General Daniel E. Sickles refused Tammany's demand to decline a renomination for election to congress, whereupon the bosses put up another candidate against the veteran and succeeded in defeating him. The Republican candidate, Campbell, was elected, but he died last Thursday of Bright's disease.

Here is another moral for our free-silver Republican friends to digest. It is from the Philadelphia Press, the best of Republican authority: "Senator John P. Jones has done the Republican party the best service he could by leaving it. He represents the determination to secure the free coinage of silver and a silver standard with all their dangers. The Republican party never has favored this and never will favor it. It stands as it always has, for honest money."

The Examiner turned over its monster petition for the Pacific coast, for government ownership of the Central and Union Pacific railroads, to Hon. J. G. Maguire, the only Democratic congressman elected from California, for presentation in congress when the Riley funding bill comes up. Coos county ranks high in names subscribed in summing up Oregon's quota, being the highest except Portland and Multnomah county, and it crowds them. Coos county's lists numbered 1148 names and Oregon furnished a total of 13,928.

A Severe Wind Storm

Visited this section a little after midnight Saturday night—the worst for many a day. It broke in on us at that silent hour and poured forth almost ceaselessly for three hours, and then it came at intervals of quarter or half an hour, varying in fury, throughout Sunday.

At this place much uneasiness was felt, the houses generally shaking in such a manner as to cause fear, either to and for the occupants themselves, or for neighbors and friends. The damage resulting, however, was most agreeably light. One old unoccupied house at the foot of Henry street, known as the Armfield house, was lifted from its piers and broken somewhat. Asaph Alexson had about 300 bushels of potatoes stored in the building, the weight of which undoubtedly evaded further damage.

The Provitt Dean house, occupied temporarily by Robert Dean's family, shook fearfully and kept all awake and in dread. A window blew in and no lights or fire could be used, which added to the unrest of the family. The house stood the storm, however.

One or two families sought shelter in their woodsheds. Benham's woodshed, and out-buildings in other parts of town were wrecked.

Lyons' mill suffered to the extent of some of the roof blowing off and the breaking of a guy-rod on the smoke stack.

The road between this city and Myrtle Point was blockaded with fallen trees.

At Norway Will McCloskey's house was badly damaged, but the family escaped. The schoolhouse will probably have to be rebuilt.

The wind seems to have played most havoc at Myrtle Point. Steve Reed's house and barn were both wrecked. The Methodist church was lifted off its foundation and much injured, while other slight damage was visited all around the place.

On the lower river the storm raged fearfully, but not much damage is reported. At Bandon Perkins' barn was damaged; one end of the public water-tank was blown in; Sam McAdams' new blacksmith shop was turned "end for end"; the chimney at the new schoolhouse and scaffolding were blown down. The surf broke high over Table rock and for two or three miles up the river could be seen dashing above the sand hills. The shed at the old Von Peggart cannery was demolished.

The country roads, and in fact all the roads are blockaded by fallen trees, and in some exposed places, where the roots failed to yield, great trees were tilted off and leveled to the ground.

A large tree was blown down at Beaver Hill; mines, falling across a shed and destroying it, and close to a horse which escaped injury. T. A. King's barn on the isthmus was blown down, killing two yearlings, while other stock escaped.

All in all, this was the worst storm we personally have experienced on the coast.

Masonic Elections and Installations.

Chadwick Lodge No. 68, A. F. & A. M., held an election of officers at their meeting last Saturday night, resulting as follows: C. W. White, W. M.; S. J. Miller, senior deacon; John Goodman, junior deacon; N. Lorenz, treasurer; T. R. Willard, secretary; G. A. Brown, tyler. A public installation to all Master Masons and their families will be held Thursday night.

Beulah Chapter No. 6, O. E. S., at their meeting last Saturday afternoon, elected the following officers for the ensuing term: Cynthia Sherwood, W. M.; N. Lorenz, W. P.; Alice Tuttle, A. M.; Jennie Rose, conductress; Ora Maury, assistant conductress; T. R. Willard, secretary; J. H. James, treasurer. A public installation, to all Masons and their families, of these officers-elect, will be held at the hall Thursday afternoon, at 2 o'clock.

Billy Jenkins returned from Misouri this morning, having had a trip of varied interest, of sunshine, snow and storm. He left his family well, but makes a sad report of the condition of the country about Rolla, Mo., and in fact everywhere, except the river bottoms, as to shortness of crops and suffering by the farming communities in consequence. Many farmers are totally discouraged and are dispersing anywhere—everywhere—to try and save themselves.

