8:00 a.m. and close July 15, at 9 p.m. All mailed entries should be postmarked no later than July 15, 9 p.m.

Coalition concerned with Hanford

Saturday, May 31, 1986, the Pacific Salmon Coalition, at a meeting in Richland, Washington, expressed grave concern that the selection of the Hanford site for exploration as a federal repository site for commercial high level nuclear waste was based on politics, not science or safety. "The siting of a repository at Hanford, only a few miles from the Columbia River and in a known major aquifer, just doesn't make technical sense. Our understanding is that the goal of the Nuclear Waste Policy Act is to find a site where there will be no risk of release to the human environment," said Jerry Pavletich, Co-Chairman of the Salmon Coalition. "The Hanford site appears to be the riskiest of all five sites that were under consideration. It doesn't make sense that we should spend billion dollars to investigate a site that we already know is less than the best."

Pavletich. "I know that the Columbia River treaty tribes are appaled by the Department of Energy's selection of the Hanford site. Frankly, the institutional momentum at the Department of Energy leading to selection of Hanford demonstrated complete arrogance to tribal concerns." The Yakima, Umatilla, and Nez Perce tribes have been formally designated as "affected tribes" under the Nuclear Waste Policy Act. "The Columbia River treaty tribes have fisheries depending on the Hanford Reach salmon, which are vital to the economic and cultural well-being of tribal members," said Wapato. The tribes of the western Washington area also oppose the designation of the Hanford site, according to Bill Frank, Jr., chair-

man of the Northwest Indian Fisheries Commission. "There is a definite link between the Hanford site, the Columbia River fall chinook, and the fisheries interests of the Puget Sound and the Coast," he said. Portland's Oregonian reported Thursday that Oregon's and Washington's Senators (all four) and numerous Representatives, both republicans and democrats, either expressed outright opposition to the Hanford site or strong words of caution. "If the issue is a political issue at the Department of Energy, then we can't ignore that fact," said Pavletich. "We can't sit idly by and trust that the Department of Energy will shield us from its own internal politics or the politics of Texas and Nevada."

The Coalition's membership, comprised of various sectors of the Pacific salmon industry, stands to be one of the groups most affected by repository siting. The fall chinook spawning in the Hanford reach of the Columbia River make significant contributions to ocean fisheries off the coasts of Washington, British Columbia, and southeast Alaska. These fish are also the backbone of Columbia River tribal commercial fisheries and provide increasing sport fisheries. In recent years, this salmon stock, one of the main beneficiaries of the United States/Canada Salmon Interception Treaty, has returned in record numbers to its spawning grounds just four miles from the repository site.

With the dance prize monies totalling \$18,000 and the drum contest prize monies totalling \$2,000 the 17th annual Northern Ute Powwow July 3, 4, 5 and 6 at Fort Duchesne, Utah should prove to be the powwow to attend.

For more information on the powwow, dancing contest and drum contest contact Sadine Chimburas (801) 722-5141, ext. 235; Luke Duncan (801) 353-4680, after 5:00 p.m.; Jane Taveapont tribal switchboard operator (801) 722-5141.

Categories in the dance contest will be the men's traditional and fancy; the ladies traditional and fancy; senior men and women; teen boys and girls traditional and fancy; junior boys and girls traditional and fancy.

Registration for the dance and drum competition will close Friday, July 4 at 10 p.m. No phone-ins or exceptions after closing.

Track teams wishing to compete on a modern, safe track must do so at schools other than Madras High School. The condition of the track and its antedated composition keep it from meeting Oregon School Athletic Association standards. Because the track is of poor quality and has a high injury potential committee of citizens is working hard at getting a new track built. The committee, chaired by Dr. Bud Beamer, feels a new track would benefit both students and community.

Run scheduled July 4

The Madras Sparklers will be sponsoring a 10 K run July 4 beginning at 8:00 a.m. A 2 mile fun run will also be held. Age categories for both races are 0-13, 14-19, 20-29, 30-39, 40-49, 50-59 and 60 years of age and up. Starting time for the 10K run is 8:00 a.m. Starting time for the two mile fun is 9:30 a.m. Entry fee is \$3.00. Each entrant will receive a pair of shoestrings.

Entry blanks may be picked up at the Community Center and Aherns Market. For more information call George Wilson at 475-2146 or Dan Ahern, 475-6818 or 475-7277. Other activities for the Fourth of July include: Breakfast from 8-10 a.m.; parade at 11:00 a.m.; city park fun from noon to 5:00 p.m.; fireworks at 9:00 a.m.

**Vote Tuesday
June 24
at the Community Center
on
2 year serial levy
for all-weather track construction**

Besides offering a good track for personal improvement for student athletes a new track would give community members a place to work out. A new track would, also, be profitable to the Madras and Warm Springs communities by drawing participants and their families to the area. Warm Springs Community Center assistant director Fran Moses-Ahern agrees there is a need for a good track nearby. "We would utilize it more," she says. The cinder now covering the track can cause injury, Moses-Ahern explains. Some parents have refused to let their children run on the Madras track for that reason. The Community Center would like to be more involved in the Special Olympics and Hershey recreational track meets. "Now we have to go to Bend," to practice, she adds. Wheelchairs cannot cross the cinder. The proposed track for Madras High consists of rubber-asphalt. It

Track needed at Madras High School

is unaffected by weather, requires minimal maintenance and provides a good cushion and good traction. The plans call for standardizing the length to 400 meters. The plan also consolidates all track activities into the center of the arena where audience members may easily view them. Now, spectators have to move to see some of the events. The original cost of the track was approximately \$151,000. Com-

mittee members have worked with engineers to pare the costs while still providing a safe and standardized track. Local contractors have, also, offered to excavate and give of their time and equipment to get the track prepared for surfacing again reducing costs. Local merchants have pledged \$15,000 towards the track upon approval of the track levy. With these contributions \$92,000 is still needed. The levy will ask for

\$108,000 because generally 17 percent of taxes remain uncollected which would bring the collected amount to the needed \$92,000. The voters will cast their ballots on a serial levy June 24. They will be asked to spend \$54,000 for two years on the track which is 19¢ per \$1,000 property assessed valuation. If approved the track would be ready for the 1986-87 school year. Voters are urged by track committee members to get out and vote.