Riverton Etchings.

Dec. 19.—Winter is here and with it rain, hail and snow. Ducks are plentiful, and many of the other boys as well as ourselves, have had good success in hunting.

Eddie White, who has been seriously ill with pneumonia during the past week, is now better. The bunker at this place is filled with coal ready for the Bandorille. The quality of the coal is improving as the mine develops. A number of men are continually employed at the mine.

O. A. Kelly has moved with his family into his new residence. John McLeod has moved his family into the property which he lately purchased from J. T. Chaney.

J. E. Martin has moved his family into the Russell Panter building. Price Bro's are expecting a new stock of goods for their store at this place.

The people of Riverton and vicinity will, hereafter, call for their mail in the new postoffice room in the new residence of Judge Kelly.

Mrs. J. E. Martin's niece of California is visiting her relatives at this place.

John McLeod is driving piles for a new boom for the Price Bro's. Dr. Kelly has improved his place by the purchase of a new lot and enclosing the place with a new fence.

Stacy Lee and John McLeod have improved their property by the erection of new barns.

Duncan Urquhart also has a new barn in course of construction.

It has been conceded, by all interested, that the lyceum at this place is and has been, ever since its organization, a grand success. Each night a full house has been in attendance. At the last election J. F. Lee was chosen president and Miss Sara Lee secretary. The subject for the next debate is, "Which is the more beneficial, horses or cattle." The lyceum meets Tuesday evening of each week.

There will be a Christmas tree and a grand literary entertainment at the schoolhouse Christmas eve. Everybody come and bring your best girl. BUSY BEE.

Shooting at Pistol River.

Report reaches us of a shooting scrape, and probable killing, which occurred at Pistol river last Wednesday or Thursday, our informant not being positive as to date. Jas. Ayerell came up to Gold Beach and gave himself up, stating that he had had a shooting scrape with James Starr, and may have wounded or killed him. His statement, which we get second-hand, it seems, is about as follows: He was going along a trail, when he met Starr, who immediately commenced to shoot at him. Ayerell, in attempting to load his gun, got a cartridge fast, and jumped behind some brush, Starr continuing to shoot. Ayerell getting a cartridge in his gun commenced to return the fire, and it was not long until Starr started off down the hill, and Ayerell says the last he saw him he was going down the hill, but he did not know whether he was hit or not. Circumstances lead to the belief, however, that Starr is dead. Diligent search has been made for him, and up to Sunday he had not been found. Bad blood has existed between the men for several months.—Port Orford Tribune.

Norway Notes.

Dec. 9.—Weather very bad. Last night about 3 o'clock the wind blew T. W. McCloskey's house off its foundation and badly wrecked it, breking the household goods up badly. The family escaped being hurt. The Norway schoolhouse was somewhat racked also, besides some barn roofs being partly blown off. R. C. Dement was up from Bandon last week. The population of Norway is increasing, owing to the fact that W. A. Hoover's home was blessed with a big girl last Tuesday night. The masquerade last night was a grand success and all enjoyed a night of pleasure. A number of Myrtle Point people came down and attended. Come again, Myrtle Point; we enjoy your presence. Ed had a pretty tough trip the other night, but pluck it, what does it, bring her up again, Ed, that's right. The dairymen are all anticipating attending the dairymen's convention at Coquille City next Friday. CLIPPER.

Verdict of Acquittal for Hatch.

Woodland, Cal., Dec. 7.—The jury in the Hatch trial was locked up at 1 o'clock, and at half-past 1 there was a knock on the door and the announcement was made that a verdict had been reached. The jury was called in, and announced a verdict of not guilty. There were three ballots. On the first the ballot stood 10 for acquittal and two for conviction. On the second only one stood out for conviction. On the third ballot it was unanimous.

"A Sailor's Story" appears on our first page today, from the pen of C. B. Owen, and it is quite readable. In view of the fact that the author is held for a crime in our county jail for trial at next term of circuit court, and is widely known from having recently escaped and been rearrested, the story will be received with additional interest. It is a whopper, but not more so than many which have given their authors wide reputation as being good story tellers.

GENERAL NEWS.

MUST BE IN A HURRY.
London, Dec. 2.—A Chee Foo dispatch to the Times says it is reported that the Japanese fleet is desirous of taking a more prominent part in the war. The fleet was seen off Wei-Hai-Wei, but has now disappeared. Wei-Hai-Wei is strongly defended. The Chinese fleet was still inside the harbor. Reinforcements are being poured in from the land side. General Chang is in command. He is a brave and competent officer and is assisted by several foreigners. The Chinese people fear that if peace is made the disbanded troops will commit outrages. In a few days' time all traffic north will close on account of winter. The Japanese will have to act quickly, if they intend to attack Peking. The last reliable report received in Chee Foo states that Japan has informed the American minister that she is willing to negotiate, if China sues for peace. This China has done, so an armistice is likely to be arranged.

A DEAD BODY ATTACHED.

Jacksonville, Fla., Dec. 2.—The people of Crescent City, Fla., a village 74 miles south of here, are wrought up over the conduct of A. A. Calhoun, proprietor of the Hotel Morrow. About five weeks ago Frank Bateman, aged 19, of Galesburg, Ill., in the last stages of consumption, put up at the hotel. A few days ago he died and his brother-in-law, Arkell, of Bloomington, Ill., came to take charge of the remains. He only brought sufficient money to meet his personal expenses. The boy had an income, but his weekly allowance to pay his board had not arrived. The undertaker and landlord were asked to wait for their money until the body had reached its destination. The former acquiesced, but the latter swore neither the remains nor its belongings should be moved till the board was paid, and at once swore out an attachment on the dead body. Young Bateman is well connected, and his father, now deceased, was once a member of congress from Illinois.

THE BEER TRUST BUSTED.

Chicago, Dec. 7.—Action was taken last evening dissolving the Chicago & Milwaukee Brewers' Association, or beer trust. A war of competition will probably be inaugurated.

FORGED AMERICAN BONDS.

London, Dec. 7.—A telegram from Belfast says 30,000 American school bonds have been placed in Ireland and \$195,000 in London during the last 10 years. A large amount of these securities are believed to have been forged work. The placing of the alleged forged securities is said to have been done by a member of an American banking house. One of the partners is reported to have absconded.

DEFAULTING BANK CASHIER.

Fort Worth, Tex., Dec. 7.—Cashier Brice, of the City National bank, is reported to be a defaulter in the sum of \$37,000. The loss has been made good, and the bank declared perfectly sound.

WANT THE JUDGE TO RESIGN.

Seattle, Dec. 2.—The one topic of conversation in this city today has been the action of the board of police commissioners last night in passing resolutions calling for the resignation of Municipal Judge Joseph M. Glasgow. The preamble of the resolutions declares that "the conduct of Judge Joseph M. Glasgow, municipal judge of the city of Seattle, has been and is now such as to bring discredit upon the court over which he presides and upon the administration of the laws of the city." Copies of the resolutions were given to Judge Glasgow and Governor McGraw. If the judge should not resign, it is believed the governor in his message will ask the legislature to investigate the matter. Judge Glasgow is a Republican, and the air is full of rumors about his conduct.

HOW THE MIGHTY HAVE FALLEN.

Cleveland, Dec. 7.—The use of the Cleveland Grays' armory for a lecture by W. C. P. Breckinridge has been refused.

VERDICT OF ACQUITTAL FOR HATCH.

Woodland, Cal., Dec. 7.—The jury in the Hatch trial was locked up at 1 o'clock, and at half-past 1 there was a knock on the door and the announcement was made that a verdict had been reached. The jury was called in, and announced a verdict of not guilty. There were three ballots. On the first the ballot stood 10 for acquittal and two for conviction. Flax Culture.

During the past season, a number of our farmers have raised crops of flax, and were able to realize from \$1.40 to \$1.50 per bushel therefor, and while the kind of flax raised by them was not the regular oil seed flax similar to what was grown in this section years ago, they were able to get very much better returns per acre than if the ground had been seeded to wheat. In relation to making contracts for flax for next year, the Portland Linseed Oil Works writes J. A. Bilyeu of this city as follows, under date of November 24:

"We have received a good many letters of inquiry from around Scio and Lebanon, about contracting flax for next season. Do you think it probable that we could get 1000 acres contracted around Scio and vicinity; price to be the ruling Chicago rate at harvest; or if arbitrary price was preferred, we would name \$1.50 per 100 pounds on the cars here. We have both the small and the large seed—the latter raised in the Palouse country where it runs from 11 to 18 bushels per acre, the general average being 13 bushels for the whole crop. They only sow two pecks of seed to the acre up there. Cleanup seed here costs \$3 per 100 pounds f. o. b. cars.—Scio Press.
